All persons interested in the estate of Ezekiel P. Hicks, deceased, both creditors and heirs, are hereby notified that on March 21, 1918, Stephen E. Hicks filed a petition in the County Court of Holt County, Nebraska, alleging that Ezekiel P. (Seal) C. J. MALONE,  
County Judge.

In the District Court of Holt County, Nebraska.

In the matter of the application of Fred H. Swingley, guardian of the estate and person of Fritz Trompeter, an incompetent person.

Legal Notice of Guardian's Sale of Real Estate.

Notice is hereby given that by virtue of a license granted to the undersigned by the District Court of Holt County, Nebraska, in an action therein pending entitled: "In the Matter of the Guardianship of Fritz Trompeter, an incompetent person," on the 18th day of March, A. D., 1918, said court found that the sale of the hereinafter described real estate is necessary:

1. For the payment of the debts that are now due and owing by the said Fritz Trompeter, an incompetent person.

2. For the support and maintenance of the said Fritz Trompeter, an incompetent person.

3. That the balance may be invested in interest-bearing securities for the benefit of said Fritz Trompeter; an incompetent person.

And said court duly ordered said Fred H. Swingley, guardian of said Fritz Trompeter, an incompetent person, to sell at public sale to the highest bidder the following described real estate, with all improvements thereon:

The west half (W½) of section thirty-one (31), township thirty (30), range twelve (12), west of the Sixth Principal Meridian, in the county of Holt, and state of Nebraska;

For at least one-half of the purchase price in cash and the balance to be paid on or before five years after said sale, with interest thereon at six (6) per cent per annum, payable annually; said balance to be secured by notes and a first mortgage upon said real estate; or that said land be sold for cash; and that said sale will be made on the terms that are for the best interests of the estate and that said land be sold either in one tract or that it be divided and each quarter sold separately—said land in either condition to be sold in the manner that is for the best interests of the estate.

Now, therefore, by virtue of said license and the authority in me by law vested, having given bond and oath required by law, I will offer said real estate, to-wit:

The west half (W½) of section thirty-one (31), township thirty (30), range twelve (12) West of the Sixth Principal Meridian, in the county of Holt and state of Nebraska.

For sale on the 15th day of April, A. D., 1918, at eleven (11) o'clock in the forenoon of said day, at the front door of the court house (that being the place where the last term of the District Court of Holt County, Nebraska, was held) in the city of O'Neill county of Holt, and state of Nebraska, at which time and place I will sell said real estate at public sale to the highest bidder upon the following terms, to-wit: At least one-half of the purchase price to be paid in cash and the balance at six (6) per cent interest per annum payable on or before five years from the date of sale; said balance to be secured by a first real estate mortgage or mortgages on the above described premises; or that the entire purchase price be paid in cash; said land to be offered first as an entire tract and then each quarter separately and sold whichever way is for the best interest of the estate. Said sale will be kept open for one (1) hour, where due attendance at said last mentioned time and place will be given by the undersigned.

41-4 FRED H. SWINGLEY,  
Guardian of Fritz Trompeter, an Incompetent Person.

An ancient jack and an old gray mare brought \$350 into the coffers of the Chambers and O'Neill Red Cross at the Horton sale south of town Wednesday of last week. The jack, donated by Charles Brawn, started off at \$10 and was sold and resold by Col. James Moore, auctioneer, until it had realized \$250, when Charlie got it back for five dollars. Then the old gray mare was trotted out and although no longer a colt was sold and resold until \$100 was realized. The money was divided equally between the two Red Cross chapters.

**Set Your Clocks Ahead Sunday.**  
Sunday morning at 2 o'clock the daylight savings law goes into effect. At that time, or rather at 10 o'clock Saturday night, which may be more convenient, all clocks and watches should be turned one hour ahead to so remain until 2 o'clock a. m. October 31. The daylight savings act was passed by congress and it is estimated that under it thousands of tons of coal used in light and power plants will be saved and that workers will be given an hour more in the afternoons for recreation or work in the gardens. The act makes the new time the standard time for the period mentioned. In O'Neill the county offices will open and close on the new time and the merchants generally will observe it. The banks will open at 9 a. m. new time and close at 4 p. m. to accommodate their country patrons. The churches will follow the new time in their services, with the exception that this Sunday the Presbyterian church will observe old time to avoid confusion. The Rev. Father Cassidy announces that his congregation will observe the new time with the first Sunday mass. Railway agents have not yet been informed regarding train schedules. The schools will observe the new time.

**Speaking Of Railroads.**  
Albion News: "Elsewhere in this paper will be found the Articles of incorporation of a new railroad which proposes to build a line from Albion to Atkinson, in Holt county, a distance of approximately 100 miles. The articles were filed at Lincoln last week, and inasmuch as the promoters were compelled to pay a filing fee of over a thousand dollars, it would look as though they meant business. The organizers are from Kansas City, St. Joseph, Omaha and Colorado Springs, and claim to have unlimited capital behind them.

