Board met in regular session, all members present but Schollmeyer and Rotherham.			

The following bids for printing delinquent tax list were opened:  
 O'Neill, Neb., August 25, 1919.  
 Holt County Board of Supervisors, O'Neill, Nebraska.  
 Gentlemen: We will print the delinquent tax list for 1919 in the columns of The Frontier for the following rates: For each description of land, 6 cents; for each description of town lots, 4 cents.  
 In considering the bids for this work the Board should take into consideration the fact that The Frontier has the largest circulation of any newspaper in the county and it is worth more to advertise in its columns than in any other paper, as it takes more paper to do the work with, and gives the advertising more publicity than any other paper by reaching more people in the county.  
 Very truly yours,  
 D. H. CRONIN.  
 On motion printing delinquent tax list was awarded to Mr. D. H. Cronin of The Frontier.  
 Josie, Nebr., April 26, 1919.  
 Robert E. Gallagher, Co. Treas.  
 Sir: I see by my tax receipt that you have my land taxed in school district 247 and it should be in 245. My personal tax was in 245 all right. This mistake amounts to several dollars. Please correct and remit the difference.  
 Yours respectfully,  
 F. M. ROOSA.  
 P. S.—My land is the W 1/2 of W 1/2

of Section 13 and all of Section 14, in Township 26, Range 16, in Swan tax list and has no authority to change it.  
 Hand your tax receipt and this letter to your supervisor, F. C. Watson,  
 County Treasurer does not make the  
 (Continued on page seven)

## FINE!

That's what they all say when we do their Dry Cleaning and Pressing, and why shouldn't they when we have the largest and best equipped plant in this part of the state. We invite you and your friends to visit our plant and see the way your garments go to their bath in the Highest Test gasoline and then come out spotlessly clean. Then see our steaming, hot presses where your garments get those soft rolls or those straight hard creases. It will be a trip worth taking.

# The Whole Secret of A Better Tire

Simply a Matter of the Maker's Policies

This you will realize—once you try a Brunswick—that a super-tire is possible only when the name certifies that the maker is following the highest standards.  
 For tire making is chiefly a matter of standards and policies—cost plus care. Any maker can build a good tire if he cares to pay perfection's price.  
 All men know Brunswick standards, for Brunswick products have been famous for 74 years.  
 Formulas, fabrics and standards vary vastly in cost. Reinforcements, plies and thickness are a matter of expense. And these variations affect endurance. It rests with the maker how far he wishes to go—how much he can afford to give.  
 For there are no secrets nor patents to hold one back.

To ascertain what each maker offers one must analyze and test some 200 tires—as our laboratories have done.  
 Then it is a matter of combining the best features and building according to the highest standards.  
 Once you try a Brunswick you will understand how we have built model tires, regardless of factory expense.  
 Yet Brunswick Tires cost you the same as other like-type tires. Our saving is on selling cost, through our nation-wide organization.  
 We realize that you expect more from Brunswicks, and we assure you that you get it. ONE Brunswick will tell you the story.  
 And then you'll want ALL Brunswicks. No other tire, you'll agree, gives so much for your money.

## Willard

STORAGE BATTERY

TRADE MARK REGISTERED

### Decide on Your Next Battery NOW

Your next battery should be a Willard with Threaded Rubber Insulation because it is the one kind of battery that gives you adequate protection against the expensive re-insulation that is sure to come to an ordinary battery.

Four years' experience on many thousand cars have proven the remarkable durability of this latest Willard invention.

It eliminates the one biggest cause of battery troubles.

Call and let us tell you about it. We'll help you get every last day's use out of your present battery at the least possible expense, but we want you to have a better battery.
