girls out by buying something for your Sunday dinner.

M. F. Kirwin went down to Norfolk Tuesday with his son, Leonard, who enlisted there in the navy, as a "Painter of the Second Class," and was sent east the same day. "Sandy" waited but four days after becoming eighteen to join the mighty and gallant stream of young Americans now assembling to forever efface the present brand of German Kultur.

Sergeants Ben Grady and Frank O'Connell arrived home for a five day furlough Sunday, returning to Camp Funston Thursday morning. The boys report that the big camp is practically deserted now, most of the division being on the move somewhere in the east and on the way overseas. John Miskimmons was in the city Wednesday. The later part of last week John traded an apartment house that he owned in Omaha for a ranch near Arabia, Cherry county, and will take possession the latter part of the week. We received a letter from Harry Radaker the first of the week. He was at Hemstead, N. Y., and expected to leave in a few days for across the water. He said that Alfred Struby, also from this city, was three with him. He said that they met accidentally there and both were so surprised that they could hardly speak for a while. He said they had a good old time visit together and that they were tenting not thirty feet apart. He desired to be remembered to all his O'Neill friends.

Frank Phillips returned from Omaha, the first of the week, where he heard Teddy Saturday evening and had his pocket picked while trying to get into the auditorium. The financial loss was only ten or twelve dollars and the pleasure of hearing Roosevelt was well worth it, he says. Mr. Phillips returned by automobile. Crops of all kinds are looking fine along the route, he declares, and if no ill weather happens from now on,

northwestern Nebraska will produce immense crops this year.

Call No. 586.

The following men having volunteered for Military Service under Call No. 586 have been accepted for service by the Local Board for Holt county, and will be inducted into service and sent to University of Nebraska for Special Training Saturday, June 15:

Call 586 and New Registrants.

Local Boards will please take notice that the men being registered June 5th are not eligible to volunteer or to be listed as available under Call 586 (for special training at the University of Nebraska). If any Board has reported any such registrants as available, it should at once notify this office of the fact. If any Local Board has inducted or started to induct any such man under this call, it should cancel the induction.

Newly Registered Men and the Navy.

The newly registered men—those registering June 5th, 1918, and later—must wait their classification or further orders of the Department before being allowed the certificate under Section 151, S. S. R., to enable them to join the Navy or the Marines. Local Boards will therefore, until further orders, refuse to give such certificate to any such newly registered man.

Board Member's Tenure of Office.

The term of a Board member does not end at the termination of any state, county or other office that he may be holding. In other words, his failure to be re-elected or his resignation as a county official does not in any way affect his status as a member of an exemption board. If because of his change of status as a county official he is compelled to so change his occupation or place of residence that it is impossible for him to continue to serve upon the exemption Board, it is possible that he might be relieved from service on the Board upon his filing with the Governor his request accompanied by a full statement of the facts, but until such request is granted he continues as a member of the Board.

By direction of  
GOVERNOR NEVILLE.

## I AM A PATRIOTIC WORKER

But find it hard to make both ends meet. There never was a time in my life when a dollar bought---so---as little as it does today. I have been asked to do my share in the National wide Campaign of Saving, and I'M DOING IT. I have been asked to eat less wheat, meat and sugar, and I'M DOING IT. I have been asked to wear my old clothes, save my money, and back the Government with every dollar I can, and I'M DOING IT.

## But I Must Have Help

Too, If I am to work my best and do what is asked, I must sell my good shoes. A poorly shod man can't do a good day's work.

There are shoes made under good conditions for the worker that give the wear I need, and are sold at prices I can afford. They are

### Peters' Black Diamond Shoes

Remember that we workers are the great mass of the buying public, and more than ever before, must watch what we PAY and what we GET for shoes.

"Team Work" is the big national need. If you want to help me save money for other things; if you want my trade; wear the shoes I sell, and you will find a reason why you can do better and get more service out of our line of Shoes, by confining your purchase to our line, than by dividing your buying. The most successful shoe men buy one good line and stick to it.

A pair of shoes for every member of the family. Always look for the "BLACK DIAMOND" and you will find them solid leather, combined with good looks.
