SERVICE ON WHEELS

In modern warfare there is much portable relief work done. Instead of carrying the wounded man to hospital and canteen, canteen and hospital are moved to him. The first thing that is done for a man after the battle is to give him something to eat. The American Red Cross has rolling canteens that take hot bouillon, coffee, tea, cocoa, lemonade and sandwiches right to the front line trenches. To the man who is wounded there is a mobile hospital brought to his very elbow. This is the "autochlr," a special motor truck that carries a complete surgical hospital right to the front.

These are some of the things that the people of America are doing for the comfort and welfare of the boys over there by enrolling their names in the Red Cross Christmas Roll Call. The Red Cross button and the Red Cross Service Flag should everywhere be in evidence during the week of December 16th to the 23d as outward symbols of this annual rededication to Red Cross service.

RED CROSS SUNDAY

The Red Cross Christmas Roll Call week begins with a special Red Cross Sunday on December the fifteenth. From every pulpit throughout the country will be told the message of the American Red Cross. Special programs should be arranged in the Sunday Schools on this day.

The Sunday School room should flame with Red Cross posters and emblems, and there should be prominently displayed both a Red Cross flag and a Red Cross Service flag. Teachers and pupils should carry home this Red Cross message to the members of their families and see to it that each one of these is wearing the Red Cross membership button before the week is over. The Christmas spirit should express itself in Red Cross service and sacrifice.

GERMAN PRISONERS REBUILD BELGIAN HOMES.

German prisoners were used to construct homes for Belgian refugees in the village which the American Red Cross is constructing for families rendered homeless by the German invasion of Belgium. Many prisoners have been put to work in the fields of France in this section, harvesting wheat and other crops and thus lessening the burden on the women and very old men who have been operating the farms while their men are fighting at the front.

GOVERNMENT FARM LOANS

The Federal Land Bank of Omaha is now loaning about One Million dollars each month. March first they will be called on to close loans amounting from Fifteen to Twenty Millions and in order to handle so large a volume all must be ready in advance, applications approved, land inspected, papers drawn, signed and check mailed to the local associations. This cannot be done in a few days. Make your application early. Make it NOW. Rates of 5½% are guaranteed.

The Government Farm Loan is the best from the Farmers standpoint, low rates, long time, never have to be renewed, optional payments after 5 years, more per acre easy payments of principal.

Every Farmer should understand the Federal Farm Loan system. If you are not familiar with it, let me explain it to you, and make your application early. MAKE IT NOW.

My territory in Holt County takes in all Farms located in Ranges of 31-32-33 and 34, north of O'Neill and Atkinson, south of the Niobrara River. Call on me or write.

Boyd and Holt County Farm Loan Association,
Butte, Nebraska.

RED CROSS AIDS FARMING IN ITALY

Through efforts of the American Red Cross scientific farming is now being taught the younger generation of Italy, thus eliminating considerable waste and replacing old-fashioned implements with modern American-made machinery.

Schools of agriculture have been established, and the Department of Civil Affairs of the American Red Cross, co-operating with a similar Italian organization, known as the "Comitato per gli Orfani de Constatini Morti in Guerra," has opened a school of farming, conducted by Salesian Fathers, in fields just outside the Porta Furba, one of the historic gateways of Rome.

The boys of the school, all orphans of peasant soldiers, are given training in scientific and practical farming, the object being to strengthen their attachment to the soil, also to convert them into good and intelligent farmers. Lectures and classroom instruction are accompanied by field work with modern tools under the direct supervision of the younger Fathers of the institution, who work side by side with the boys in the fields, teaching and demonstrating.

BISHOP JOHN J. O'CONNOR TELLS OF RED CROSS APPEAL

Bishop John J. O'Connor of Newark thus expresses his approval of the Red Cross Christmas roll call:

"A citizen of the United States can offer no valid excuse for failure to enroll himself in the American Red Cross Society. An organization whose one great principle is humanity has the right to call all men to its standard. The Red Cross appeals to the common human in us. It aims at giving fine words, like sympathy and pity and mercy, some practical value. The world has waited a long time for an organization which could give to vague feelings of sympathy wide, practical application. The American Red Cross fulfills every requirement of a broadly humanitarian association. It accepts only universally admitted principles. It limits its operations to no particular class. It sides with no party. It asks of its members but two things—that they have pity on suffering wherever found and that they have the will to relieve misfortune.

"The appeal of the Red Cross for an increased membership should be instantly heeded. The man who fails to heed this call places himself outside the pale. He does not feel with his native land. He is not one with his kind. Here is our opportunity to join in a work which gives to religion and its teaching present value. Place your names on the rolls of the American Red Cross."

WHY AMERICA NEEDS CHRISTMAS ROLL CALL

George E. Scott, general manager of the American Red Cross, thus explains the necessity for the Christmas Roll Call:

"The response that the people of the United States make when the Christmas Roll Call summons them to a universal membership in the American Red Cross will, if that response is nation wide, accomplish these things:

"It will give exalted purpose and high resolve to the Soldiers and Sailors of America.

"It will give encouragement and renewed devotion to those who are working here at home.

"It will give inspiration and courage to those of our people who are laboring overseas."

Three more days at \$1.50 per year.

"I see the American officers had difficulty holding the Yanks back."

"Yes, but that wasn't troubling the American officers half as much as it was the Huns."—Detroit Free Press

Hopes So.

"Thank you," said a certain St. Paul minister, receiving a gift from a parishoner of a fountain pen. "I trust I will now be able to write better sermons."

"I hope so," responded the parishoner.

WOMAN'S STATEMENT WILL HELP O'NEILL

"I hated cooking because whatever I ate gave me sour stomach and a bloated feeling. I drank hot water and olive oil by the gallon. Nothing helped me until I tried simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka." Because it flushes the ENTIRE bowel tract completely Adler-i-ka relieves ANY CASE sour stomach, gas or constipation and prevents appendicitis. The IN-

STANT action is surprising. Gilligan & Stout, druggists.

O'NEILL MAN'S SELECTION.

It has been proven time and time again that the best thing for the aches and pains of kidney trouble is Doan's Kidney Pills. This is the medicine Mr. Mills selected and he soon found that he had made no mistake. Mr. Mills tells about his experience in an interesting statement. Here it is—a copy of his signed testimony:

R. H. Mills, O'Neill, says: "I have had no further need of Doan's Kidney Pills since publicly recommending them some time ago. I still praise them because of the satisfactory relief they gave me from backache and lameness I had when my kidneys disordered."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Mills had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.
