

## FEDERAL AID ROAD TO GO THROUGH EWING

Ewing, the southeast corner city of Holt county, will be on the state and federal aid highway running from Norfolk west to the western boundary of the state. This was decided upon when inspectors from the federal road supervisor's office of this district Friday went over the several proposed sites with County Highway Commissioner H. U. Hubbard and decided that the original plan to include Ewing in the course of the highway is the most feasible. The action is said to be final. An alternative proposition formerly approved provided that the road would run north from Clearwater to Orchard and from there to Page. The road as finally decided upon Friday will run due west of Clearwater to a point due south of Ewing, then north through Ewing to a point east of Page, then west through Page, O'Neill, Atkinson and Stuart to the west line of Holt county. The department also announced that the north and south highway from Butte and Spencer in Boyd county would be completed this year as far south as O'Neill, but that no work would be done with state funds this year on the road south from O'Neill to Chambers and Burwell. However Holt county will take up improvement of this road with its own finances. Four trucks have been ordered from the state and these will be used in claying and graveling several of the grades. The first of this work to be done will be the bringing up to grade, claying and graveling of three or four miles of the Chambers road, starting at the south line of O'Neill and following the present Chambers road. The county board also has allowed Atkinson township \$1,000 to assist in claying township roads and has also allowed Stuart \$500 for the same work. The federal and state road funds now available for Holt county amount to \$228,000.

## ORDER CLOTHES NOW!

The following letter just received from our Chicago Tailors is self-explanatory. Better heed the advice: John Melvin, O'Neill, Nebraska.

Dear Sir: Advice is cheap—Well, so is air but you never heard of anybody trying to get along without it.

We are going to give you some free advice and we are going to tip you off to a coming event which already has cast its shadow before. You can profit by both.

The Tip: Clothing is going to be considerably higher for the coming Spring Season. The labor board has granted the workers an increase in pay which in a great many cases amounts to 20 per cent. Everything that goes to make up a suit—clothing—canvases and even buttons, have shot up in price from 20 to 50 per cent. The retail price of a good suit of clothes for the coming season will be \$60.00 to \$90.00.

This tip is valuable to you. If you will act on the advice we are about to give you, it will mean dollars in your pocket.

WE OFFER YOU THE OPPORTUNITY OF NAMING LOWER PRICES FOR GOOD TAILORING THAN WILL BE NAMED BY ANY OF YOUR COMPETITORS.

Here is how we do it—The enclosed outline shows you the numbers in our present line which are closed out. Remove them from the line. The remaining number are still in our stock and on these numbers we will accept your order at present prices for Spring delivery.

The fabrics in our present line are just as serviceable as those which we will show for Spring. They are a trifle heavier in weight but many men prefer a substantial weight garment. The prices of our present line are cheaper than the same quality can be bought for elsewhere. You know that from your own experience.

Orders taken for future delivery at present prices means a loss to us. The increase pay granted labor is already in effect—we are already paying the advance prices for materials.

We make this offer because we want to help you sell every man in your city one of our suits. It will be a good "ad" for both of us for many years to come.

The ADVICE: Just the minute you get through reading this letter, start out to call on your customers. Take your sample line with you. Tell them just what we tell you here. Show them this letter if you wish. Then take their measures for a suit to be delivered AT ANYTIME THEY WISH—at once or March or April. THE PRICE TO BE YOUR PRESENT PRICE. Guarantee that your present prices are from \$8.00 to \$10.00 LESS than the same quality can be bought for ONE MONTH FROM TODAY. We will back up your guarantee by agreeing to take back any suit which you sell at present prices that can be bought at the same price one month from now.

THIS OFFER POSITIVELY EXPIRES ON February 15th. No orders from our present season line at present prices will be accepted after that date, but any order taken now will be shipped on any date desired.

You've got the facts—you've got a proposition that gives you the edge on every one of your competitors. It is up to you to turn these advantages into orders.

Get busy this very day. Yours respectfully, FRED KAUFFMANN, "The American Tailor."
