

ANOTHER OLD TIMER PASSES AWAY.

Died, at his home in this city last Saturday morning, January 31, 1920, Benjamin H. Johring, aged 70 years, 2 months and 2 days, of myocarditis, after an illness of several months.

Deceased was born at Hanover, Germany, on November 13, 1849. While a young man he came to America and settled in Mason county, Ill., where he was united in marriage on March 17, 1869, to Miss Elizabeth Behrens. To this union twelve children were born, six of whom preceded him to the great beyond. The remaining children are: Mrs. Zeb Warner, Mrs. Amelia Hughes, Mrs. J. P. Jennings, Mrs. Matt Ernst, Fred Johring and Mrs. R. L. Lawrence, all of O'Neill, and all of whom with his beloved wife was at his bedside when he passed away. Besides his loving wife and children he leaves to mourn his death twenty-two grand-children and five great, great grand-children, as well as a host of friends.

In the spring of 1881 he left Illinois and came to Nebraska, settling in Lancaster county, near Lincoln, where he remained until the spring of 1884 when he came to this county and purchased a farm ten miles northwest of this city where he resided until the spring of 1905 when he retired from farming and moved to this city, building himself a commodious home in the western part of town where he resided up to the time of his death.

Deceased had been a patient sufferer for nearly a year, most of that time being unable to move around without the aid of a wheel chair.

While on the farm Mr. Johring was one of the most extensive farmers in the county, as well as one of the most successful. He had a host of friends scattered throughout the county who will regret to learn of his passing.

The funeral was held from the Presbyterian church last Monday afternoon, Rev. George Longstaff officiating, and was attended by a large number of relatives and friends of the deceased, interment in the Protestant cemetery.

CORBETT-SWIGART.

Monday evening's Sioux City papers carried the announcement of the issuance Monday of a marriage license to Miss Kathryn C. Corbett and Mr. William C. Swigart formerly of this city and now engaged in contract painting at Sioux City. The announcement comes as a surprise to the many friends of the couple in O'Neill. Mr. Swigart removed to Sioux City from O'Neill last fall to enter business there. Miss Corbett, who made her home with her brother, Dr. A. H. Corbett, announced several days ago her intention of going to

Pittsburg, Penn., to care for her mother while a sister at home was undergoing medical treatment. She left O'Neill Sunday morning. Friends endeavored to have her remain until Tuesday morning that she might attend a farewell social entertainment, but she pleaded the urgency of her immediate departure. The Frontier joins the many friends of Mr. and Mrs. Swigart in wishing them a long and happy wedded life.

The population in 1910 was 2089. The average increase in population in the United States every ten years is estimated at about 10 per cent by the census bureau.

Three of the remaining children are at the Herrick ranch southwest of this city, and are operating the same and getting along fine. NORTH AND SOUTH HIGHWAY WILL BE IMPROVED

A large mileage of the north and south highway through Nebraska from Fairfax, S. D., on the north Nebraska line, to Red Cloud and the south line of the state will be completed this summer and the entire highway may be ready for unrestricted travel by fall of 1921. The federal and state aid highway from Butte and Spencer in Boyd county to O'Neill to be built this summer, is the first section on the north end of the route. The Holt county board has decided to improve a portion of the highway south of O'Neill, by claying and graveling, and at its meeting last week decided to place Chambers on the route in Holt county. The original intention was to extend the road on south from the south end of the present O'Neill-Chambers grade, but an inspection by the entire board last week showed this not to be feasible, so it was decided to follow the present route clear to Chambers and to build on south from there to the south line of the county, entering Wheeler county just above Francis. From there the proposed route as mapped out will pass through Bartlett, Wheeler county; Greeley Center, Greeley county; St. Paul, Howard county; Grand Island, Hall county; Hastings, Adams county; and Red Cloud, Webster county, then on south to the Kansas line. While in Holt county state and federal aid work only will be done as far south as O'Neill this year, the county board and township boards, if they can agree, will take care of the extension south from Chambers to the north line of Wheeler county.

DOUBLE VICTORY.

Friday night, January 30th, O'Neill won a complete victory over the two Chambers basket ball teams, the score being: girls, 19 to 7; boys, 14

to 4. Both games were very interesting, the boys having an exceedingly good match during the first half, at the end of which the score was 4 to 0. This was due to the splendid guarding and team work of the Chambers boys. The two teams took their defeat with true sportsmanship. The playing of Miss Lutz Gribble, Chambers captain and forward was well guarded by Elizabeth Warner, the girls best guard. Elmira Dillon did some fine playing with the aid of the two guards and their center. The playing of O'Neill girls champion, Miss Florence Gunn, was positively indispensable, without her the victory would have been reversed.

After the game a splendid oyster supper was served to the four teams and all the teachers. Chambers went home feeling none the worse for their trip to O'Neill and with a strong impression of the courtesy of the O'Neill teams.

THREE STOLEN AUTOMOBILES RECOVERED AT VALENTINE

State Agent Joe Miller, of Lincoln, and Sheriff Miller, of York county, with a couple of assistants, a prisoner named Barrett and three stolen automobiles they had recovered at Valentine stopped in O'Neill Monday night, enroute from Valentine to York and Lincoln. Barrett was locked up here for the night. The cars recovered were a Ford sedan and a Ford coupe, stolen from a garage at Gresham and a Buick closed car stolen from Lincoln. The officers also located at a small town near Pierce, Neb., a number of auto tires and accessories stolen at the same time.

O'Neill will not be confronted with an ice famine this year as it was last, but consumers will have to pay eighty cents a hundred instead of sixty cents, delivered, as of yore. Gatz and son have filled their big house down at the river and also their uptown house. In addition they have secured the Valla ice house formerly used by Peter Reifer and it now is being filled. All three houses are to be filled to capacity and at least one hundred tons more of ice than ever before will be put up this year.

Charles Siders was in from Opportunity Tuesday. Charley had a public sale on January 28, which he said was very successful. He says that he received \$500 more for his property than he had it invoiced at. He says The Frontier is unexcelled as an advertising medium as his sale was advertised exclusively in this paper and he says that he had a splendid crowd. Mr. Siders expects to move to town shortly after the first of March and will probably engage in business here or some city in this section of the state.

Members of the county board of supervisors last Thursday went over and inspected the route of the proposed new south road from O'Neill to the south line of Holt county. The route asked for is an extension of the present grade running south from the correction line below town straight on south from the point where the present grade turns west. The board found the line of the extension to be over and through a section that would require some exceedingly expensive road building and it is probable that this route will not be followed, but that the road will be extended on south from Chambers.

Ford

THE UNIVERSAL CAR

SIXTEEN YEARS EXPERIENCE

For sixteen years, a corps of metallurgists have been studying and constantly perfecting the steel that goes into every part of the Ford car and the One Ton Truck. Each separate part has been studied to learn the type of steel best fitted for it. Parts receiving constant surface-wear are made of hard, flint-like metal; parts subjected to great vibration or resilience are made of softer, springy steel. Every part is made according to its use—that is, every Genuine Ford part is.

But there are also counterfeit "Ford" parts. These imitations are made by concerns in no way connected with the Ford Motor Company and retailed as side-lines by mail-order houses, downtown stores, and many garages. The unsuspecting customer accepts them because they are called "Ford" parts. To make sure of getting the genuine Ford-made parts, buy them only from Authorized Ford Dealers. Likewise bring or take your Ford car to our garage for repairs, replacements and general "tuning up."

We are Authorized Ford Dealers. We can supply you with all Ford parts for either passenger car or truck. And our shop is equipped to give real Ford service in all repair work. We can make immediate delivery of cars. Give us your order.
