SACRIFICED

A Sale that all O'Neill and surrounding country will open eyes with amazement, stagger competition and be talked of for years to come.

Never have we, nor any one else in the face of present market conditions, announced a Sale of this character. After opening our new store we found that we had thousands of dollars worth of new winter goods that we did not have the space to properly display. We have leased our old store until January 1st which gives us 18 days of rapid selling to dispose of this tremendous stock.
