Motion carried.  
To the Honorable Board of Supervisors of Holt county, Nebraska:  
Your petitioner, W. M. Rainbolt, respectfully states that he is the owner of the Southwest quarter of Section 33, in Township 33, Range 12, in Holt county, Nebraska. That on the 18th day of January, 1894, one T. A. Thompson made and executed to Holt county, Nebraska, a quit claim deed for said premises. That said land had been sold erroneously by the County Treasurer of Holt county for taxes which were not legally chargeable against said land and that a tax deed was issued thereon and that thereafter the County of Holt paid said illegal and void taxes to the purchaser of said tax sale and said purchaser executed and delivered to Holt county, Nebraska, a quit claim deed of said premises. That in order to perfect petitioner's title to said land it is necessary that Holt county execute and deliver to him a quit claim deed for said premises and he respectfully asks that your honorable body order that a quit claim deed be executed and delivered to him for said premises and direct that said deed be signed by the Chairman of the Board of Supervisors and attested by the County Clerk of said county.  
W. M. RAINBOLT.

By W. J. Hammond, His Attorney.  
Mr. Chairman: I move that the above petition be allowed and that the Chairman of this body be directed to execute on behalf of said county of Holt a quit claim deed to the premises above described to W. M. Rainbolt and that the County Clerk attest said deed.  
M. ROTHERHAM.  
I second the motion.  
J. V. JOHNSON.

## Is it Possible to Legislate Life and Brains?

Swift & Company is primarily an organization of men, not a collection of brick, mortar, and machinery.

Packing Plants, their equipment and usefulness are only outward symbols of the intelligence, life - long experience, and right purpose of the men who compose the organization and of those who direct it.

Will not Government direction of the packing industry, now contemplated by Congress, take over the empty husk of physical property and equipment and sacrifice the initiative, experience and devotion of these men, which is the life itself of the industry?

What legislation, what political adroitness could replace such life and brains, once driven out?

Let us send you a Swift "Dollar." It will interest you.

## Now All You Good Fellows, Come Fill Up Your Pipes

15c

The Velvet tin is twice as big as shown here

If ever men are "Tom" and "Bill" to each other, it's when good pipes are a-going. If ever good pipes go their best, 'tis when Velvet's in the bowl.

For Velvet is a mighty friendly smoke. Kentucky Burley is the leaf that Nature made for pipes. Wholesome and hearty, honest as the day. And Velvet is that same good Burley leaf, brought to mellow middle age.

For eight long seasons Velvet "meditates" in wooden hogsheads, throwing off the rawness of "young" tobacco—truly "ageing in the wood." Out Velvet comes—cool, calm and generous—the tobacco Nature made good, kept good and made better.

Velvet's sweetness is the sweetness of good tobacco, not "put on" like "frosting" on a cake. Its mildness comes from natural ageing, not from having the life baked out. Its fragrance is true tobacco fragrance, not a perfume. And Velvet makes an A Number One cigarette. Roll one.

As good old Velvet Joe says:

"Fill yo' heart with friendly thoughts,  
Yo' mouth with friendly smoke—  
An' let the old world wag."