"Mr. Pullen, the president, was in Albion last week, and assured the News that they meant business, and active work on the survey will be started just as soon as the prelimi-

nary arrangements can be made. He said that he was not at liberty to tell all the plans that they had under their hat, but insisted it was not any U. P. or Northwestern scheme, but an entirely new and independent company. This hundred mile sector was only a starter for a north and south system, to extend across the state, with branch lines to many unoccupied sections of the state. He intimated that the Niobrara river was capable of being harnessed and furnish sufficient electric power for a large system of roads.

"Mr. Pullen has been engaged in building railroads in different parts of the United States for many years, and intimated that he knew a good thing when he saw it, especially an unoccupied railroad field.

"An office will be established at Albion which is to be the headquarters of the new company, and further development will be awaited with interest."

**A TALK WITH AN O'NEILL MAN**

J. H. Davison, Proprietor of Harness and Shoe Shop of Main Street of His Interesting Experience.

There is nothing like a talk with one of our own citizens for giving hope and encouragement to the anxious sufferer from the dread kidney disease. We, therefore, give here an interview with an O'Neill man:

"Some time ago I was suffering from kidney disorder," says Mr. Davison. "My back was lame and sore and there was a steady, heavy pain over my kidneys. When at my work, I could hardly straighten up, because such sharp pains caught me in my back. My kidneys acted too often and the secretions were unnatural. I knew

**German Kultur Not A New Thing.**

"Every village they have passed through has been the victim of what is only organized pillage. Every city has been practically sacked, ransacked on system; its citizens plundered, its civil officials terrorized, imprisoned, outraged, or killed. The civil populations have been, contrary to the usage of modern warfare, forced to serve the invading armies, brutally put to death, reduced to wholesale starvation, and desolation. Vast tracts of the richest and most industrious districts of Europe have been deliberately stripped and plunged into famine, solely in order that the invaders might make war cheaply. Irregular troops, contrary to all the practice of war, have been systematically murdered, and civil populations indiscriminately massacred, solely to spread terror. A regular system of ingenious terrorism has been directed against civilians, as horrible as anything in the history

of civil or religious wars. Large and populous cities have been, not once, but 20, 30, 40 times, bombarded and burnt, and the women and children in them wantonly slaughtered, with the sole object of inflicting suffering. All this has been done not in license or passion, but by the calculating ferocity of scientific soldiers."

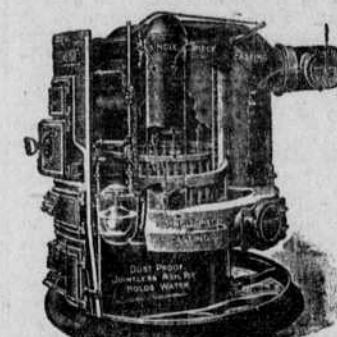

The above was not written, though it might have been, yesterday, last week, last month, or last year. It appeared in the English Fortnightly Review February, 1871, shortly before

the surrender of Paris. Frederick Harrison, the writer, is still alive. Its statements were true then, are true now. Julius Caesar in his Commentaries narrates events which show that even before the time of Christ the Germans demonstrated the possession of all the rudiments of their modern "kultur." It is no new thing; and hundreds of thousands of men will have died in vain in this war if this sinister thing is not absolutely and utterly exterminated forever by the forces of civilization arrayed against it.

**Rubber Securities**

THE RESPONSE to our recent advertised offering of RUBBER SECURITIES has been such that we deem it necessary to compliment the editors of O'Neill's papers upon the drawing-power of advertisements in their publications.

WE HAVE HAD QUITE A FEW inquiries about our offering and have already interested a number of investors, and the actual results so far accomplished has been gratifying.

WE FEEL THAT THERE IS NO BETTER INDUSTRIAL INVESTMENT OFFERING than that obtained in the RUBBER INDUSTRY. The demand for automobile and truck tires far exceed the supply. We have figures that would astonish the average person as to the immense number of tires required to supply even the cars now in use in this territory.

WE FEEL QUITE SURE that there are a number of people here in O'Neill who would really be interested in the details of our offering, but if you won't ask us, how can we find you.

THIS IS NOT WHAT IS KNOWN AS A "WILD CAT" scheme, but a perfectly legitimate offering. Allow us to convince you of this fact by calling on us, either in person or by phone.

THERE ARE QUITE A FEW in O'Neill who are already interested, we naturally wish there to be more, for we feel that this is your OPPORTUNITY TO GET IN ON SOMETHING THAT IS BIG.

This offering will not long be available, it is being sold in Omaha and all over the State of Nebraska. It is a Nebraska Corporation and its foundation is solid.

Let us show you how you can both save twenty per cent on your tires each year and also have your money working for you at a rate that is much better than the average.
