

### Red Cross Items.

Sewing classes have not been as well attended since the new year opened, as the leaders would like, but there are some faithful ones whose perseverance and devotion to the cause are admirable. New lines of work are beginning and it is to be hoped that a greater enthusiasm will be evidenced soon. The making of trench candles was commenced Wednesday and it is hoped that a large number will be ready for shipment soon. These are made with newspapers rolled tightly and boiled in paraffin. Each one is required to bring their old newspapers to the school building. Also bring remnants of silkoline, cretone or other suitable material for comfort pillows.

Next week a class in surgical dressings will be organized.

The recent drive for the Red Cross resulted in 2303 memberships in Holt county, as reported so far. Several towns have not yet reported, so it is impossible to state the entire result. O'Neill 603.

### Funeral of Godfrey Egger.

The body of Godfrey Egger, who died at the training camp at Pine Bluff, Arkansas, last week after a short illness of pneumonia, arrived in the city last Friday evening. The remains were met at the train by a detail of about thirty members of the Home Guards, who marched behind the hearse to Biglin's undertaking parlors, where the body remained until the funeral Sunday afternoon. His parents had intended taking the body to the Meek cemetery, but on account of the severe cold weather the remains were interred in the cemetery here. The funeral was held from the Methodist church last Sunday afternoon and, despite the inclement weather, was one of the largest seen in this city for some time. Rev. G. W. Bruce, pastor of the Methodist church delivered a very suitable and patriotic funeral address. The Home Guards attended the funeral in a body, marching from the undertaking parlors to the church and from the church to the cemetery, leading the funeral cortege at the head of which they carried the stars and stripes, in defense of which Godfrey laid down his life, in the first blush of his young manhood. He gave all he had to give, his life for his country.

### Notice To Bakers.

The attention of the bakers and others dealing in bread in Holt county is called to the regulations of the Federal Food Administration governing the manufacture and sale of bread.

Bread is to be made and offered for sale only in 16 and 24 ounce loaves and multiples thereof; where twin loaves are baked each unit is to conform to weight requirements. The weights are to be net, unwrapped, 12 hours after baking. Rolls are to be made only in weights from 1 to 3 ounces, determined in the same way. These standard weights are to be taken from the average of not less than twenty-five loaves or 5 dozen rolls.

Any dealing or dickering is forbidden which goes to increase the price, restrict the supply, or monopolize the product. Destroying any bakery product, committing waste, or permitting deterioration that can be prevented is forbidden.

Fictitious price statements or market quotations are forbidden or any misleading statement tending to enhance the price of bread.

No returns of bread or other bakery products are to be accepted nor exchange of stale products for fresh.

The violation of any of these provisions is punishable by the penalties of the Food Administration Act. Unlicensed bakers are subject to the

same penalties as licensed ones.

Referring to the small bakeries, the administration considers that the cost of doing business is so low that in a stable market for flour, which we now have, it more than offsets the wholesale baker's advantage of large-scale buying.

The Administration, after a careful investigation, considers that a pound, or 16 ounce, loaf of bread can be sold, for a fair profit, at 7 or 8 cents. This of course is for cash-over-the-counter.

### Train Strikes Ebbensgaard Truck at Depot Crossing.

Ewing Advocate: Sis Ebbensgaard miraculously escaped death Tuesday evening when west bound local freight No. 63 struck his auto truck as the latter was passing over the tracks at the depot crossing. He was proceeding southwest with the car heavily loaded with ear corn and did not see nor hear the train until the engine was almost upon him.

The big horse struck the car about the center, throwing the driver and cab to one side and carrying the frame of the car past the depot. The corn, was strewn along the track almost to the section house. Operator Anderson and others immediately went to the assistance of the stricken man, fully expecting to find him dead or fatally injured. But he had survived the wreck and was able to arise and walk up town for surgical attention. He had received a badly cut ear and several severe bruises, but not a bone was broken.

It was certainly a narrow escape from death as can be verified from the wreck of the car. The vehicle was almost completely demolished, the driver's cab being so thoroughly wrecked that it seems impossible that a person could have survived such a smash-up.

### Journal Announces Big List of Serial Novels.

### THAT KNIFE-LIKE PAIN

Is Only One of Nature's Warnings of Weak or Disordered Kidneys.

Have you a lame back, aching day and night? Do you feel sharp pains after stooping? Are the kidneys sore? Is their action irregular? Use Doan's Kidney Pills—the medicine recommended by so many O'Neill people. Read this case:

Mrs. E. B. Jones, says: "There was a dull, heavy ache and stiffness in my back. When sitting still, I could stand it, but when I went to get up, I had to pull myself up and then I could hardly bear the knife-like pains it caused. To even bend a little or walk around, hurt me. I knew my kidneys were causing my suffering, because they acted so often. Two boxes of Doan's Kidney Pills completely relieved me. On two occasions since when I felt I needed them they did just as good work as ever."

### Recreative Athletic Work in Army Camps Is Handled by Experienced Men.

Athletic work in army camps and cantonments is in the hands of 32 trained organizers and coaches. They are civilian aids on the staffs of commanding officers, and their salaries are paid by the Government.

Particular attention has been given to boxing, as it assists men in bayonet fighting. A committee of best-known boxers worked out plans, and moving pictures to teach boxing have been made. Basketballs, bats, base balls, and soccer balls, boxing gloves, and other equipment are supplied each company, in part, from a Government appropriation.

### Country Boys Not Physically Superior to Those Living in Cities.

According to records of the selective service, country boys do not show much physical superiority over those of the cities. For purpose of comparison selections was made of cities of 40,000 to 500,000 population, and a corresponding set of counties of the same total size. In the physical examinations 28.47 per cent of the city boys were rejected, as against 27.96 per cent of the country boys.

### "Smilage" Books to Be on Sale in Nearly Every City and Town.

"Smilage" books, containing coupons good for admission to theaters and entertainment tents at the Army camps, will be on sale in nearly every city and town in the country during the week beginning January 28.

The books, which come in two sizes, to sell at \$1 and \$5, are to be used as presents to men in the camps. The coupons which they contain are good for any theatrical event or entertainment staged under the direction of the War and Navy commission on training-camp activities.

Listed as "eating utensils" the infantryman receives food to be carried in his haversack during field service, canteen and canteen cover, cup, knife, fork, spoon, meat can, haversack, pack carrier, first aid kit and pouch.

His "fighting equipment" consists of rifle, bayonet, bayonet scabbard, cartridge belt and 100 cartridges, steel helmet, gas mask, and trench tool.

### German Alien Enemies in United States Must Register.

Among the regulations for the registration of German alien enemies in the United States during the first week of February, are the following:

All German males of the age of 14 years and upward are required to register. Notice of time and place of registration will be given by publication in newspapers.

The affidavit of each registrant must be accompanied by four unmounted photographs, signed across the face so as not to obscure the features, and the finger prints of each registrant shall be taken.

Between 10 and 15 days after registration each alien enemy must again appear before his registration officer to obtain a registration card, which will bear his name and his thumb print. This card must be carried by the registrant for future identification.

An alien enemy who changes his place of residence to another place within the same registration district must at once report the change to the registration officer. No alien enemy shall move out of the district without a permit. Application for a permit must be made upon a form furnished by the Department of Justice, giving full particulars as to date, reason for change, and intended place of residence.
