This office is in receipt of a letter from Mrs. A. P. Nesbitt, who is spending the winter at Los Angeles, California, visiting relatives. KNIGHTS OF COLUMBUS INITIATE CLASS OF 49

Last Sunday afternoon and evening the Charles Carroll Council of the Knights of Columbus initiated into the mysteries of the order forty-nine members, a large number of whom were residents of this city. The first two degrees were exemplified by the officers of the local council, Hugh J. Coyne, Grand Knight; W. B. Hartly, Deputy Grand Knight and W. J. Hammond, Chancellor. The third degree was in charge of the District Deputy, Edward H. Whelan of this city, and he was assisted by William McCormick and a degree team from Omaha.

Members from all the surrounding towns and from Omaha, Stanton, Norfolk and Sioux City, were present to attend the initiation and all unite in saying that it was one of the most successful initiations they had ever seen and the local officers and the degree team were highly complimented for the success of the initiation.

The initiatory program was concluded at 9:30 and the members then repaired to the K. C. hall where the ladies of St. Patrick's parish had prepared a banquet. The ladies of O'Neill have spread many fine banquets in times past, in fact they are noted for their culinary achievements, but this was one of the finest spreads ever prepared in this city and the hungry Knights done ample justice to the repast.

After the cigars had been passed Hon. John A. Harmon, who presided as toastmaster in his usual inimitable manner, presented the first speaker of the evening, Hon. J. A. Donohoe, who had for his subject "The Knights of Columbus." Mr. Donohoe is no stranger to O'Neill audiences and the banqueters were looking for an oratorical treat, and they were not disappointed. The speaker was at his best and delivered one of the finest addresses ever heard in this city, whether at a banquet or on a rostrum. He told of the foundation of the order, thirty-six years ago and of its remarkable growth since that time. He also spoke of the loyalty of the Catholics to the government and said that at the present time, while the Catholic population of this country was only one-sixth that forty per cent of the men in the army at the present time were members of the Catholic church. He said that the Star Spangled Banner had no more loyal defenders than the Knights of Columbus and the members of that order. Mr. Donohoe was loudly applauded during his address and at its conclusion was the recipient of the congratulations of many of the audience for his able address.

Hugh J. Boyle was next on the program and he took for his subject: "Has the War Come to America?" Mr. Boyle is one of the finest orators in this section of the state and his address on this occasion was further proof of his ability as a word painter. Like the preceding speaker loyalty to country was the predominant feature of his address and he emphasized the fact that every person who called American home should be loyal and help his country in every way possible to win the war. He urged all who were able to purchase thrift stamps, liberty bonds and to subscribe to the various activities that were assisting our soldiers at home and abroad.

Arthur F. Mullen, of Omaha, was the next speaker on the program. Mr. Mullen had for his subject: "K. of C. War Work." Mr. Mullen was at his best on this occasion and delivered one of the finest addresses we have ever heard him make. He had just returned from a three week trip to Washington and was chuck full of information on the war and war activities. He told of the splendid work that the Knights of Columbus were doing at the various army cantonments and said that the K. of C. and

the Y. M. C. A. were working together and were a God send to the soldier boys. He also spoke of the great number of Catholic that were in the army and accounted for it by the fact that thousands of them had enlisted as soon as their country called for men. He said we were facing a long, hard fight and called upon every man to do his full duty, so that victory would perch upon our banner and the world made safe for democracy.

Ed. Waters, of Omaha, was then called on. Mr. Waters is one of Omaha's leading young lawyers and he complimented the citizens of O'Neill highly; he said that he always heard that this city was full of orators and after listening to the addresses of the evening he was convinced that it was a fact.

William McCormick was then called on for a few remarks. Mr. McCormick has appeared at K. C. banquets in this city several times and said that he hoped he would have an opportunity to appear again, as he always enjoyed his visits to this city, which he said was the best little city in the state.

A CAREFUL MAN'S BANKING SYSTEM

Many a carefully planning man in Holt County has a sum of money laid aside for some special use at about a certain time in the future.

Does he keep it at home? NO! He brought it to the Nebraska State Bank and put it in one of our Certificates of Deposit.

He gets his money back just when he wants it and 5 per cent interest added. Besides that it is safe from theft, fire or loss.

We will be glad to explain this plan.
