

FINISHES LONG AIR JOURNEY

MAYNARD, FLYING PARSON, LANDS AT MINEOLA. WINNER OF 5,400 MILE RACE—GREETED BY WIFE AND LITTLE GIRLS.

Mineola, N. Y., Oct. 20.—Lieut. B. W. Maynard, famous "sky pilot," won the trans-continental air race when he arrived here from San Francisco at 1:50 o'clock this afternoon. He had already won the first leg of the race, reaching San Francisco from Mineola ahead of a large field of contestants last week.

Lieutenant Maynard left Mineola on the first leg of the transcontinental flight at 9:21 a. m., October 8 and arrived at San Francisco 1:27 p. m., October 11, flying time, 24 hours, 56 minutes, 55 1/2 seconds.

On the second leg, Maynard left San Francisco at 1:13 p. m., October 14, and arrived at Mineola this afternoon. Sixty-three aviators started in the race, 15 at San Francisco.

Twenty-seven of these have been forced to withdraw. Nine of the contestants have been killed.

Tots Greet "Daddy." Great shouts greeted the preacher-aviator when he appeared over the field and his plane spiraled to the ground.

Mrs. Maynard, with her two children, waited at the edge of the group around the landing field. As the little plane came to earth, she, with the little ones, rushed toward it, escorted by two officers. Each child carried a big red apple for "daddy."

Maynard turned to his wife immediately when he stepped from his seat. He threw his arms about her and they embraced and kissed each other several times.

The children clamored for their father's attention and seized his legs and demanded attention. He picked up each little one and planted a resounding kiss on its lips.

"Knew it," Says Wife. Mrs. Maynard appeared to be very happy and as her husband took her in his arms she said:

"I knew you'd do it." Photographers and scores of other persons then besieged the flying parson. He was slapped on the back and his hand was pumped by everyone in reaching distance. Movie cameras then began to click and the flyer and his little family were compelled to pose repeatedly.

Flyers Greet, Crowd Cheers. The cheering was resumed when the movie men had their inning. Shouts of "atta boy" and "oh, you Maynard" came from the crowds.

The spectators struggled to get close to the victorious pilot, hundreds surging toward the center of the field.

Sergt. W. E. Cline, Maynard's mechanic, also came in for a warm reception. He also had to submit to the back pounding and hand shaking of the crowd. Both aviators took their reception modestly, both wore a wide grin.

Maynard's De Havilland-4 was smoking as it appeared above the field. Experts expressed the belief that the pilot had about exhausted his oil supply.

He approached the field at high speed and after two sharp spiral banks made a perfect landing. The crowd, breaking through the guards, pursued the plane as it taxied down the field. They were pushed back however, to permit Mrs. Maynard and the children to be the first to greet the flyer.

Trixie Barks Joy. Trixie, the Belgian police dog, that was the first canine adventurer to fly across the continent and back, stood with his paws upon the edge of fuselage and yapped excitedly when the plane came to a halt.

After Maynard had been greeted the dog was lifted from the machine. Though he was a bit stiff, he capered about Maynard's knees, emitting alternate barks and demanded his share of attention.

Maynard's little daughters, Evelyn, 5, and Josephine, 4, were particularly interested in Trixie, and turned their attention to the dog after they had hugged and kissed their daddy.

TO GET BACK IN RACE. Omaha, Neb., Oct. 20.—Lieut. Alex Pearson who was Lieutenant Maynard's closest competitor in the air derby until he was forced to land at North Platte Friday with a broken motor, will resume the race with the second motor taken from the big Martin bombing machine which dropped at Yutan, Neb. There were two motors in the bombing plane. Lieutenant Maynard is using one and the local control commander today expressed the second one to Pearson at North Platte. Pearson will probably be able to resume flying Monday.

DROPS OUT OF RACE. Des Moines, Ia., Oct. 20.—The Balboa II, baby Italian plane of the air derby piloted by Lieutenant Taylor dropped out of the race here this morning, Lieutenant Taylor said. The machine, flying from Mineola, has been delayed several times because of difficulty to get parts and today the oiling system went bad.

