

The Great Majestic

The Range With a Reputation

Only Two More Days to Secure
That \$8.00 Set of Ware Free

Buy that New Majestic Range now, take it later if you wish. Get that beautiful \$8.00 set of kitchen ware Absolutely Free. Trade in your old range before it is too late. We are based below the government price on iron and steel.

Why is the Majestic Known as:
The Range With a Reputation?

Tuesday was Children's Day at the Majestic Range Demonstration. A High-Flier was given to each child turning in a written answer to the above question. Evelyn Baker won the \$1.00 prize for the best answer turned in.

"Because it is the best range in every particular on the market." Space does not permit printing all the answers, but following are the names of those deserving mention.

Mary Vifquain.
Elmer Bowen.
Alice Minton.
Catherine Murray.
Burt Hubbard.
Russel Bowen.
Margaret Sullivan.
Doris Lendt.
Frank Gallagher.

Grace Dolan.

FATALLY INJURED

Michael Kelley Died From Injuries Received When Horse Lifted Its Foot.

Verdgris Citizen: Michael Kelley, brother of Attorney Wm. P. Kelley, met with an accident last Wednesday afternoon, while plowing on the farm of his brother-in-law, H. P. Hansen, which resulted in his death at 2:30 Friday afternoon. One of the horses young Kelley was driving got astride of a tug and when the young man stooped over behind it the horse attempted to get his leg back inside the tug and in lifting his foot struck Mr. Kelley in the abdomen with its hook. The young man continued the plowing and done up his chores before he complained of being hurt, and it was not until near midnight that his condition was considered serious. Dr. Kucera was called and later Drs. Fletcher, of Orchard, were summoned in hopes an operation would prove effective but it was found that his injuries were of such a nature that medical aid would not save his life.

Michael had been working for Mr. Hansen for some time and was well liked by all who knew him. He is the youngest son of John Kelley, a pioneer of O'Neill where the body was taken Saturday, and interment made Sunday. The funeral being held there at 2 o'clock from the Catholic church. James Kelley a brother was down from O'Neill going back Saturday morning and Mr. and Mrs. H. P. Hansen went up in their car. Wm. P. Kelley got leave of absence and was able to attend the funeral.

Suggested Price For Husking Corn

At a recent meeting in Omaha of the State Executive Committee of the Federal Food Administration, a joint committee of the State Council of Defense and the Federal Food Administration was appointed by Gordon W. Wattles, Food Administrator for Nebraska, to take up the question of suggesting an equitable price to be paid for husking the corn crop which will soon be ready to be gathered in Nebraska. The following committee was named:

George Coupland, Vice-Chairman of Nebraska State Council of Defense.
T. P. Reynolds, President of the State Federation of Labor and member of the Nebraska State Council of Defense.
O. G. Smith, President of the Farmers' Congress.
C. H. Gustafson, President of the Farmers' Union.
C. W. Pugsley, Director of the Ag-

ricultural Extension Service of the University of Nebraska.

All the men named are members of the Executive Committee of the Federal Administration for Nebraska. After careful consideration, this committee unanimously recommends and suggests to farmers that the general price for husking in good corn shall be six cents per bushel and in addition to said price that machine unloading facilities be furnished the husker; also, that team, wagon, and board and lodging be provided. Where the corn is poor, the price shall be increased sufficiently to meet the equities in the case; and if machine unloading facilities are not furnished, those pickers who unload corn by hand shall be given an additional remuneration that will be fair pay for the work they do. In case the husker furnishes a team, the employer shall board the same.

The committee realizes the absolute necessity of loyal co-operation with the National Government in its endeavor to secure the harvesting of foodstuffs rapidly and with as little waste as possible. Nebraska's contribution to the Nation's needs must be loyal and heartily given. Employers and employees are called upon to do their part patriotically in the gathering of Nebraska's banner corn crop. The cry of the Nation is that FOOD WILL WIN THE WAR.

Housing Machinery Pays

Meet the rising price of machinery by making every machine last longer—this is an "economy" suggestion from the agricultural engineering department of the University of Nebraska. The life of a machine may be greatly lengthened by providing proper shelter, adjusting parts for wear, lubricating freely, and making prompt repairs.

