Where Beauty Is More Than Skin Deep

WE never saw a motorist who wouldn't admit that the Black Tread and Red Sides combination in Diamond Tires makes the handsomest tire equipment he ever saw.

But we're here to tell you that you can't see the real beauty about Diamonds,—their husky strength and long mileage. You read about it on your speedometer after thousands of miles.

Take our "tip"! Try one Diamond! It'll cost you less than the average tire, and before long, you'll want Diamonds "all around".

Diamond Tubes don't deteriorate while you carry them as "extras." They hold their life for years.