LIEUTENANT WRIGHT KILLED. St. Paul, Neb., Oct. 20.—Lieut. Cameron Wright, manager of the local control station in the trans-continental air derby, was instantly killed and Miss Heter, Haggart, of this city, seriously injured when a privately owned airplane in which they were riding, fell 250 feet here Friday afternoon. The machine was piloted by Rex Randall, of Gibbon, Neb. Lieutenant Wright was formerly stationed at Rantoul field, Ill. Lieutenant Tucker,

ACTION OF MINISTERS APPROVING PEACE PACT IRKS SENATOR SHERMAN

Washington, Oct. 20.—Senator Sherman, Illinois, announced today that he refuses to present a resolution from 300 clergymen of the Rock River, Ill., Methodist Episcopal conference urging ratification of the peace treaty and league covenant.

"I wrote them that if they know no more about the plan of salvation than they do about the League of Nations, their congregations need new spiritual guidance," Sherman said.

Wright's assistant, took charge of the local field.

Two Miles a Minute. Lieutenant Maynard flew the 142 miles of the last stage in his great flight at a speed of nearly two miles a minute.

He paid generous tribute to Sergeant N. E. Klein, his companion on the flight.

"Sergeant Klein deserves the greatest credit," said the lieutenant. "It was all up to the lieutenant," promptly retorted the sergeant. "He is the greatest pilot on earth."

Off Again Soon. Lieutenant Maynard's second public announcement following his tribute to his companion in the great race, was a signal proof that neither his courage nor nerve had been affected by the gruelling test to which they had been subjected. He declared with a smile that he would be off again within a few days in an attempt to make a one-stop transcontinental flight. The single stop will be made at Dallas, Tex., and the lieutenant said that he expected to make the attempt within the coming week.

The official congratulations of the army were given to the victorious aviator by Col. Archie Miller, commander of the Long Island flying fields, who waited sympathetically until the lieutenant could greet his family.

Maynard's nearest rival on the second leg eastward was Capt. J. O. Donaldson, last reported en route from Bryan, Ohio.

Flying westward on the second leg, Capt. L. H. Smith was leading. He was last reported between Omaha and St. Paul, Neb. Both Lieut. E. C. Kiel and Lieut. M. E. Queens were en route from Des Moines to Omaha.

WRECKED PLANE AT FINISH. San Francisco, Cal., Oct. 20.—Lieut. D. B. Gish, flying ship No. 10, arrived at the Presidio at 11:22:40 a. m. today. In landing his plane was completely wrecked, but neither Gish nor his mechanic, Pomeroy, were injured.

Major Lyon, piloting ship No. 28, arrived at the Presidio at 10:54:45 a. m. today.

LABOR DELEGATES DEMANDING SPEED

Object to Industrial Conference Delay in Agreeing on Collective Bargaining Principle.

Washington, D. C., Oct. 20.—Renewing their demands that the issue of the right of workers to bargain collectively through their chosen representatives be disposed of by the national industrial conference before other matters are taken up, the labor delegates urged the committee of 15 today to report back the resolutions on this subject when the conference convenes Monday. Adjournment was taken late Friday night without reaching an agreement.

The labor representatives today pointed out that the resolutions already had been debated for two days and that nothing was to be gained by further postponement of a decision.

In the hope of satisfying both labor and capital on the question of how employees should be represented in negotiations with the employers, members of the public group in the committee submitted several amendments to the two resolutions today.

Chairman Cane conferred informally with committee members before the meeting today in an effort to bring together the extreme opinions of the "right" and the "left" factions in order to avoid a break.

Charles Edward Russell, spokesman for the committee, said the various groups were getting closer together.

WIFE OF MILLIONAIRE CHARGES CONSPIRACY

Mrs. Stokes Files Fraud Suit—Stokes Brings in Son's "Darling Pop" Letter.

New York, Oct. 20.—Summons and complaint in a suit of Mrs. Helen Stokes against her husband, W. E. D. Stokes; her stepson, W. E. D. Stokes, Jr.; Thomas Stokes, a brother of her husband; Albert H. Gleason, Stokes' lawyer, and the Mervyn Realty Company, charging conspiracy were on file here today.

Mrs. Stokes alleges the defendants conspired to defraud her of her dower interests in property of her aged husband, estimated at \$1,000,000.

Stokes has submitted to Supreme Court Justice Gavegan an affidavit denying charges made by Mrs. Stokes in a motion for separation with alimony and counsel fees. She charged him with cruelty and infidelity.

With Stokes' affidavit was a letter which he said was written by his son at his request. It reads:

"My Darling Pop: I am sorry to say I was intimate with Helen at Narragansett Pier this fall. W. E. D. Stokes, Jr."

