

THE THIRD LOAN.

By WALT MASON.

Now once again you'll have a chance to buy yourself a bond, and help the allies out in France, in Belgium and beyond. In April now our Uncle Sam will start another loan, and are you ready, as I am, to put up plunk and bone? It's little we old gents can do to help our armies win, but we can certainly come through with packages of tin. When everything is said and done, 'tis wealth will win the scrap, and there should be a flow of "mon" from every loyal chap. You are not asked to give away or sacrifice your dust; you lend to Uncle Sam—and, say, he's surely safe to trust! You are not asked to lend for fun; good interest you receive; if you've no bonds, when war is done, you'll rend your robe and grieve. Ah, then you'll hang your head in shame and sound a doleful note; you did not help to win the game and get the Prussian goat. But there is none with soul so dead he will not buy a bond, e'en though he has to cut out bread, and see his cookstove pawned. Let's march up cheerful, blithe and quick, and buy, and buy, and buy; for thus we'll make the Teuton sick, and soak him in the eye.

THE WORLD AND YOU!

The German Autocracy has said: "What else matters but victory for us?" Humanity says: "What else matters but the safety of the world for Freedom, for Democracy, for Women, for Children, for You?"

CAPTURED FARMERS.

The farmers of captured France, Belgium, Italy and Montenegro are bearing the Kaiser's burdens. The Prussian military boot trampled under foot the rural homes, making the captured farmers slave for the armies that overran them and wrecked their homes. America is but across the sea from the spirit of a soulless monarch. It is not that far, for the emissaries of the German army are planted in this country and the spies of Autocracy are about us.

To the farmer of America who has prospered there is but one salvation—the lending of his surplus to the Government that must assure safety for the American homestead.

Help your Government hinder the Huns. You can do it by buying Liberty Bonds.

THE TOURISTS TRIANGLE TOUR

Note the Burlington map and its three Western trunk lines:

- (1) NEBRASKA-BILLINGS, GLACIER PARK.
- (2) NEBRASKA-DENVER-COLORADO, WEST.
- (3) DENVER-BILLINGS-YELLOWSTONE, NORTH.

Note the geographical triangle formed by these Burlington lines and what a comprehensive northwest tour they offer,—ONE WAY via Denver, Scenic Colorado; ONE WAY via Rocky Mountain National (Estes) Park, —with 700 miles of mountain panorama, from Denver, to the Yellowstone, and to Glacier Park, the climax of the Rockies' rugged grandeur; ONE WAY along side the Big Horns and the Black Hills. This is truly a **three-parks-on-one-triangle tour**. The new Denver-Casper main line makes possible this circuit tour that comprehends the east slope of the Continental Divide from Colorado to the British boundary.

General Orders No. 31.

War Department, Washington, April 2, 1918.

1. It is the intention to make use of the authority to grant furloughs to enlisted men in accordance with the act of March 16, 1918, (Public 105, 65th Cong.) to enable them to engage in agriculture during the present farming season for the purpose of augmenting the agricultural production. For this reason commanding officers may grant such furloughs

within the rules here announced whenever it appears that the granting of such furloughs will contribute to the purpose for which they were intended. But it is desired to reduce to a minimum the interference thereby created in the progress of military training and preparation; therefore, whenever the furloughing of an enlisted man substantially interferes with the training or preparation of the organization of which he is a member, the applications will be denied, in which case the reason for the denial will be indorsed upon the application. Furloughs granted under this order will be for short periods, largely for seeding and harvesting time. They may be given by commanding officers of posts, camps, contentments, divisions, and departments. Such furloughs will not be granted to enlisted men of or above the grade of first sergeant; nor will they be granted in an organization that has been ordered or is in transit from point of mobilization or training to a port of embarkation; and all furloughs granted will be recalled and the men ordered to their organizations when the latter have received preparatory orders for duty overseas. Furloughs granted under this order will be without pay and allowances except that enough pay will be retained in each case to meet allotments in force on the date of this order, war-risk insurance and pledges on Liberty bonds.

2. Furloughs to specially qualified experts in agriculture needed in the service of the United States Department of Agriculture may be granted by the Secretary of War upon application therefor by the Secretary of Agriculture; or in the service of agricultural colleges, established under Federal law and regularly receiving Federal funds, upon application therefor by the presidents or other executive heads of such colleges, provided such furloughs are voluntarily accepted by the persons desired.

3. Individual applications for furloughs submitted by relatives will be on Form 1035 P. M. G. O., which form will be furnished the local boards. After sections 1 and 2 are made out by the applicant the form will be given the local board having jurisdiction of the registrant and it will complete Section 3 of the form and then secure the action of the county agent or representative of the Department of Agriculture, and if there be no such county agent or representative, then by the Government appeal agent of the local board. The application will then be forwarded to the soldier's post, camp, or contentment commander and the soldier given an opportunity to sign Section 5 of the form, which signature will be considered as a voluntary application for the furlough within the meaning of the law. If the furlough is granted, the application will be filled by the commanding officer, and a certificate furnished the soldier to the effect that a furlough without pay or allowance, except as herein provided, has been granted for the time therein set forth. If not granted, the application will be returned by the commanding officer setting forth the reasons for disapproval in section 6 of the form. If the soldier initiate the application, he will sign Section 5 of the form, adding thereto the name of the person for whom he desires to work, and on submission to the commanding officer the latter will forward it to the local board, who will ascertain, from the person named by the soldier whether such soldier is required; and if so, the board will then require the filling out of Section 1 and 2 of the form and proceed as if application arose from the person named by the soldier in the first place.

4. Furloughs may also be granted en bloc to men that are willing to accept them upon request of farmers when the time to be consumed in traveling from the post to the place of labor will not exceed 24 hours. In making these requests farmers will make use of Form 1035, P. M. G. O., making alterations to show number of soldiers requested and adding that they are in a position to pay the wages usually paid in the vicinity, and such wages will be paid to the soldiers assisting them. These applications will be made to the local boards, who will proceed as in the preceding paragraph. When the application reaches the post, camp, or contentment commander he will cause it to be indorsed on the back by the soldier who desire to accept the work, and such signatures will be considered as voluntary applications within the meaning of the law. If the number of soldiers desired signify their wishes to accept such furloughs, telegraphic authority will be requested by the commanding officer, upon whom application is made from The Adjutant General of the Army for the granting of such furloughs, stating the number of men requested and the number of the local board through which the request was forwarded, giving the recommendation of the commanding officer. The Department of Agriculture will then be called on for information as to agricultural conditions in the particular district, and telegraphic instructions then sent the commanding officer.

5. Form 1035 of the Provost Marshal General's Office is here set forth, and the requirements as shown there-

in taken in connection with this order, explain the attitude of the War Department upon the question of furloughs under the recent law. (220,711 A. G. O.)

By Order of the Secretary of War:
Peyton C. March, Major General.
Acting Chief of Staff.
Official: H. P. McCain,
The Adjutant General.
