OUR WAR TASK

It is no light one. It demands the utmost of all.

From this institution the full requirements of duty and patriotism will be met to the best of the individual and collective ability of each officer, director and employee.

From the farmer is required the cultivation of every available acre, more live stock, greater care and effort. From the rest of us it demands aid to the farmer and to every other producer. It requires thrift and the conservation of all our energies.

The Nebraska State Bank is ready to do its share.

We offer the farmer all possible assistance within our power, not alone in money, but in business advice and aid. We will gladly look after his affairs while he is busy in the fields, and will, with equal happiness, give any possible aid to anyone else in the community, to the end that we may all work harmoniously and effectively for the good of the nation.

HAS YOUR SON A BANK ACCOUNT?

Has your boy a Bank Account of his own here? Start him with a small sum here. Then put the Bank Book in his hands. Encourage him to add to it. Let him not only learn the habit of banking money, but he will work whenever he can and make some money. He will learn the habit of being industrious. An industrious son doesn't grow up into the kind of man who breaks his parent's hearts. It's up to you to start your boy. Not to-morrow—nor the next day—nor the next day after—but now—just now. Will you do so?

When industry goes out of the door,
poverty comes in at the window.

RED PEP'S PHILOSOPHY

"Of all sad words I've heard about the saddest are these, 'Your team struck out.'"

But since we "struck out" to furnish the people of this community with perfect laundering there have been no sad words in the homes of our patrons.

A HIGH-CLASS LAUNDRY ONLY CAN DO HIGH-CLASS WORK

No contradiction can wash out that fact. It is as clear as the water we use, as ineffable as the snowy whiteness we impart to linens, and as unyielding as the starch in our collars and cuffs.

WE DO HIGH-CLASS WORK

We take the dirt and leave the clothes. There is one best and we have it. Try our Dry Cleaning Department.

Kill The Barberries.

The common and purple barberries, the shrubs which harbor one stage of the black or stem rust of wheat, are unusually scarce in Holt County, according to Miss Ella R. Walker of the U. S. Department of Agriculture who was in the county May 31st and June 1st.

One large, old hedge, however, was found in O'Neill and the rust was

beginning on it. This one hedge could easily be responsible for the rusted grain in this county. It is quite probable that there are other hedges or individual bushes which have not yet been found and which contribute to the damage done the wheat and other small grain by this rust.

A bush from the hedge in O'Neill is on exhibition in the window of Brennan's store in O'Neill. Every one is urged to see it and become familiar with the bush that is causing the damage to our much needed wheat that he may be able to help in locating the bushes and so aid in their destruction. The common and purple bareberry are an aid to the Kaiser. The Japanese barberry is harmless. If in doubt as to which you have send a sample to your county agent or to the Plant Pathologist, Lincoln, Nebraska.

FIRM FOUNDATION

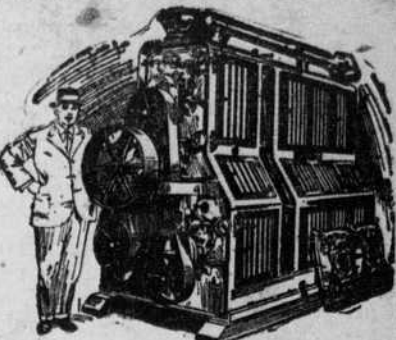

Nothing Can Undermine It In O'Neill.

People are sometimes slow to recognize true merit, and they cannot be blamed, for so many have been humbugged in the past. The experience of many O'Neill residents, expressed publicly through newspapers and other sources, places Doan's Kidney Pills on a firm foundation here.

Mrs. Della Shaw, O'Neill, says: "I have always found Doan's Kidney Pills as represented. I have used them occasionally when my kidneys have become disordered and I have had lameness in my back or have felt run down. Doan's Kidney Pills have always relieved me so I know they can be depended upon."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Shaw had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

There Is a Right and a Wrong Way to Use the Telephone

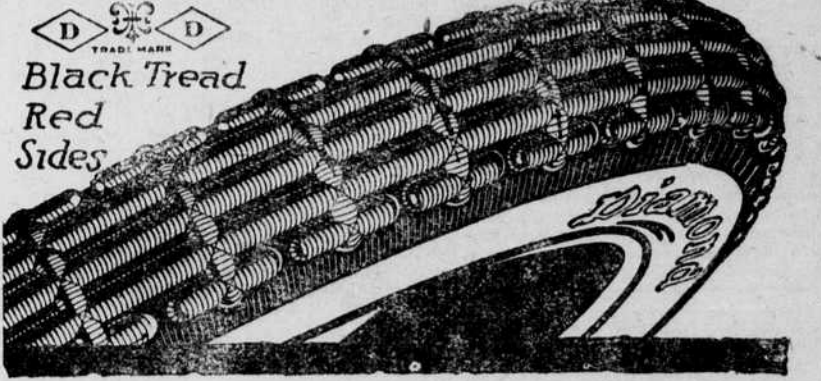

The wrong way to get a telephone number is to call from memory—to "take a chance"—to trust to luck that your memory doesn't play a trick on you with the fickle figures of a telephone number.

The right way is to look in the telephone directory, make sure you have the right number and then give it to the operator slowly and distinctly.

The right way saves annoyance to you and helps build up a higher grade of telephone service for everyone.

One Diamond For Every Three Cars In America

MOTORISTS are buying Diamond Tires in such numbers that over 2,000,000 are now in service—easily, one for every three cars in America.

This patronage is significant when you consider that the big demand for Diamonds comes from motorists who have used them in previous years and insist upon Diamond mileage again.

Such demand can be commanded only by tires of super-value.

A Diamond Tube is likely to outwear your car itself. Made in Gray and Red, in sizes to fit any make of tire.
