

GENERAL STRIKE MAY BE RENEWED IN GERMANY NOW

Mueller Expresses Doubt at Ability to Form New Cabinet—Tentative Line-Up Is Given Today—Leiger May Try.

Paris, March 29.—The French foreign office today was advised from Berlin that Hermann Mueller has resigned from the German cabinet and will not undertake formation of a new ministry following the resignation of the Bauer government.

Karl Legien and Herr Krueger were mentioned as possible heads for the new cabinet, the foreign office advised.

Berlin, March 29.—Formation of a new cabinet for Germany with Hermann Mueller as premier and foreign secretary was announced today. The minister of labor is Herr Schlicke, a socialist, as is the premier. The minister of economics is Herr Schmidt, also a socialist.

Berlin, March 29.—Possibility of a renewal of the general strike was foreseen last night as result of the fall of Chancellor Bauer's cabinet.

The Bauer government resigned as a body after it was attacked bitterly by the radical trade unionists. The cabinet was in existence less than 24 hours.

Herman Mueller, former minister of foreign affairs, was reported to have expressed doubt as to his ability to carry out President Ebert's instructions to form a new cabinet. The chief political parties, the majority socialists and centrists seemed unable to reach any agreement and the situation was complicated by the bitter antagonism of the radical laborites. There was some talk that Karl Legie, secretary of the trades union organization may be asked to form a government in event Mueller definitely refuses the president's request.

London, March 27.—The new German cabinet, according to a Berlin dispatch to the Times, by way of Paris probably will be as follows:

- Chancellor—Hermann Mueller.
- Foreign Affairs—Landsberg or Brockdorff-Rantzau.
- Interior—Kopp.
- Posts and Telegraphs—Giesbert.
- Finance—Cuno.
- Treasury—Wirth.
- Justice—Haase.
- Agriculture—Bauer.
- Public works—Schmidt.
- Reconstruction—Siberschmidt.
- Defense—Gessler.

An exchange telegraph dispatch from Berlin said Mueller had agreed to undertake formation of the new cabinet.

WORKERS' CONTROL CHEMNITZ

Chemnitz, Saxony, March 27.—Communists are firmly entrenched in control here and prepared to resist attacks by government troops which may be sent against the city. In the event the troops secure control, a general strike may again be called. Heinrich Brandler, chairman of the executive committee of the workers, declared today his followers were closely co-operating with workers in the Ruhr valley.

"We do not expect an attack as the government forces are too weak," he said, "but if it comes we will resist."

There are 12,000 men under arms in this district and Brandler said the workers leaders could call upon not only the workmen of Chemnitz, who made up 92 per cent of the population, but those of the entire Vogt land and ore mountain regions.

The mayor of the town confirmed Brandler's declaration that workers were co-operating with municipal authorities without interfering with the latter. Brandler branded as nonsense reports that a soviet government was to be established.

GERMANY NOT DISARMED.

Paris, March 29.—Great quantities of arms have been discovered in Germany by the allied officers charged with supervising execution of the peace treaty, according to advices received here. In Brandenburg and in the immediate vicinity of Berlin alone, 3,500 three-inch field guns were found.

HUNGER STRIKE SENDS O'BRIEN TO HOSPITAL

London, March 29.—Wm. O'Brien, alderman of Dublin, who was arrested on March 3, during a raid on Liberty hall in that city and who since that time has been conducting a "hunger strike," was removed from jail to a hospital last night, says a dispatch to the Herald, organ of labor.

The case of O'Brien, who is leader of the Irish transport workers, was discussed yesterday in the house of commons, when it was brought up by T. P. O'Connor, nationalist leader.

IMMIGRANTS COMING.

New York, March 27.—Resumption of the pre-war time immigration of laborers began in earnest today when two Italian steamships arrived here with more than 3,500 passengers, 3,288 of whom were in the steerage. The liners were the Duca D'Aosta and the American from Naples, Genoa and Palermo.

British Exchange Firmer.

New York, March 29.—British exchange continued to show strength today, demand Sterling opening at \$3.84, an advance of 1/4 of a cent from yesterday's close and 3/4 of a cent below the highest quotation yesterday. Marks were a shade higher at 135 cents each, but French and Italian exchange opened slightly lower. Franc checks were quoted at the rate of 14.22 to the dollar; Lire, checks at 13.87, and Canadian dollars, at 91.85 cents.

