O'Neill will have more than doubled her quota in the Third Liberty Loan and Holt county will go over the top with considerable to spare, according to reports now on file with S. J. Weekes, director of the loan for Holt county.

"UNCLE TOM'S CABIN"
Harriet Ward Beecher Stowe's famous story of slavery before the Civil War is well represented in the dramatization of this well known story "Uncle Tom's Cabin," and as produced by Terry's excellent company, the presentation is an interesting one, and is given in its entirety just as depicted by the author. The company that Terry carries this season is equal to those that are seen in the larger city theatres, he having spared no expense to make the company one of the strongest enroute. The cast is made up of the very best talent. The scenic and electrical effects complete, in fact the show as put on by the Terry company is spoken of by the press and

public as a splendid presentation of the national drama.

The musical part of the show this year is to be considered: three bands and orchestras are carried that are the talk in every city visited, being composed of a high class array of solo musicians. The show is advertised to give one performance at O'Neill, May 14.

Rousing Meeting At Chambers.
Much enthusiasm and a hearty response to the plea for the purchase of Third Liberty Loan bonds was the result of the patriotic meeting held at Chambers last Friday afternoon. S. J. Weekes and Senator James A. Donohoe were the speakers and the hall was crowded to capacity to hear them. Both gentlemen are exceedingly well pleased with the meeting and the spirit manifested by the people in the south end of the county. Three cheers were given for the speakers at the conclusion of the meeting.

County Agents Notes.
The second edition of the Holt County Farm Bureau News will be mailed from the County Agent office the 10th of May. If you have not already subscribed send 25 cents to the county agent for a year's subscription and get in on the next issue. We still have several hundred bushels of seed corn listed and we will help you in securing seed. Government Vaccine for Blackleg is kept in the office and may be secured at any time. We have one set of vaccinating instruments to loan out providing they are returned immediately. The office just received several copies of the following bulletins which may be obtained by writing: Common Hog Diseases; The Sow at Farrowing Time. The Sow and her Litter. We also have on hand 100 copies of the Farm Record Book put out by the state at cost—10 cents each. FRANK H. LANCASTER, Emerg. Dist. Demon. Agent.

For Farm Help.
C. M. Daly, O'Neill, Neb., will help you to get farm help. He will maintain a free labor bureau for the community. Farmers needing help and men wanting work should apply to Mr. Daly. An advantage is gained by having one labor headquarters in town. Less time is wasted in getting the men together. Please refer everybody to this bureau.

This is one of the bureaus which are being organized in every town in the country. The bureaus in this county are in charge of Frank Lancaster county agricultural agent at O'Neill. Mr. Lancaster will help to equip the labor supply in the county and to obtain additional help from other sections when needed. He is closely in touch with the State Department of Labor and the Federal Employment Service and can get outside help whenever any is available. Other Bureaus have been established in county as follows: Stuart—Citizens State Bank, of Stuart. O'Neill—C. M. Daly. Omaha—Watson Hay Company. Page—Farmers Cooperative Store Emmet—Emmet State Bank. Ewing—Pioneer State Bank. Sincerely,
FRANK H. LANCASTER,
Emerg. Dist. Demon. Agt.

Red Cross Notes.
The George H. Lee Co., of Omaha is preparing a drive against one of the most persistent and disagreeable enemies of the American and Allied soldiers in the trenches, and asks the women to help. The Company prepares a powder which is claimed to be a sure protection against the insect pests of the trenches, "Cooties," and will furnish it in large quantities to the boys "over there," if the women will save their empty talcum powder cans and deliver them to the company's office. The boxes will be filled with the powder and sent to the soldiers without charge. Save your talcum powder boxes, and they will be called for next Saturday. Roll of Honor Miss Kathryn Murphy, of O'Neill, who teaches eight miles northeast of town, in District 157, held a basket social at the schoolhouse last week for the benefit of the Red Cross. A splendid program was given, the baskets auctioned, and \$50 made for the Red Cross fund. A number of Holt county teachers have been giving entertainments and turning in the amount raised for Red Cross work. This is very commendable, and encouraging to the officers of the O'Neill Chapter, and we hope more of the teachers will take up the work.

The workers of Paddock and Shields met on Wednesday of last week and organized an independent Red Cross unit, which will comprise all of Paddock and Shields Townships and the east part of Rock Falls. Following are the officers: President, Mrs. W. V. Hunter, Vice-President, Mrs. Peter Donohoe, Treasurer, Mrs. Esther Robertson.

There has been renewed activities in Red Cross work in the last two weeks, and a much better attendance is noted. But still, only a small percentage of the women of O'Neill, and vicinity are doing Red Cross work. One hundred fifty-seven names have been handed in as the Roll of Honor of women, who are engaged in making hospital garments, hospital supplies of all kinds, and surgical dressings. Of these, we would like to compile a special honor roll of those patriotic women who work three afternoons a week and then evenings besides, they deserve much credit for their sacrifice.

Below we give the names of all women who are devoting their time to the making of hospital supplies:

WOMEN GIVE OUT
House work is hard enough when healthy. Every O'Neill woman who is having backache, blue and nervous spells, dizzy headaches and kidney or bladder troubles, should be glad to heed this O'Neill woman's experience: Mrs. A. J. Mohr says: "I had weak kidneys for years and gradually became worse until I was completely discouraged. For fifteen years I suffered from pain in my back and sides. I was restless at night and every day it seemed impossible to go through my day's work for as soon as I lifted the least thing or when I got up from a chair, a pain caught me in my back. I happened to read of a case of a person who had been helped wonderfully by Doan's Kidney Pills, so I sent for some to Gilligan & Stout's Drug Store. I had taken but a few when I began to feel better. I kept on using them and I rapidly gained in health and strength until I was free from the trouble. It has been over a year now since I have had any need of Doan's." 60c. at all dealers. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

MOTORISTS are buying Diamond Tires in such numbers that over 2,000,000 are now in service—easily, one for every three cars in America.

This patronage is significant when you consider that the big demand for Diamonds comes from motorists who have used them in previous years and insist upon Diamond mileage again.

Such demand can be commanded only by tires of super-value.

A Diamond Tube is likely to outwear your car itself. Made in Gray and Red, in sizes to fit any make of tire.