Bedtime For Strawberries

It's time to put your strawberries to bed for the winter in a heavy blanket of straw just as soon as the ground is frozen hard enough to bear the weight of a wagon, say horticulturists at the University Farm. Coarse straw or very coarse, weed-free hay makes the best winter wrap for these plants. Manure is likely to heat and thus injure them. Fine material of any kind will smother them out.

Poultry House Whitewash

A whitewash that disinfects, kills mites, and brightens the poultry house is made as follows: Slack 5 quarts of rock lime with hot water to about the consistency of cream. To this, add 1

pint of crude carbolic acid or zenolem, and 1 quart of kerosene. Stir thoroughly, and dilute with twice its own volume of water. Apply with either spray pump or whitewash brush. When properly prepared, this solution serves three purposes: The zenolem acts as a disinfectant, killing the germs; the kerosene penetrates the wood, destroying the mites; and the lime whitens the walls, making the building sweet and light.

To The Public

We have moved to our new garage, the new Ford Garage just west of our former location, where we will be pleased to meet all our former patrons and such new ones as are needing the services of first class mechanics and first class work on their cars. We have installed new machinery and are now better able to fill the wants of the auto traveling public than ever before. We earnestly solicit your patronage.

R. L. ARBUTHNOT.

First Shipment Made Monday

The Red Cross Knitting Class of O'Neill and units made their first shipment Monday. They had some very nice knitting indeed. Their shipment consisted of sixteen sweaters, thirty-three mufflers, forty-eight pair of socks, thirty-two wristlets, twenty-four washcloths and one helmet. Ewing furnished five pair of socks, one pair wristlets, four mufflers, one sweater. Page furnished six pair socks, two pair wristlets, four mufflers. Stuart furnished twenty washcloths, nine pair socks, four scarfs, three pair wristlets, one helmet. O'Neill furnished twenty-eight pair socks, fifteen sweaters, six washcloths, twenty-six wristlets, twenty-one mufflers.

I wish each society could make a big effort to make more sweaters. We need them the worst. I know what a drawback the yarn has been, but please work for our next shipment must be here on October 30th. I feel proud of the knitters in Holt county, and feel with yarn in hand we can accomplish a whole lot in the next two weeks.

Yours in Red Cross Work,
MRS. GEO. LONGSTAFF.

Dubious

Gush—How do you like my daughter's execution on the piano?
Curt—It's perfectly killing.

Not Half Enough

"They say, you know, that love makes the world go around."
"Maybe; but it cannot make the eligible young men go round."

A GREAT PATRIOTIC CAMPAIGN

Food Administrator Hoover Designates Dates For Signing Pledge Cards.

October 21st to November 3rd will be a period of great patriotic demonstration in Nebraska. At that time all householders in the state will be asked to sign the pledge card and become enrolled as members of the Federal Food Administration. The householder who signs the Food Administration pledge card accepts the following obligation:

"I am glad to join in the service of food conservation for our nation and I hereby accept membership in the United States Food Administration, pledging myself to carry out the directions and advice of the Food Administrator in my home, insofar as my circumstances permit."

There are no fees or dues to be paid. The Food Administration wishes to have as members all of those actually handling food in the home. Those who become members by signing the pledge card will be given membership Window Card and a Home Card of Instruction in food conservation.

The Pledge Card Campaign in this state is to be handled through the office of Gordon W. Wattles, Federal Food Administrator for Nebraska. He has appointed S. R. McKelvie, campaign manager for the state and the work is being pushed vigorously.

A director has been appointed in each senatorial district to cooperate with and help the County Chairman. The Chairman of the County Council of Defense is Chairman ex-officio of the County Central Committee for the Pledge Card Campaign. The County Central Committee in turn supervises all of the work for the Pledge Card Campaign in the county.

The work will be so completely done that every householder in Nebraska will be given an opportunity to sign the pledge card, and it is fully expected that all will sign. The school teachers and the school children will take an active part in circulating the pledge cards, and will do their part of the work during the week, October 21-28. The following week will be devoted to cleaning up the campaign in quarters where it was not completed by the school children.