CARRANZA WANTS ARMS FROM U. S.

Negotiations For Lifting of Embargo About to Be Started—Would Help Pacify Mexico.

Mexico City, Mex., March 29.—Negotiations are being conducted in the United States which would soon lead to the lifting of the embargo on arms and munitions shipments from America into Mexico, it was unofficially intimated here today.

Government officials viewed the negotiations of the highest importance. They believed unrestricted imports of supplies from the United States would enable President Carranza's troops to complete pacification of the country before the coming general elections.

General Gonzales today denied a report that he will withdraw his candidacy immediately. He had no intention of withdrawing "at this time," he said, although he would not comment on a report that he will combine with General Obregon to push Obregon's candidacy.

It has been charged that the Carranza group was supporting the candidacy of Ignacio Bonillas, who recently returned from Washington where he was the Mexican ambassador. This was given as basis for the report of the Gonzales-Obregon coalition.

Californian Under Indictment For Grand Larceny to Still Enjoy Liberty.

New York, March 29.—Plans for a referendum among hundreds of men and women who lost money in real estate through William H. Moffitt, to decide whether he should be allowed to return to San Jose, Cal., and rehabilitate himself in business, were announced today by the Moffitt holder committee. Moffitt was brought here from California on an indictment for grand larceny and has been out on \$5,000 bail for more than a year trying to settle his affairs.

Assistant District Attorney Waugh, who has had charge of the case, announced that he and Judge Rosalsky, before whom Moffitt was arraigned, approved the referendum plan. Moffitt will address the meeting and it will then take a vote. Judge Rosalsky and Mr. Waugh will be guided by the result, according to the latter.

The committee has 400 members and has names of 300 more clients of Moffitt who will be invited to join.

TIMELY TIP SAVED TRAIN FROM WRECK

Plan to Rob C. B. & Q. of \$150,000 Package Discovered and Detour Foils Plot.

Burlington, Ia., March 29.—An attempt was made to wreck Chicago, Burlington & Quincy express train No. 5, out of Chicago at 6:10 o'clock last evening near Neponset, Ill. The train carried an express shipment of \$150,000.

Acting upon a tip that a holdup was contemplated, railroad officials detoured the train on to the east-bound track and it swept past a pile of ties on the westbound track. Workmen under an armed escort removed the ties.

The train due here at 11:40 p. m., arrived safely, but late.

LOWDEN FOR SHOW-DOWN ON CAMPAIGN EXPENSES

Chicago, March 29.—Showdown of expenses of presidential candidates is demanded in Gov. Frank O. Lowden's answer to charges that he with other candidates were spending lavishly in their efforts to capture delegates to the G. O. P. national convention.

Lowden's answer to the charges were contained in a telegram to Senator Borah, of Idaho, who made the charges against the governor. Maj. Gen. Leonard Wood and democrats in the United States Senate yesterday. Lowden denied there had been any extravagance in the expending of funds on his behalf and suggested that all republican presidential candidates submit their expenses, together with names of contributors and amounts contributed to a committee to be appointed by Borah.

APATHY GRIPPING THE MIDDLE WEST HOOVER BENEFITS

When Candidates Win It Is Due to Organization—None Able to Stimulate Partisan Passion.

BY MARK SULLIVAN.
Copyright, 1920, by N. Y. Evening Post, Inc., and The Sioux City Tribune.

Chicago, March 29.—I have covered a sufficient area of the country and have had enough contact with the candidates in action, and with the political machines in action, to justify a certain amount of generalization with regard to the feeling of the country and the relative standing of the various candidates with the people.

The impression that is most deeply forced upon the traveling inquirer indicates indifference on the part of the people. More accurately it is not indifference toward the candidates, but toward the old political organizations. It is something stronger; it is sullenness. The people are tired of the old organizations and the old personalities. The old slogans and the old rallying cries no longer thrill. The old issues do not interest. The people want something new. That is one reason for the talk of Hoover.

Hoover is new, and he has had no connection with the old parties. The apathy is universal throughout the north-west. There is no widespread enthusiasm for any man now prominent in American politics. Of the large figures who have stirred the public imagination during the last two decades, Roosevelt is dead, Bryan is shopworn and Wilson has lost his prestige.

No other living American has the power to stir that each of these men had. Compared to these three, all the men now racing for the presidency are lacking in magnetism and in the power to stimulate personal devotion or partisan passion.

