ously assessed for taxation in the years 1910 and 1911, that the tax for 1910 is \$2.30 and for the year 1911 \$2.20; that said property was owned during said years by the Presbyterian church of Fage, Nebraska, and was therefore not subject to taxation under section 6301 of the Revised Statutes for 1913, relating to religious associations.

Your petitioner therefore respectfully requests that the taxes against said premises for said years be cancelled upon the tax records in the

office of the treasurer of said county. Dated this 14th day of June, 1913.

WHAT TO USE TO PREVENT APPENDICITIS

O'Neill people should know simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka, flushes the ENTIRE bowel tract so completely that appendicitis is prevented. ONE SPOONFUL Adler-i-ka relieves ANY CASE sour stomach, gas or constipation because it removes ALL foul matter which clogged and poisoned your system. The INSTANT action surprises both doctors and patients. Gilligan & Stout, druggists.

Licenses Required For Stockyards and Live-Stock Dealers.

A Federal license by every commercial stockyard in the country which is to continue in business after July 25, 1913, and by all commission merchants and dealers in live stock in connection with stockyards, is required by a proclamation issued by the President. The licensing proclamation is one of a series issued by the President, under authority of the Food-Control Act of last August, bringing the dealing in necessities under the control of the Federal Government.

Knitted Articles Shipped.

Mrs. Longstaff shipped knitting on June 21st as follows:

Helmets 5; mufflers 10; sweaters 202; wristlets 19 pairs.
Dorsey—Sweaters 49; mufflers 1; wristlets 3 pairs.
Page—Helmets 5; sweaters 19.
Keith—Sweaters 4.
Emmet—Sweaters 7; wristlets 2 pairs.
O'Neill—Mufflers 9; sweaters 123; wristlets 14 pairs.

I have kept back all socks for next quota of 720 pairs. You will be given credit for all socks in next shipment which will be about August 20th. Please get busy with socks. They need more socks than any other article. We are asked not to use the yarn for any other purpose than socks.

FARM BUREAU NOTES.

A supply of Government Bulletins on Labor Saving Practices in Hay Making and on Grasshopper Control has just been received by the Agent. Write the office if you want a copy of each mailed to you.

Much damage is being done by the grasshoppers in Boyd county and results are being obtained by poisoning. We had the druggists order a large supply of Paris Green and Arsenic which is being sold below the usual price.

Cattle Losses.

Several cases of Hemorrhagic Septicemia in herds of cattle have been reported to the agent during the past week. The animal shows a mental disturbance, has a staggering gait, rolling of the eye balls, sometimes loss of appetite, quickened and heavy breathing, swelling of the throat, and saliva drips from the throat. Diarrhea is frequently present and discharges streaked with blood. There is a rapid loss of flesh. The disease spreads slowly in the herd. If you detect any of these symptoms in your herd notify the office and we can get vaccine for you or call a veterinarian. A large percentage of the cases reported as cornstalk disease has in reality been this disease.

Threshing and Harvesting.

The work of organizing the threshing is being carried on rapidly. The following suggestions may help in saving much of the grain ordinarily lost. Have each machine carry a canvas to place under the feeder; all racks should be equipped with tight bottoms; shock rows raked after the field has been cleaned. Farmers who stack their grain should plow the stack yard first thus leaving the soil

loose and water falling will be taken up by the soil and there will be no damaged grain in the stack bottom.

Canning School.

Ladies should remember the canning schools and attend the one nearest you. O'Neill, July 1 to 6; Atkinson, July 8 to 12; Ewing, July 12 and 13.

GIVING OUT

The Struggle Discourages Many a Citizen of O'Neill.

Around all day with an aching back.
Can't rest at night;
Enough to make anyone "give out."
Doan's Kidney Pills are helping thousands.
They are for kidney backache; And other kidney ills.
Here is O'Neill proof of their merit; Mrs. Byron Parker says: "I have used Doan's Kidney Pills off and on for years and they have done me a lot of good. I take them when I get attacks of backache, which come on from overwork. Sometimes my back has been so sore and lame and has pained so terribly, I couldn't move another step. I have then used a box of Doan's Kidney Pills and they have driven the pains away, strengthened my back and helped me in every way."
Price 60¢, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Parker had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Don't Always Blame the Telephone Operator When You Are Called by Mistake

Were you ever called to the telephone when another number was wanted?

When this occurs, the operator, to be sure, may have humanly erred by ringing on the wrong line. More often, however, it is the fault of the person making the call.

People often ask for 456, for example, when 546 is wanted and then either "hang up" when the mistake is realized or become impatient when the wrong person answers.

Unfamiliarity with the work of telephone operating often prompts unjust criticism. Please don't forget the earnestness of the operator's effort when some occasional service difficulty does arise.

Rapp Bros. Herefords and 2,560 Acre Ranch Sale
EWING, NEBRASKA
Monday, Tues., Wednesday, July 1, 2, 3
240 Regist'd Herefords; 700 Grade Herefords
20 HORSES

The cattle selling in this sale are a fine lot of range-bred animals and have been raised on an abundance of hay and grass. They are in excellent breeding condition, having never been pampered in any way, and they show good lines and markings. These cattle will make their purchasers good profit on the investment.

RANCH OF 2,560 ACRES

This ranch is one of the very best of its kind to be found, with 400 acres of leased school land accompanying it, located one mile from Ewing, with the South Fork of the Elkhorn running through its center. A big portion of this ranch is sub-irrigated land, seeded to tame grasses, provided with an abundance of shade and water and fenced with best of fences, being about ten miles of woven fence. There are about twenty hay meadows and pastures, besides numerous other yards for cutting out and sorting cattle. Two sets of buildings and place could be divided into two ranches.

The cattle will be sold for cash; terms on ranch can be arranged on day of sale.
