PROCLAMATION

Suspend Business One Hour Friday

The Public welfare requires that every citizen shall devote a short period of thought and action to the service of the nation in this supreme test of Americanism. In this crisis it is not some faraway institution, but you and I and people similar to us that are on trial, for America is simply you and I, and we are America. We have a million soldiers in field and camp, a hundred thousand sailors on the main, and we must support and maintain them. They sacrifice their lives for our welfare, shall we not sacrifice a few paltry dollars for them?

But it is no sacrifice that is asked of us, and it is not for them but for ourselves, we are asking one another to invest a small sum in a government bond, the best security in the world. We lose nothing; we save what we invest with interest. The money is used to support our fellow citizens who are fighting our fight on the firing line, and those who are hastening to reinforce them. For this purpose our nation needs money and it needs it now. Have you done your bit? Have you loaned your country \$50, \$100, \$500 or as much as you can afford?

Can't you honestly do a little more? Only two days remain in which to do it.

Think it over Friday afternoon for an hour, between one and two p. m. Devote that hour to your country—your country for which other men like you are laying down their lives. Go to your bank and buy a Liberty Bond, paying 2 per cent down, or if you have already invested get a friend or a customer to do it. Do something POSITIVE for your country. Let your fellow citizens see some MATERIAL EVIDENCE of your loyalty. You or I cannot DEADHEAD our way to victory. We must ACT, and we must ALL PAY.

For these reasons it is recommended that all business be absolutely suspended between the hours of One and Two o'clock, Friday, October 26, 1917, in the City of O'Neill, and that this hour be devoted to the purchase and sale of Liberty Bonds, the banks remaining open for this purpose only. All bells and whistles in the City will signal the beginning of the hour—the hour of our country's need.

E. H. WHELAN, Mayor.

given a preliminary hearing before Justice Campbell in this city and was bound over to the district court, bail being fixed at \$1,500, which was furnished.

Ed Colgan, of Winnebago, Neb., was in the city last week and leased the Knights of Columbus opera house for the ensuing year and will open a picture show therein about November 1st. Mr. Colgan expects to move his family here this week and get everything in shape to open up his moving picture show on the first of the month and promises to supply the people of this city with first class pictures.

On Friday, November 2, the high school foot ball team will play the last game of the season, Atkinson high being their opponents. At this game our citizens should turn out quite largely and give the boys the benefit of their presence in their contest for supremacy. A good sized crowd will encourage the boys to play harder and incidentally the admission fee will help to cut down the deficit that is now in the athletic fund treasury.

T. M. Harrington, of O'Neill, and John L. Judge, of Atkinson, have been exempted from military duty by the district exemption board. Mr. Harrington was compelled to go to Omaha about a week ago and submit to an operation for appendicitis. Ed. F. Carney, of O'Neill, has been discharged from military duty by the district board. Carney registered but found out after registration that he was over thirty-one years of age and did not come under the provisions of the draft. This was discovered after he had been called for service. The local board took the matter up and exempted him and their action was ratified by the district board.

Edward Knobbs, who lives nine miles northeast of this city, was a caller at this office last Saturday and ordered The Frontier sent to his address for the ensuing year. Mr. Knobbs came to this county last March, moving here from Lancaster county. He says that he will make more on his Holt county farm this year than he ever made in one year while farming in Lancaster and Seward counties and that he is well pleased with Holt county. He says that a renter has to pay eight and ten dollars an acre rent for land down there and if he happens to have a poor crop, which happens pretty often, even in that country, that a renter has nothing to show for his year's work. He has fallen in love with this section of the state.

While attempting to weld a 150-gallon gasoline tank at noon today the tank exploded, tearing out every window in Davidson's shop and tearing out both ends of the barrel. Ed. Davidson was doing the welding and sustained three severe cuts near the eye, which required several stitches. He was wearing welding glasses at the time or the accident would undoubtedly have cost him the loss of one of his eyes as the force of the explosion forced the case of the glasses through the flesh, but the eyes were uninjured. The force of the explosion was terrific and was plainly heard three blocks away, and Eddie was fortunate to escape serious injury. This again proves that too much care cannot be used in handling gasoline or gasoline containers.

George Phillips, of Opportunity, was a caller at this office today and extended his subscription.

Liberty Loan Sales Grow.

The campaign for the sale of Liberty Loan bonds has been vigorously prosecuted this week, under the direction of S. J. Weekes, chairman of Liberty Loan sales for this county. The local banks are selling bonds and meetings are being held in different parts of the county, which are addressed by some of the leading silver tongued orators of this city, urging farmers and others to purchase bonds. The following bond sales have been made by the local banks. These sales are in addition to the purchases made by the banks, which were announced last week: O'Neill National Bank, \$20,000.00; First National Bank, \$9,000.00; Nebraska State Bank, \$6,000.00.

Last Tuesday evening a meeting was held at the town hall at Meek, which was addressed by S. J. Weekes and J. A. Donohoe and at the conclusion of the meeting \$3,200.00 worth of bonds were sold.

Wednesday evening S. J. Weekes and Judge Malone spoke at Dorsey and sold \$1,150.00 worth of Liberty Bonds at the conclusion of the meeting.

Wilford Boyle addressed the people of Emmet last Wednesday evening and at the conclusion of his address \$1,800.00 worth of bonds were sold.

Judge R. R. Dickson addressed the people of Inman last Wednesday afternoon on their duty to their country in this hour of trial and at the conclusion of his address bonds to the amount of \$4,800.00 were sold.

Judge J. J. Harrington addressed the voters of Ewing on Liberty Bonds on Wednesday afternoon. The Judge has the reputation of being the greatest "persuader" in Holt county, no man in this section being in his class when it comes to getting people to put up money for a worthy cause. He maintained his reputation in this respect at the meeting Wednesday after the meeting the citizens of Ewing subscribed for \$38,900.00 worth of Liberty Bonds. This was a splendid subscription for the little city of Ewing and clearly proves that the people of that hustling little burg are loyal behind their government in the great conflict.

Tonight S. J. Weekes and J. A. Donohoe will address the people of Page on the Liberty Bonds and at the conclusion of their address bonds will be offered for sale.

Thomas Nolan will address the people of Chambers on behalf of the Liberty Bonds this evening and at the conclusion of his address citizens of that section of the county will be offered an opportunity to invest in Liberty Bonds.

Congressman Kinkaid will address the people of Atkinson on behalf of the Liberty Bonds on next Friday afternoon and will speak at Stuart in the evening.

It is hoped that the interest of the people in the bond sale will be stimulated to the extent that Holt county will be able to dispose of her quota, but if the quota of bonds allotted to this county are sold it will be necessary for all the people of the county to do their share.