Sale of machine tools valued at approximately \$2,750,000 to a cooperative society composed of the heads of about 500 industrial organizations of Belgium, is announced by the war department.

THEY LEAD CAPITAL AND LABOR IN WHAT MAY PROVE TO BE GREATEST CONFLICT

John H. Fitzpatrick, at right, snapped during session of steel workers' national committee and Judge Elbert H. Gary, hailing taxi after session of U. S. steel corporation directors.

Judge Elbert H. Gary, as head of the U. S. steel corporation, is capital's spokesman in the steel worker's strike. Gary's refusal to confer with a committee of steel workers was the final act which precipitated the strike. The steel corporation employs over 268,000 steel workers and pays a yearly

payroll of over \$450,000,000. The corporation controls the steel situation in this country. John H. Fitzpatrick is chairman of the steel workers' national committee which formulated plans for the strike after Gary's refusal to confer with their members. The committee estimated that sixty-five percent of the steel workers are organized.

San Quentin, Cal., Oct. 20.—The old man who yesterday in an operation was given energy glands taken from a hanged murderer, sat up in bed today and smoked his pipe.

He complained of a slight headache as the only "hangover." Otherwise he was feeling fine," he said.

He must remain in bed, however, for from 10 to 12 days, to allow the wound to heal. Then he will be allowed to walk about. He probably will not be allowed to exercise for four weeks.

It became known that yesterday's operation transplanted two glands to the old man's body, whereas previous operations performed here transplanted only one gland. Because of the double nature of the operation, the old man will be watched carefully to prevent strain.

He must remain known to the public as "the old man." Prison officials refuse to divulge his name, or even

his number. It was learned, however, that he was sent up for 60 years from Ventura county, in 1902 for murder. He was paroled in 1913, but broke his parole in a few days and was sent back to prison. He does not know his exact age, but best information places it between 57 and 60.

Whether the operation will prolong his life, allowing him to serve more of his long sentence, the doctors would not predict.

"Strengthening of the entire body should result," said the operating physician. "Similar operations in the past have resulted in strengthened eye sight and hearing, gaining weight and resumption of a general youthful appearance, with increased energy and ambition."

The physicians had desired to avoid publicity at this time in order that their experiments might be fully matured for presentation before the American Medical Society.

MEXICO CHARGES TWO INVASIONS

American Forces Alleged to Have Crossed Border and Kidnaped Mexicans—Incidents Settled Satisfactorily.

Washington, Oct. 18.—The Mexican consul at Presidio, Tex., has reported to Ambassador Bonillas, two alleged invasions of Mexican territory which he says have involved the kidnaping of Mexicans by American soldiers. The consul in his report said he had complained to the proper United States military authorities and that the soldiers were arrested and the Mexicans freed and their arms, which had been taken by the soldiers, restored to them.

No complaint has been made or is contemplated by the ambassador to the American state department, it was said at the embassy today, because the incidents have been promptly settled by the action of the military authorities and the Mexican government does not care to create a "situation" by filing a formal protest.

On one occasion, it was claimed by the consul, three American soldiers went across the border to the town of San Juan and seized a number of Mexicans, searched them and their houses and carried them back into the United States with the arms they found. The other occasion, the consul alleges, was in the town of Barranca De La Luga, and the Mexican citizens were taken to the town of Marfa, Tex., where they were being held by the soldiers when the consul secured their release through the military commander at Marfa.

The American embassy at Mexico City was directed today by the state department to deny as absurd reports published in Mexican newspapers that the United States was undertaking to establish an aviation base at San Quentin, Lower California.

WASHINGTON, Oct. 20.—President Wilson's condition shows no material change today, but was considered satisfactory by his physicians, who issued the following bulletin:

White House, Oct. 18, 11:20 a. m.—The president rested well last night. There is no material change to note in his general condition. No new symptoms have developed.

"Grayson, Ruffin, Stitt." Dr. Grayson said Dr. Hugh Young, of Johns Hopkins university would again visit the White House today. The president's prostatic trouble responded to treatment, Grayson said and there are no indications at present that an operation will be required.

Grayson said the president showed improvement today and he is hopeful that the gland swelling will not further retard his slow progress toward recovery.

Dr. Francis X. Dercum, Philadelphia specialist, is also to examine the president today. It is his regular weekly visit.

President Wilson was described as being cheerful today and without discomfort.

