

MORE LOCAL MATTERS.

Mayor W. P. Sinar, of Atkinson, was an O'Neill business visitor Thursday.

Joe Ziener went down to Lincoln last week, where he entered the state university for the ensuing year.

Mrs. J. J. Harrington returned the latter part of last week from a three months visit with relatives at Valdez, Alaska.

C. A. Nott, of Spaulding, has purchased the Curtis dray line, taking possession Wednesday morning, September 24th.

Pat Connolly, who recently resigned as night operator at the Northwestern station, has accepted the night trick at Inman.

Charles Coyne arrived in the city the first of the week from his home-stead in South Dakota for a short visit with friends.

Clarence A. Hoxsie and Miss Charlotte Mitchell, both of this city, were united in marriage at the county court room by Judge Malone on September 16th.

Merrill C. Beck, of Albion, and Bernice L. Conrad, of Genoa, were united in marriage by Rev. George Longstaff of the Presbyterian church last Monday afternoon.

Myer Richard, manager of the Chicago Bargain Store, returned last Friday evening from a trip to Omaha where he had been looking after some fixtures for his new store.

Mrs. J. P. Gallagher returned last week from a nine months visit in Arizona and California. Mrs. Gallagher says that she enjoyed her trip immensely and fell in love with California, which she claims to be the most enjoyable spot in the world in which to live.

The Frontier is in receipt of a letter from our old friend, J. B. Berry, one of this county's earliest settlers but who has been living at Whitebird, Idaho, the past five or six years. "Back" says: "Find enclosed \$2.00 for subscription to The Frontier. Send her right along, she is a dandy. I have spent the greater part of the past year in a hospital, but am much improved now." "Back's" many Holt county friends hope that he will speedily recover his old-time health and vigor.

James Geig, of St. Edward, Nebr., was an O'Neill visitor last Monday. Mr. Geig was for many years a resident of Saratoga township, this county, and was quite prominent in the political affairs of the county in the old pop days. He left here about twenty years ago, moving to Platte county, where he has since resided. About ten years ago he invested in 800 acres of hay land in southeastern Holt which he is offering at public auction today. It is some of the choicest hay land in the county and will no doubt attract several buyers from the eastern part of the state.

A. C. Purnell, of Atkinson, was an O'Neill visitor last Tuesday and made this office a pleasant call. Mr. Purnell sold his farm of 320 acres, located two miles north and four miles west of Emmet, to C. J. Shellhase, of Jewell county, Kansas, for \$100 per acre and gives the new owner possession on March 1, 1920. Mr. Purnell has been a resident of Holt county for thirty-eight years, having homesteaded the place he sold in the spring of 1881. He has always been a Holt county booster and one of our most prominent and influential citizens. He says that he does not know what he will do to keep busy, now that he has sold the farm, but says that he will remain in good old Holt.

Bernard S. Mullen and Miss Ina Owens were married at Gillette, Wyoming, on September 4th, according to word received by relatives here. The bride and groom were former residents of this city. For the past four years the bride was stenographer in the law offices of Judge J. J. Harrington and is an accomplished and lovable young lady. When she left on her vacation about August 1st none of her friends had an inkling that she would soon become a bride. The groom was born and grew to manhood here. He is the son of Mrs. M. Mullen of this city. For several years he was engaged in the clothing and gents furnishing business, with his brother-in-law, Ben Hart, until they disposed of the business about three months ago. These young people have many friends in this city who wish them many years of happiness and prosperity.

Harry Hurst, who served four years in the Canadian army, has been here the past few weeks visiting friends. Prior to his enlistment, in 1915, he was working on the farm of Lorán Simonson northeast of this city and has many friends throughout the northeastern part of the county. Last week he had the pleasure of meeting his brother, George Hurst, of Ottumwa, Iowa, from whom he had been parted for nineteen years. This was the first time the brothers had ever met to know each other, and they had a happy reunion. When they were little tots their parents died and they

were placed in an orphan asylum, from which they were adopted by farmers living in different parts of the country. Prior to his enlistment in the army Harry had been trying to locate his brother, but without success. While across the sea he received the information that led to the discovery of his brother and as soon as he was discharged he acted upon the information received and found him. It is needless to say that after being parted nineteen years the brothers are enjoying their visit together.

The Primary.

