Must Get Out!

We just got notice to get out of this building May 1st and we are making good prices to get rid of the goods. There is no building big enough to hold this stock and we have to cut it down. Anything you can use, it will pay you to try us first. We want to cut the stock down low enough to get into the Harness Shop. It's easier to move money than merchandise.

All those working for the Ford car want to get up and dust now because it will soon be over. One point now is worth a dozen afterwards.

The Drug Store of O'Neill offered the agent Vaccine at 6c a dose less than he could buy it by the ton from the Government. But he said it was no good. Yet one of the best farmers in the North country got vaccine from the agent at 18c per dose for eight head. The next day six were dead. This talk of getting anything cheap from the government don't go down far with men who know.

 Bring Us Your Mail Orders and see if we can't fill them quicker and cheaper for you. On corn syrup, coffee and tea, overalls and work shirts we have better prices than Sears Roebuck and Montgomery Ward are showing in their catalogues. On other things where the quality is questioned we can't tell. But things we know of that are in everyday use we can beat them. We have Pop Corn that will Pop.
 Any time any farmer or hayman or anyone else who is a good fellow, can run an ad for sale or exchange in my ad free of charge and my ads go farther than any ad in O'Neill.

There are 365 days in the year. Subtract 72 holidays and 52 Sundays and say only half the time was spent on his house, would leave maybe 150 days he worked. Divide \$3600 by 150 working days shows he was drawing \$24.00 per day for eating the farmers chickens.
 Last year when I wanted to sell my store to the Farmers Union, he printed a piece in the paper. He says: The farmers should not go into the mercantile business as the goods get old and the turnover is slow and there is really no money to be made. That what the farmers need is an Elevator. I suppose if I would give him a good size tip we might have changed his views. But when he found out there was no tips coming

The old timers who fought high taxes are gone. If the young men do not wake up pretty soon we will be taxed out of the county.

Anyone who gets \$12.00 per day from the farmers can afford to do something. Any business man in O'Neill would be glad to do the things for nothing which the agent gets \$3600.00 for doing.

All automobiles will be filled at our store at 25c per gallon with gasoline.

Creamery Butter, per pound 65c
 Roasted Peanuts, per pound 15c
 5 Packages Gum 17c
 Eddy's French Mustard 23c
 Edelweiss Dill Pickles, per quart 45c
 3 Packages Postum Cereal 63c
 3 Packages Instant Postum 63c

The agent says himself the farmers are capable of running their own affairs. So why should we pay him \$3600. \$600 Dollars is a lot of money for to charge for writing letters for the farmers. I will do what he is doing for the farmers free of charge. The state pays him \$1200 and that's all he is supposed to get. The county treasurer only gets \$2000 and it costs him pretty near that much to pay his bonds. Anytime any farmer or anyone else has something to sell they can run their exchanges in my ads free of charge. Any time they want any letters written or vaccine ordered I will do it for them for nothing. There are only 300 working days in the year and providing he worked half that time for the farmers it would figure a salary of \$24.00 per day. If the farmers gave me \$3600 a year I will earn it. I would go up on the reservation and steal fat cattle for them for \$3600 a year. I would not print what I would do for a farmer for \$3600 a year. I would shoot Lloyd George for 30c. I don't think the agent has any kick coming. He has been paid ten times over for what he does for the farmers. He calls visiting farmers homes work. I suppose it is hard work to go out and visit a farmer and eat chicken and pies and cakes and butter, eggs, turkeys, fresh pork with dumplings, drink nice fresh milk, eat big slices of home made bread. This is sure hard work. I wish I had a job like that. I wouldn't want any salary at all. All I would want is invitations.

Apples, per dozen 35c
 You can get Native Herbs at Alberts' Harness Shop.

There are lots of things you need that can be bought cheap at Alberts' Harness Shop. If you want better shoes, they are at the Harness shop.
 7 Spools J. P. Coats Thread for 25c
 4 Ounce Bottles Salad Oil 15c
 Acorns Healing Liniment, \$1 Bottles for 75c

How much did it cost per day for the county and state to keep the agent here last year?
 There are 365 days in the year.
 Subtract 72 holidays and 52 Sundays and say only half the time was spent on his house, would leave maybe 150 days he worked. Divide \$3600 by 150 working days shows he was drawing \$24.00 per day for eating the farmers chickens.

I suppose if I would give him a good size tip we might have changed his views. But when he found out there was no tips coming

he fought it out and I did not sell the store. But the value of the merchandise has increased enough to buy an elevator.

All week long I have been getting letters from all over the state from poor devils who have been crushed out of business by the same kind of stuff they are now trying to put over in O'Neill. I know every farmer in Holt County and outside of one or two there is none who wants to see this kind of work. Every man who knows anything knows that every one else must work for a living and that we all can't be farmers. Everyman can not make a living on the farm. It takes a farmer to farm and a Jeweler to fix watches.

When you ask the clerks for merchandise and they tell you we are out, ask for me. It's easier for a clerk to tell you than it is to go and get it for you.

Charlie Stout says he can get you vaccine for five per cent less than the Government price in ton lots.

16 Ounce Bottles of Howells Best Catsup 35c
 10 Pounds of the Best Rice for \$1.25
 10 Pounds High Grade Coffee \$3.95
 2 1-4 Yards of Colored Table Cloth \$1.98

A lot of men who signed the petition say they would sign another to put him out. They said they did not know they were signing a Two Hundred Dollar a month raise.

Men's 25c Hose, 7 pairs for \$1.33

Remember we are cutting the prices on ladies' and children's coats a dollar a day. If you happen to be lucky you will be getting coats for nothing. Watch and wait.

Give me \$3600 and I will go down and shoot Villa.

The men who fought in France—fought bullets—they got \$360 a year. The men in this country who chase bugs get ten times that much.

The agent must have done something big for Bill Hayes to get \$3600 a year. Every body knows Bill won't pay Democrats for work they done on the roads two years ago. He sit down and let One Armed Bausch get stuck for a bridge that was a benefit to the county and then paid for other bridges put over DRY RUNS.

All men's Sweaters are going to be cut 50c a day. If you watch the sweaters you will get a bargain. Nothing will be carried over this summer.

Ladies' Fine Silk and Georgette Waists as low as \$5.85

Try a pair of our \$1.98 Overalls.

5 8c Cigars 25c
 10 Pounds Navy Beans 58c

One reason so many men pull out of the unions and others refuse to join is because they do not treat them all alike. Just for fun Tuesday we called up Emmet and Orchard and O'Neill Farmer's Union Elevators. Here are the prices paid:

	Orchard	Emmet	O'Neill
Rye	\$1.70	\$1.69	\$1.45
Corn	1.38	1.28	1.15
Oats	.82	.78	.70

I leave the comparison to yourselves. I have nothing against the elevator or the elevator men. All I ever said was that in other places they were burning elevators for the insurance and that the Old Atlas elevator was offered for \$200 and no one wanted it. Instead of making Nye Schneider pay up they are paying down. And I leave it to you farmers who is getting the difference in prices. Unions who claim the hog buyers rob them and Unions who claim the store keepers rob them seem to be about as good at it as any.

Outside of the soldiers, the dollar a year men done more than the high salaried officials for us and the government.

John Brennan, O'Neill
