

# ATTENTION! Farmers & Stockmen

What are you doing to increase your land value and put your county on the Map? I have lived in Custer county for the past 35 years and my brother and I have been engaged extensively in the raising of mules. It is my belief that through the efforts of my brother and myself and through the interest taken by other farmers and stockmen in the raising of mules, that we have made it possible to claim for Custer County, the distinction of raising the largest number of mules of any county in the state.

I am acquainted with Holt County and its possibilities, and I believe that you can rival or even surpass Custer County in the production of mules and I assure you that you will not only add to the distinction of your county from a stockraising standpoint, but you will enhance your profits even greater than in the hog and cattle industry.

We handle and sell more jacks than any firm in the state. We have on hand at the present time, 10 large fine jacks which we imported from Missouri and Kentucky last fall and I am satisfied that they are the best bunch of jacks you will find anywhere in the state.

These jacks are from 14 1/2 to 15 1/2 hands high, average 2 to 8 years old, they are all registered and inspected, and we guarantee every animal we sell. Our prices for these jacks are from \$700.00 to \$1,100.00 each.

ADVERTISING RATES:  
Display advertising on Pages 4, 5 and 8 are charged for on a basis of 50 cents an inch (one column width) per month; on Page 1 the charge is \$1.00 an inch per month. Local advertisements, 5 cents per line, each insertion.

Every subscription is regarded as an open account. The names of subscribers will be instantly removed from our mailing list at expiration of time paid for, if publisher shall be notified; otherwise the subscription remains in force at the designated subscription price. Every subscriber must understand that these conditions are made a part of the contract between publisher and subscriber.

The Council of Four now are making history at Paris, but their history never will be studied by the average American as closely as has been the history of the Four Kings.

Gazing through the newly washed windows of The Frontier office and across the street to the wreckage of ruined Belgium, with its battery of tombstones standing grim sentinel in

the rear, one is reminded that just seven months and eight days ago Jim McPharlin's barbershop was destroyed by fire.

Last week's snows drifted badly in the railroad cuts near Chambers, according to M. Wirt Hiatt of the Chambers Sun.

Editor Kelly remarks in last week's Atkinson Graphic that the town is badly in need of a religious revival, a new hotel and a new high school building. The need of the first mentioned is universally conceded.

There must be one church with a very large and growing congregation in Gordon, Nebraska. A five gallon can of 190 proof alcohol which fell off a train at Inman the other day was destined to Gordon for sacramental purposes, according to the label.

The Atkinson Graphic says that Atkinson is going to become a railroad junction point as soon as the government gets through manipulating private enterprises. It is rumored that the Florida, Chambers and Alaska railroad, and Az Perry's North Pole to the Gulf roads are going to junk there.

The World-Herald at last admits that the notorious pro-German Patricia Newcomb letters which were a feature of the publication before popular sentiment became strong against them, had tacit approval and endorsement of Senator Hitchcock. The admission is indirectly made in an open letter by the World-Herald editor replying to a letter of Governor McKelvie. Editor Neubrandt in his letter declares that Senator Hitchcock as owner of the World-Herald is responsible for articles and editorials appearing in the paper.

A five gallon can of alcohol fell off a Northwestern train down at Inman recently. The stopper had been removed when the can was found. Then the Inman Leader issued a boom edition announcing that Inman was to be made a freight division terminal point and the commercial club decided to inaugurate a campaign for electric lights, and water and sewer systems and a city hall. Railroad officials at last located the can and shipped it and the remaining contents to Gordon, to which place it had been billed. Inman will content itself this year with a four days chautauqua in June.

War Tank Gives Demonstration.  
O'Neill citizens had their first opportunity to see a war tank in operation Thursday morning, when the Whippet tank, with its crew of soldiers, sent out by the government in the interest of the Victory Loan, demonstrated that a tank can go about any place it wants to. The tank, of the caterpillar tractor type, is manned by a crew of two, a driver and a gunner. It can carry and safely house six men if occasion requires. These tanks were used in the war in nosing out and destroying machine gun nests. The tank crawled in and out of the big hole at the Brennan corner, Fourth and Douglas, then went down to the site of the burned buildings across from The Frontier office and crawled in and out of the excavations and open basements there, and over the wreckage, just as though there were no impediments in its way. Following the demonstration speeches for the Victory Loan, the drive for which starts Monday, were delivered by Charles Stewart and Hugh J. Boyle of Norfolk and M. F. Harrington, of O'Neill, and Ex. Congressman Stephens of the Third district. The special train carrying the tank, attendants and speakers, arrived from the west Wednesday night and left Thursday afternoon for Neligh, the next stop.

