BAKER DRAWS FIRST ONE

No 246 Heads List of 1,200 In Various Precincts Throughout Country-Last Out of Box Is No. 225.

Washington: June 27.-The drawing of numbers to determine the order in which youths of the classes of 1918 will be called into military service was conducted here today with much the same ceremony that marked the great

drawing of a year ago.

This time, however, it was a much smaller affair and in view of the fact that the classification system more nearly determines the order of service than does the actual numerical order, it was not surrounded with such dramatic interest.

The drawing was held in the great conference room of the Senate office building with Secretary Baker blindfolded taking the first gelatine capsule, with a number enclosed, from the glass bowl. It was number 246. Numbers 1163 and 518 were the second and third, respectively, and thus the drawing room. respectively and thus the drawing con-tinued to the end.

Big blackboards for checking the

record were placed against the wall at the rear of the room. The numbers were written on the board as drawn and then the board was photographed to make a permanent, incontrovertible record.

Secretary Baker, General March, chief of staff, Provost Marshal General Crowder, Chairman Chamberlain and members of the Senate military commembers of the Senate military committees of the House military committees about the table as the first numbers were drawn. After Secretary Baker had taken out the first capsule, Senators Chamberlain and Warren, Representatives Dent and Market Market and Market Market

Kahn, Generals March, Crowder, Col-one's Charles B. Warren and J. S. Easby-Smith and Maj. J. C. Cramer in

order stepped up to dray.

Maj. "Billy" Welborn, a woman clerk
in the provost marshal general's office,
then drew the eleventh number and
proceeded to draw all the others as the tellers recorded them.
Draft No. 1 came out in the 644th

The twelve hundredth capsule with 225 was taken from the bow! at 11:38,

and the drawing was over.

For purposes of accuracy in transmission and rechecking the draft numbers are printed in blocks of 10 each.

Thus the number appearing at the beginning of each paragraph has no reference to the order of call.

Senator Borah Forces Republicans to Adopt Nonpartisan Principles.

Boise, Id., June 27.—The republican party organization of Idaho has been party organization of Idaho has been captured by the Nonpartisan league with the help of Senator William E. Borah. The democrats will fight the league. This was decided at the state platform conventions which concluded their work when the republican convention adjourned Wednesday morning after 2 o'clock.

after 2 o'clock.

Senator Borah is the man who forced the adoption by the republicans of planks demanded by the Nonpartisan league, which in Idaho has centered its fight on the so called "power trust." The platform committee fought all day and half the night over a plank approving state development and ownership of unused water power sites. It was adopted after a lively convention floor adopted after a lively convention floor fight only after a secret letter from Senator Borah, asking that such a plank be included was read in executive session. The democratic platform condemns "persons who attempt to stir up class hatred." By common consent of the delegates this plank rejects non-partisan indorsement of democratic candidates.

Both platforms declare in favor of passage of federal constitutional amendments granting suffrage to women and ending the liquor trade in

the United States.

The socialist state platform convention declared in favor of "an early, lasting and democratic peace, without forced annexations or punitive indem-