At the primary election, held on Tuesday, September 16, to select candidates for delegates to the constitutional convention, there were less than 1,000 votes cast, 919 to be exact. Of this number J. A. Donohoe received a majority over all the candidates of 195 votes. The vote cast for the various candidates was as follows:

J. A. Donohoe	557
S. A. Hickman	147
Charles Kirkland	130
J. Victor Johnson	85

Donohoe and Hickman will scrap it out at the election next November.

Harty, former Deputy Grand Knight, was elevated to the post of Grand Knight, the highest office in the local council. Other officers elected were as follows: Deputy Grand Knight, W. J. Biglin; Chancellor, Julius D. Cronin; Treasurer, P. J. O'Donnell; Financial Secretary, H. J. Hammond; Recording Secretary, John Gallagher; Advocate, W. J. Democrats Destroying Party.

The following clipped from the Norfolk Press, one of the staunchest and ablest of Nebraska's Democratic organs, gives some indication of which way the wind is blowing:

"A newspaper friend who helped wage many a democratic battle successfully in Nebraska, writes: 'All of us made long and hard fights to build up the party and to make democratic success possible and to have it frittered away destroyed in the building up of their own vanity and selfish ends, is enough to make any observing democratic editor swear off in the lifting of a finger for the party in the future. The democratic party, well, there isn't much of a democratic party left.' And the words are only too true—democrats in Nebraska are only biding their time until they have the opportunity to register their protest against a leadership that has betrayed them. Should President Wilson by any chance seek the nomination for a third term, he will hear from Nebraska democrats in a way that will be entirely beyond misinterpretation. If he gathered during his visit to Omaha that Nebraska democracy was truly reflected in the World-Herald he is a most misguided man, a man to whom is coming the surprise of his life. Why can't the political lieutenants be honest with their captain?"

"Rumor has it that the east has been pretty busy sounding out sentiment regarding U. S. Senator Hitchcock for president. If our own ear is close enough to the ground and our hearing has not gone back on us the sentiment in his home state just now would not elect Mr. Hitchcock to anything. He with President Wilson are fast losing the faith of the people of Nebraska once held by both of them."

This sentiment is becoming quite general.

SEED WHEAT.

The Department of Agriculture wishes to call the attention of all farmers who intend sowing wheat this fall to investigate the germinating properties of the seed they expect to use.

Owing to the small yield of winter wheat in many sections of the state the quality in a good many cases is considerably below the normal. The normal percentage of germination as calculated from all germination tests made by the Division of Seeds of this Department for the year 1918 was 98.85 per cent. Samples of wheat

Mr. Mechanic

A good mechanic is worth his price. And in the long run, he is the cheapest man to hire.

Your shop believes that. And that is why you are on the pay roll.

We believe in this creed, too. That is why we handle the best line of made-to-measure clothes in America. The tailors who make Royal Tailor-Built clothes are good mechanics—master mechanics. And that is why Royal Made-to-Measure clothes are the cheapest to buy in the long run.

Believe us—those Royal cutters handle the scissors as skilfully as you handle a lathe—and that's going some!

We want to show you some of those handsome Fall Woolens we recently received from The Royal Tailors. Don't think, because Royal clothes are made-to-measure—that the prices are going to be painful. Royal Tailoring offers the best in made-to-measure clothes at \$35 to \$65.

That's reasonable—isn't it?

It won't cost you a penny to come in and look. What do you say?

reaching this office in the past few weeks show as low as 50 per cent germination, the range for a large number of samples being from 50 to 91 per cent of germination.

The Department advises that in all cases the best seed obtainable be used for seeding purposes even if this must be shipped in from other points. In all cases where any doubt exists as to the percentage of germination of seed a sample of such seed should be sent to the Department of Agriculture, Lincoln, Nebraska, where a germination test will be made free of charge.

Several samples obtained from shipments into the state show the presence of Darnel seed, which is very difficult to separate from the wheat as the size of the seed is about the same and the ordinary cleaning machinery will not separate the two seeds. Darnel is a weed not commonly found in Nebraska and an effort should be made to prevent the same from being introduced into the state through this means.

Not To Be Caught.

A brilliant wit of the bar looked at

a farm laborer, winked at his friend, and whispered, "Now we'll have some fun! Have you been married?" he asked.

"Ye-e-ees," stammered the laborer, "once."

"Whom did you marry?"

"A w-w-woman, sir."

"Come, my good man, of course it was a woman! Did you ever hear of anyone marrying a man?"

"Ye-e-ees, sir, my sister Jenny did!"
