Record Land Sale.
C.M. Daly reports having made sale of the Garret Janzing farm, comprising 960 acres. This is one of the very best farms of this county and is located nine miles northwest of this city, and five miles northeast of Emmet. It includes a quarter section of land owned by Herman Janzing, both brothers disposing of their land in the same deal. It also includes a half section known as the Fritz Trumpeter land. This 960 acres of land does not need any recommendation to anyone in this county that knows it. There are two complete sets of improvements on the land. There are two splendid orchards on the land and on the Trumpeter farm there is one of the best orchards in the county, and

the Garret Janzing home farm is one of the best improved farms in the county, every detail and facility around the place to be desired on the modern up-to-date farm. There is a good lot of alfalfa on the land, level hay, good pasture and excellent farm land, and good groves surround the buildings. The Janzing brothers came to Holt county about thirty years ago practically without a dollar and accumulated all this land and other property through their hard work and business management, and have developed their land from its prairie state to well-improved highly productive farms. Mr. Daly says that he sold the land for over \$100,000, making the sale to one individual. The Janzing brothers are to give possession of the

land on March 1, 1920. It is not known what these men who have sold will do but that they expect to retire from the farm and will perhaps come to O'Neill to live. Mr. Daly also states that he is concluding the sale of 480 acres of other land in the vicinity of O'Neill to the same party. With the conclusion of this sale it will be the largest individual sale of farm lands made in the county and will aggregate a total of over \$150,000.

Charles M. Daaly is one of the prominent young men of Holt County. Mr. Daly, who is in the real estate business, is one of the councilmen in the First ward of the city of O'Neill and is secretary of the city Commercial Club. Always a consistent booster for Holt county people and their products, Mr. Daly has been very instrumental in bringing the advantages of this county to the attention of the country through able and judicious advertising in the metropolitan and country press. He is a resident of O'Neill, is married and has four children.

Irishmen At the Front.

The first American officer to be killed in France was Lieutenant Fitzsimmons of Kansas City, who lost his life when German airmen bombed hospitals in the rear of the British line where he was stationed as a medical officer in charge of wounded. The first American non-commissioned officer to lose his life in the overseas expedition was Sergt. Patrick Cassidy

of Syracuse, N. Y. The first American private soldier to give up his life for his country in France was Private James Tracy of Philadelphia. The first American soldier to win the French war cross with palms, awarded for conspicuous gallantry, was Private

John McClain of Peekskill, N. Y. All these young men, as their names indicate, were Americans of Irish descent which is a fair enough record, says the San Antonio Light, for the warmest of the season. It registered 98 degrees last Tuesday.

of them are said to have been native-born Americans, too.

"Royal" Theatre Program:

Northern Lights!

Bread Made From This Flour Took First Prize
At the Holt County Fair In 1916, In a
Field of Eighteen Entries.

We had a fire scare in the Elevator but are still doing business. No damage done to the mill building at all, not even smoke. Have overhauled all machinery and new bolting cloths on the mill and we are making better flour now than we ever made. If you don't believe this come and get a sack and if you don't find it true bring back the empty bag and get your money back.

Yours,

O'Neill Mill & Elevator.

McCORMICK & DEERING BINDERS, MOWERS AND RAKES

We are agents for the McCormick and Deering line of Binders, Mowers and Rakes.

Come in if you are in the market for a binder and let's go over these machines together and get a close up of these good machines.

Here is something to keep fresh in your memory:

With any implement of the McCormick or Deering line, goes service. Not a jerky hit or miss service but one that is with you as long as you own one of these machines.

We have the largest stock of repairs for both the McCormick and Deering ever carried in this part of the state; so get in early and get yours.

O. F. Biglin, O'Neill