Prior to, and during, the period of the Campaign, patriotic meetings will be held, at which food conservation will be the principal theme for discussion. On October 21, the ministers will preach upon the subject, "four minute" speakers will expound the doctrine of food conservation in mo-

tion picture theaters and other public places.

The work is tremendously important, as anyone must realize from the frequency with which the statement has been made, that the country that can most successfully nourish its people will win the war.

Sign a pledge card, become a member of the Federal Food Administration, and do your bit to help win the war for Uncle Sam and our Allies.

Buy Your Liberty Bond and Help Win The War

Nebraska's response to the sale of Liberty Bonds has been magnificent, yet it is only a beginning. Within the week Nebraska must subscribe its allotment, and much work remains to be done.

Omaha started off its campaign with a whirlwind drive, subscribing seven and a half million dollars in less than an hour. The Nebraska bankers put the state on the map when they subscribed \$8,000,000 at the annual meeting of the Association.

But Nebraska has to roll up a grand total of more than \$30,000,000. This amount is only a loan, not a gift. You will get it back with interest. The business organizations have done their part. They have subscribed liberally. Now it's up to the small wage earner—the professional man—the farmer and the woman to do their part. The buying of a \$50.00 bond means as much as the buying of a \$1,000 bond.

There is every reason why these bonds should be bought by everyone. They are the best investment in the world; they pay four per cent interest; they are practically tax free. They mean a saving and a nest egg for every purchaser.

And, more than all, the Government must have the money to finance the war. It's your war and it's you the soldiers in the trenches are fighting for. It's your duty to provide the soldiers who have given up all to fight for you and Liberty, with the best of food, the best of clothing, and the best of ammunition. Fifty dollars spent now in defense may save five thousand a year from now.

Every home in the state should be the possessor of Liberty Bonds. When the final roll is called and when this war is won by the Allies, holders of Liberty bonds will be ranked as the patriots, alongside of the boys, who have left father, mother, brother, sweetheart, and sister to fight for you.

The reputation of the state is at stake; the reputation of the Government is at stake; and Liberty and Democracy are on the altar. You must

do your part if you cannot fight, provide the necessities. You can do it by loaning this money to your Government.

Are you going to have it said of you—"I did not do my duty. I let everyone but myself do his part in making safe, Democracy and Liberty."

If you are a loyal Nebraskan your answer November 1st will be: "I have done my duty—I have my Liberty Bonds."

First Shipment of Hospital Supplies

The first shipment of Hospital supplies from the Holt County Chapter, A. R. C., was made on October 9th. It contained the following:

- Ewing:
- 12 Sheets.
 - 8 Draw sheets.
 - 8 Pair pillow cases.
 - 12 Suits pajamas.
 - 20 Bed shirts.
 - 2 Convalescent gowns.
 - 8 Pair socks.
 - 16 Pair bed socks.
 - 4 Bath towels.
 - 8 Face towels.
 - 6 Wash cloths.
 - 2 Pair slippers.
 - 2 Hot water bag covers.
 - 2 Ice bag covers.
 - 12 Handkerchiefs.
 - 12 Nightgales.
- O'Neill:
- 28 Sheets.
 - 135 Pair pillow cases.
 - 21 Suits pajamas.
 - 64 Handkerchiefs.
 - 25 Pair bed socks.
 - 12 Hot water bag covers.
 - 35 Bed sheets.
 - 16 Convalescent robes.

If every one fully realized the necessity for this work and the importance of sending large shipments before the winter comes on, another large shipment could be ready before the first of November. Let every one sacrifice a few days time and do their part toward taking care of the boys who are sacrificing their all. THIS MEANS EVERY WOMAN AND GIRL IN HOLT COUNTY.

State of Doubt.
"Say, Bob," remarked Piute Pete, "what do you think about Noah and the ark?"

"I don't quite get it," answered Bronho Bob. "I ain't no skeptic, but I don't believe any seafaring man could have gone out an' corralled all them animals the way he did."

She Knew.
"Words are inadequate to express my love."
"I know they are, Ferd," said the dear girl. "Try candy and violets."
