Thomas Salem, the leading general merchant of Amelia, was an O'Neill visitor the latter part of last week.

The Rev. George Longstaff went to Norfolk Tuesday to attend a committee meeting of the inter-church movement.

Miss Florence Barnes and Mr. Clyde E. Putnam, formerly of Chambers, were married at Seattle, Washington, March 10th.

J. L. Weinberg, proprietor of The Leader, returned this afternoon from a trip to New York city where he had been purchasing his spring stock of merchandise.

At the republican caucus in Chambers, held last Saturday, W. S. Grimes and Miss Flora Grimes were elected as the Chambers township members of the republican county central committee.

O'Neill friends have received word of the death of Mrs. Henry Keating of Riverton, Wyoming, which occurred a week ago last Sunday. Mr. and Mrs. Keating removed from Omaha to Wyoming about a year ago in the interest of Mrs. Keating's health.

While in the city the first of the week L. E. Skidmore of Ewing, filed as a candidate for the republican nomination for supervisor from the Fourth supervisor district, now represented by Michael Rotherham, democrat. Mr. Skidmore has served several terms upon the county board, and one term as county assessor, and is well qualified for the position.

Several mysterious deaths in the east recently may be attributed to the excessive drinking of spirits of niter, according to press dispatches. The victims were affected with a gradual numbness, later developing into a partial paralysis. Investigation is said to have disclosed that from five to ten days previous to the illness the victims had partaken freely of the medicine.

C. J. Barnum, R. J. Graves, J. R. Alderson, J. H. Simpson, J. E. Doherty, F. H. Dyke, Edward Adams, F. R. Davis, Hylas Farrier, C. W. Robertson and C. L. Elkins are the candidates for whom the citizens of Chambers will vote in selecting four members of the village board at the village election Tuesday, April 6. The names were presented at a mass convention held Monday night.

Last Monday P. J. McManus sold his grocery store to J. A. Vitt, son of Mr. and Mrs. Fred Vitt living south of town. Mr. McManus has been engaged in the grocery business in this city for over thirty years and has al-

ways enjoyed a good business. A desire to devote his entire time to his general merchandise and clothing business was the reason for selling the grocery. The new owner is a native of Holt county and is a young man of sterling integrity. It will be his ambition to build up one of the finest grocery stores in this section of the state. The Frontier wishes him success in his new undertaking.

NORTH NEBRASKA
DOCTORS MEET

Thirteen physicians from the surrounding territory attended the meeting of the Northeast Nebraska Medical Society, in this city, Tuesday, the storm preventing the presence of a large number of the members. The meetings were held in the office of Dr. J. P. Gilligan, who acted as secretary in the absence of the regular secretary. Papers read and discussed at the meeting were: "The Prevention of Insanity," by Dr. G. C. Carlton of the Norfolk hospital for the insane; "Tuberculosis and Siphillis of the Larynx," by Dr. H. R. Secoy of Norfolk and "Esophageal Stenosis," by Dr. John W. Shuman of Sioux City.

The matter of changing the society from an independent one to a district

society, so that affiliation with the Nebraska State Medical association might be brought about was discussed, but action deferred until the midsummer meeting, the time and place of which will be announced later. Dr. H. R. Secoy of Norfolk, Dr. F. L. Wilson of Stuart and Dr. John W. Shuman of Sioux City were elected to membership.

Essex Almost Doubles Light Car Endurance

Essex Has Performance Like the Costliest Fine Cars—Its World Endurance Record Has Never Been Rivalled

The most important thing Essex has proved is that weight and size are no longer necessary to finest car quality.

Its 3037 miles in 50 hours is a world endurance record. The test was official. Supervisors of the A. A. A. certified the Essex stock chassis in every detail.

Never before was a car driven at top speed for 50 hours. The grind was equal to years of road use. Yet the Essex showed no measurable wear.

What car, the Essex size and weight, can even attain a mile-a-minute speed, much less keep it up for 50 hours?

Such Endurance as You Want in Your Car

These decisive tests proved Essex not only the supreme performer of the light car field, but they showed that the moderate priced, economical Essex has such endurance and dependability as few large, high priced cars offer.

Greater size could add nothing to Essex. It has the qualities, weight and size are built to give—riding comfort, solidness, distinction and smooth, quiet pace. But in addition it has fuel, oil and tire economy. And its great durability means freedom from repair costs and positive dependable transportation.

Essex is easy to operate. Driving does not fatigue. Its quick response to the lightest touch and its smooth, restful comfort in motion, account for this.

That is why so many women are Essex owners. They appreciate its safety, too. Its controls are simple and instantaneous. It makes fast time, with security, even in difficult traffic.

Essex Wins On Quality Minus Useless Weight

Essex won recognition on the issue of finest quality without useless weight and size. That issue is uppermost to-day.

You will take pride in your Essex from the first. Its beauty, luxurious fittings and its performance gives it distinction everywhere. And time will increase your respect for it. You will come to rely absolutely on its dependability. You will find it always ready for any demands you may make.

These are reasons why Essex set a world's sales record in its first year. And orders are now so far ahead it is certain even that unrivalled mark will be surpassed this year.

Thousands, realizing this, are placing their orders now. We advise that you do the same, to avoid disappointment.
