Spencer Advocate: Considerable local interest is taken in the poisoning of the two Luikhart children by their mother at Pontiac, Mich., accounts of which were given in the papers. The Luikharts formerly lived at Norfolk and were known by several Spencer people. Mrs. Luikhart, the mother, is a sister of Mrs. Papik, who was called to Pontiac last week. It is thought Mrs. Luikhart was deranged. At last accounts the children were recovering.

Talk about adventures! Men in the Navy come home with the kind of experiences that most chaps read of only in the books.

Here's your chance! Uncle Sam has, as you know, a big Navy and gives red-blooded young fellows like you an opportunity to step aboard and "shove off".

What will you get out of it? Just this: A chance to rub elbows with foreign folks in strange parts of the world.

The chance for good honest work on shipboard—the kind of work that teaches you something real: the kind of work that puts

beef on your shoulders and hair on your chest.

You will get 30 care-free vacation days a year, not counting shore leave in home or foreign ports.

You will have the kind of comradeship in travel that sailors know.

You will have regular pay, over and above your meals, lodging and your first uniform outfit—good stuff all of it.

You can join for two years. When you get through you'll be physically and mentally "tuned up" for the rest of your life. You'll be ready through and through for SUCCESS.

There's a Recruiting Station right near you. If you don't know where it is, your Postmaster will be glad to tell you.

To any Father and Mother:—  
In the Navy your boy's food, health, work and play, and moral welfare are looked after by responsible experts.