"AMERICANIZATION DAY." Chicago, Oct. 20.—Governor Lowden today issued a proclamation designating October 27, former President Roosevelt's birthday, as "Americanization day" and urging the public to honor the memory of the ex-president by "assembling and taking measures for the Americanization of all the people in their several communities."

WEATHER PREDICTIONS. Washington, Oct. 20.—Weather predictions for the week beginning Monday issued by the weather bureau today are:

Upper Mississippi and lower Missouri valleys: Generally fair and cool freezing temperatures first half of the week.

REDS SURRENDER IMPORTANT FORT

Kronstadt Falls to the Onrushing Anti-Bolshevist Forces—Army of Yudenitch Closing in on Petrograd.

Paris, Oct. 18.—The following notice was posted at the stock exchange this afternoon:

"Official: Petrograd has been taken."

Helsingfors, Oct. 20.—Surrender of Kronstadt, bolshevist naval base defending Petrograd, was announced officially today by the Finnish general staff.

The white flag was hoisted over Kronstadt at 4:45 yesterday afternoon, according to a Finnish news agency.

The Finnish parliament rejected yesterday the peace offer from the bolsheviks.

CLOSE TO PETROGRAD. London, Oct. 18.—General Yudenitch has captured Krasno Selo and Gatchina, 25 miles south of Petrograd, where he met workmen from the city who asked that the northwestern Russian army refrain from shelling Petrograd and pledging if this promise was given to join the anti-bolsheviks, according to a Helsingfors dispatch received here.

The British war office today received confirmation of the news of the capture of Gatchina, 25 miles south of Petrograd, by the northwestern Russian army of General Yudenitch. The bolsheviks were driven from the town yesterday.

In the center of advancing line official information is that the anti-bolshevist forces on Thursday pushed forward to a point three or four miles below Luga, 80 miles south of Petrograd.

Forces of soviet government of Russia, are, however, according to latest advices still desperately defending the city of Petrograd, toward which anti-bolshevist troops have been advancing since October 11. Confirmation of dispatches telling of the fall of the former Russian capital has not been received in official quarters here.

Over the whole situation around Petrograd there is considerable obscurity due to conflicting and contradictory reports. There seems to be little doubt that the army commanded by General Yudenitch is within a comparatively short distance of the city, but the rapidity of its advance during the first days of the offensive does not seem to have been maintained.

General Yudenitch in his advance has drawn his troops into a rough semi-circle from Krasnaia Gorka, on the northwest, to Tsarskoe Selo, which is almost due south of Petrograd.

Reports have been received, however, that further advance has been held up along the railway line connecting Gatchina and Pskov, on which Luga is situated. Along this front severe fighting is believed to be in progress.

Denikine's Movements. General Denikine appears to be advancing his left flank along the Dneiper valley, taking Chernigoff and moving northward toward Gomel, where his Cossacks may join Polish forces and present a compact front to the soviet armies. If this junction is made the anti-bolshevist line from Petrograd to Orel, south of Moscow, would resemble a great horseshoe enclosing the bolsheviks.

East of Orel and in the Don region the bolsheviks are reported to be retreating all along the front. Denikine troops have crossed the Don over a front of 200 miles in length, it is claimed.

German-Russian forces are said to be holding the left bank of the lower Ana river at Riga. Farther up the stream indecisive fighting is reported.

PEACE CONFERENCE ACTS Paris, Oct. 20.—General Mangin, the French member of the inter-allied commission to superintend the evacuation of the Baltic states, by the troops of General Von Der Goltz, will leave Paris immediately for the Baltic, it was decided today by the supreme council, Brig. Gen. Sherwood A. Cheney, United States army, and representatives of the other great powers, will follow in a few days.

The peace conference has received messages to the effect that General Yudenitch was expected to take Petrograd within two days. It has no advices, however, regarding the reports that his army had actually entered Petrograd.

Investigators who have recently been in the Baltic provinces have reported to the peace conference that General Von Der Goltz undoubtedly has plans prepared for an eastward movement if opportunity should offer and probably is ready to give central Russia a new government of German making. For this reason members of the peace conference are anxious that the demobilization of the forces of General Von Goltz be effected immediately, lest his troops move into soviet Russia and greatly complicate affairs should the Lenin government be overturned.

