Spraying Potatoes.
Potatoes should be sprayed against the potato bug and early blight, according to Emergency Bulletin No. 10, of the Extension Service, University Farm, Lincoln, Neb. While the potato bug is found mostly in the eastern part of the state, and in the western part south of the Platte river, early blight is found all over the state. Early blight may be controlled by Bordeaux mixture. Arsenical poisons are found best to control bugs. The bulletin gives full directions for spraying against insects and diseases of potatoes.

GRAY AND RED TUBES

Let Us Put A Diamond Tube In Your Hands

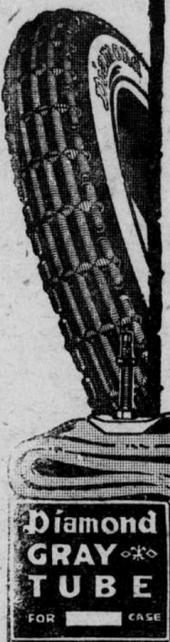

WE invite you to come to our store for a test!

We want to put a Diamond Tube in your hands, have you feel the quality in it, try to stretch it, or give it any other test.

Then you'll understand why Diamond Tubes outwear cars,—not tires, cars. You can put a Diamond Tube under the seat or in your casing and it will hold its life for years.

Even if you get a puncture, it can be patched time and time again.

Put a Diamond Tube in a Diamond casing and you have the ideal tire equipment.

Red Cross Membership.
Mr. J. F. Dishner, O'Neil, Nebr. Dear Sir: Regarding the membership course, we wish to state, a person joining Red Cross as an Annual or Subscribing Member is a member for one year. Last year when the Christmas "drive" was on a great many who joined a few months before that time allowed their old memberships to lapse and took out new memberships running from last Christmas to next Christmas, as it is the hope of National headquarters that eventually all members will allow their memberships to run from Christmas to Christmas. This arrangement would mean but one membership campaign each year, and that at Christmas time, the same as they are holding one War Fund "drive" each year, about the middle of the year, such as is now going on.

Should you have members who joined last May we would urge them to join again at this time, and then perhaps next Christmas you can induce most of those to allow their membership to lapse and take out new memberships running from Christmas to Christmas. Hope this gives you the information desired.

With kind regards, I remain,
Yours faithfully,
F. W. JUDSON,

Obituary.
Ewing Advocate: James Stanton was born March 28, 1822, in Essex County, N. Y., and died May 21, 1918, aged 96 years and two months within two days. He was married twice. His first marriage occurred June 31, 1845. Five children were born to this union, two daughters and three sons. The daughters are dead. The second marriage was solemnized three years after the Civil War. Five children were born to this union, three daughters and two sons. One son is dead.

Mr. and Mrs. Stanton have resided in this county for thirty-one years. For eighteen years they lived on a homestead north of Page. They have made their home in Ewing for thirteen years. Mr. Stanton was a veteran of the Civil War, a member of Co. I, 24th Iowa Infantry. For three years he fought in defense of his country. His first wife died a few weeks after his return from war. The care and worry that war brings was more or less the cause of her death.

Mr. Stanton leaves to mourn his loss his aged wife, four sons, three daughters, forty-four grandchildren and thirty-one great-grandchildren, besides a large number of relatives and friends.

Funeral services were held at the Methodist church Wednesday afternoon, May 22nd, and interment at the Ewing cemetery. Rev. James E. Jones officiated.

Community Drying Plant Meeting.

The ladies of the community have asked that a representative of the Home Economics Department come to O'Neil and outline the work of a community drying plant and canning plant. This work was successfully carried on in many of the towns last year and many more towns are taking up the work this year. Much of the fruit and vegetables that ordinarily go to waste can be saved in this way and much of the drying and canning can be done cheaper under the newer processes than it can be done in the home. The service of Mrs. E. E. Sprague who had charge of the community drying plant in East Lincoln last year has been obtained through the County Agent's office and a meeting will be held at the High School building at 3 p. m., June 11.

We would like to have every woman in O'Neil and the surrounding country to attend.
F. H. LANCASTER,
Emerg. Dist. Demon. Agent.

Many readers will profit by the following. Mrs. Bowen, O'Neil, says: "I was having a terrible backache and the dull, heavy pain was so steady it seemed to wear me all out. I couldn't get much rest at night and it was all I could do to keep at my work. Many days I had a severe pain in the back of my head. My kidneys acted irregularly and showed they were out

WILL HELP O'NEILL
"I hated cooking because whatever

I ate gave me a sour stomach and a bloated feeling. I drank hot water and olive oil by the gallon. Nothing helped until I tried simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka." Because it flushes the EN-TIRE bowel tract completely Adler-i-ka relieves ANY CASE sour stomach, gas or constipation and prevents appendicitis. The INSTANT action is surprising.