### Fair Premiums For Pedigreed Stock Only.

A livestock show of pedigreed stock only, will be the big feature of the county fair this fall and registered animals from some of the best herds in the county and state will be on exhibition.

Decision to make the Holt county fair one of the big live stock annual events of the state was arrived at by the board of directors of the fair association at its meeting Saturday afternoon and the livestock premium purses were increased from 150 to 250 and in several instances 300 per cent over the lists of previous years. With these big increases and the barring of grade stock from competing for the general premiums blooded stock raisers will be attracted to the fair as an important exhibition event and those in the market for blooded animals also will be drawn to O'Neill. No premiums at all for grade animals will be offered by the association, but if local business men desire to offer purses for the purposes they will be permitted to do so.

A race program of both punning and harness races, something that has not appeared on the fair program for several years, also is to be a feature this year. Substantial purses, sufficient to attract a good string of steppers, are to be offered. The track will be worked this summer and the board has instructed Secretary Campbell to see that the grandstand and all the buildings are placed in good repair and each given a coat of white paint. The board of directors also contracted for an attractive line of free entertainment at the fair grounds for the patrons, included among which are "The Warricks," a comedy team in a Fort Trick House act and a Rube Hayrack act; the famous "Skating Macs;" and the "Peerless Trio" in musical stunts. The board of directors has been increased to twelve and on its membership are some of the leading hustlers and prominent farmers of the county. The board and officers are as follows:

President, J. J. Harrington, O'Neill; Vice President, H. W. Tomlinson, O'Neill; Secretary and Treasurer, Frank Campbell, O'Neill.  
Directors—John Carr, Stafford; C. M. Daly, O'Neill; Fred Richter, Sr., Scottville; S. M. Berry, O'Neill; E. F. Barnes, Atkinson; William Gannon, Inman; Col. Barney Stewart, Page; J. Victor Johnson, Phoenix; Neil Ryan, Chambers; Fred Watson, Amelia; Noah Peterson, Stuart.

Martin-Knight.  
Miss Ethel Martin of this city and Mr. Flora Knight, of Walnut, were united in marriage at the Methodist parsonage Wednesday afternoon, the Rev. Walker officiating. They left on the evening train for Leet, Nebraska, near which place Mr. Knight will have charge of a large ranch. Mrs. Knight is the daughter of Mr. and Mrs. Charles Martin, residing south of O'Neill and is one of Holt county's most charming daughters. The Frontier joins their host of friends in extending best wishes to the happy young couple.

## WARNER & SONS

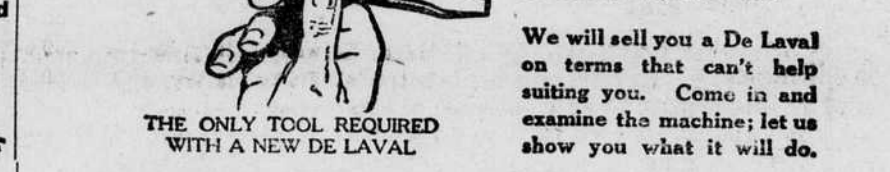

O'NEILL, NEB.

Our reputation for fair dealing and reliable goods, coupled with the De Laval record of service and durability, has made the De Laval Cream Separator the leader in this community.

WITH a single tool—the combination wrench and screw driver shown below, which is included with every De Laval—you can take it apart and set it up again in a few minutes.

Could anything be easier or simpler?  
There are no complicated parts—no chain drives, no cog wheel puzzles, no ball bearings to get flattened or broken. Every adjustment can be made quickly by the man on the farm without special tools of any kind.

Such simple construction makes the De Laval not only the longest lasting but also the easiest separator to clean and care for.

We will sell you a De Laval on terms that can't help suiting you. Come in and examine the machine; let us show you what it will do.  
SOONER OR LATER YOU WILL BUY A