TO CIRCULATE APPEAL. New York, Oct. 20.—Appeals to the people of Russia to throw off the yoke of bolshevism and turn to a government of "true democracy," written by a score or more of prominent American statesmen, editors and labor leaders, are to be given wide publicity throughout Russia, by the magazine "Struggling Russia," it was announced today.

BIG AUSTRIAN DEFICIT. Vienna, Oct. 20.—For the fiscal year ended October 1, the government spent 8,441,000,000 crowns while its total income was 2,444,000,000. The deficit has virtually been met by printing money, with the result that the crown today is selling for 1 cent American money. Its normal value was about 20 cents.

"FIDDLE-FIT"

Keep Liver and Bowels Clean and Active with "Cascarets"

Sick headache, biliousness, coated tongue, sour, gassy stomach—always trace this to torpid liver; delayed, fermenting food in the bowels.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will have you feeling clear, rosy and as fit as a fiddle by morning. They work while you sleep.—Adv.

Snakes. It is known that some species of serpents lay eggs, as farmers often plow them up, and upon opening them they find the embryo snake within the leathery covering. The eggs of the same species vary in size and shape, but are always oval. As a rule it is the constricting snake, or those which kill their prey by squeezing it, that lay eggs; such as the black snake, boa constrictor, etc.

PHYSICALLY FIT AT ANY AGE

It isn't age, it's careless living that puts men "down and out." Keep your internal organs in good condition and you will always be physically fit.

The kidneys are the most over-worked organs in the human body. When they break down under the strain and the deadly uric acid accumulates and crystallizes look out! These sharp crystals tear and scratch the delicate urinary channels causing excruciating pain and set up irritations which may cause premature degeneration and often do turn into deadly Bright's Disease.

One of the first warnings of sluggish kidney action is pain or stiffness in the small of the back, loss of appetite, indigestion or rheumatism.

Do not wait until the danger is upon you. At the first indication of trouble go after the cause at once. Get a trial box of GOLD MEDAL Haarlem Oil Capsules, imported direct from the laboratories in Holland. They will give almost immediate relief. If for any cause they should not, your money will be refunded. But be sure to get GOLD MEDAL. None other is genuine. In sealed boxes, three sizes.—Adv.

The Brainsy Bee. The following incident testifies to the remarkable sagacity and efficiency of bees. A hive was being "spied upon" by a wasp. When wasps ascertain a hive is worth attacking they often succeed in ousting the bees. Every time the wasp approached the small entrance hole a bee came out. An hour later the wasp was dead.

BOSCHEE'S SYRUP.

In these days of unsettled weather look out for colds. Take every precaution against the dreaded influenza and at the first sneeze remember that Boschee's Syrup has been used for fifty-three years in all parts of the United States for coughs, bronchitis and colds, throat irritation and especially for lung troubles, giving the patient a good night's rest, free from coughing, with easy expectoration in the morning. Made in America and kept as a household panacea in the homes of thousands of families all over the civilized world. Try one bottle and accept no substitutes.—Adv.

Evening the Score. "When you are presented to the king don't forget to make your obeisance."

"I'll remember that," said the American captain of industry, "but after we get a little better acquainted I'm going to try to get back my self-respect by slapping him on the shoulder."

State of Ohio, City of Toledo, Lucas County—ss.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for any case of Catarrh that cannot be cured by the use of HALL'S CATARRH MEDICINE.

FRANK J. CHENEY. Sworn to before me and subscribed in my presence, this 8th day of December, A. D. 1896.

(Seal) A. W. Gleason, Notary Public. HALL'S CATARRH MEDICINE is taken internally and acts through the Blood on the Mucous Surfaces of the System. F. J. Cheney & Co., Toledo, Ohio. F. J. Cheney & Co., Toledo, Ohio.

Unkind. "I just love to sit and watch the people dance."

"Yes, I can't dance these new steps, either."

Cuticura Soothes Itching Scalp. On retiring gently rub spots of dandruff and itching with Cuticura Ointment. Next morning shampoo with Cuticura Soap and hot water. Make them your every-day toilet preparations and have a clear skin and soft, white hands.—Adv.

Talent is one thing; tact is everything.

MURINE Night and Morning. Have Strong, Healthy Eyes. If they Tingle, Itch, Smart or Burn, if Sore, Irritated, Inflamed or Runny, use Murine for your eyes. Safe for Infant or Adult. At all Druggists. Write for Free Eye Book. States Eye Ready Co., Chicago.