Lack of Party Recommendation.

The people are in a mood of fatigue. This lack of emotion is practically universal throughout the north-west. In northern Michigan a competent observer expressed it by saying:

"Judging from what I see and hear in this section of the state, that is, the 12 northwestern counties, there is not any strong party sentiment. The people are sick of constant sparring for political prestige in congress and government departments and would flock to any man or party which offered the prospect of more business and less partisanship. For that reason Hoover, I believe, is strongest throughout this section among the voters, not among the politicians. His failure to announce himself as a party man seems to the average voter to be a recommendation."

Just as this observation comes from the wish for something new of Hoover, so do all the others. It is not that they have any exact knowledge about Hoover, not that Hoover is necessarily a bigger man than some of the others, but Hoover is new, and he has no connection with either of the old parties. That this latter fact should be a virtue is the striking thing. Elsewhere another man competent to judge public feeling, said:

"Political sentiment here is paralyzed and dumb. The optimism engendered by shoulder-to-shoulder work in the war has been killed by Washington. The attitude of our common average people makes those at Washington seem 10 years behind the times."

Is Matter of Organization.

Over and over again, the inquiring traveler hears the same sentiment of indifference. The public is apathetic as among the various candidates for the nomination. Wood wins, wherever he wins, by virtue of superior organization; Lowden wins, wherever he wins, by virtue of superior organization; Johnson wins, wherever he wins, chiefly through his own personal exertions.

In the matter of the personal impression they have made in their campaigning Wood outpoints Lowden. The verdict is general that Lowden in his speechmaking and in his appearance personally before the voters of the middle west has been a disappointment. It is not especially that he turned voters against him, but that audiences left him with a vague sense of being disappointed and let down. The universal comment in the towns where Governor Lowden appeared in Minnesota and South Dakota is that audiences came in the expectation of hearing something strong and decisive on national issues, but that Governor Lowden confined his speeches to the budget system and to his own experience in applying the budget system and otherwise organizing the government of Illinois. The audiences felt that the subject was slightly alien and were disappointed. A thoughtful citizen of Watertown, S. D., said:

"I am supporting Governor Lowden's candidacy, but I feel certain he lost rather than gained by coming into the state and failing to touch upon the problems of the day. Aside from the bearing that a budget system may have upon a situation, Governor Lowden did not refer, except in an indirect way, to a single national problem."

POLITE ROBBER.

Philadelphia, March 29.—Three bandits with a show of politeness held up a cabbie shop today, bound and gagged four men and a girl, gathered together nearly \$400, four watches and some clothing, and escaped. They refused to take the money of a girl customer, saying they would not rob a lady and returned to her escort \$1 for car fare.

GROGERS QUIT IN SUIT ON PACKERS

Southern Association Satisfied With Palmer's Compromise and Drop Out of Big Contest.

Chicago, March 29.—The Southern Wholesale Grocers' Association, with more than 2,000 members has withdrawn from the case brought by the National Wholesale Grocers against the "big five" packers and several railroads, E. D. Rynder, counsel for Swift & Co., announced at the continuation of the hearing before Clyde D. Aitchison, of the Interstate Commerce commission here today. The National Wholesale Grocers are asking that an order be issued forbidding the shipment of groceries in refrigerator cars owned by the packers, claiming that the practice represents unfair competition.

The Southern Grocers were co-complainants in the first hearing last fall. They have since notified their members that the dissolution agreement reached by the packers and Attorney General Palmer grants the relief they sought, Rynder said.

In his argument today he declared the effort to restrict refrigerator car shipments is not only economically unsound, but also would work a distinct hardship on the public generally if enforced. "We shall show that if the orders sought by the wholesale grocers were granted by the commission, it would, so far as Swift & Co. is concerned, require a cutting down of the number of peddler routes from 717 per week to 150," he said. "This could not but result in a serious situation for the small towns, hampering severely their supply of fresh meat."

GREW ENVOY TO DENMARK

Washington, March 29.—Joseph C. Grew, of Massachusetts, now counselor of the embassy at Paris, was nominated today by President Wilson to be minister to Denmark, succeeding Norman Hapgood, whose nomination was not confirmed by the senate.

MICHIGAN IS NOW CLOSELY WATCHED

Presidential Candidates Are Storming State For Favor In Primary of April 5.

Detroit, Mich., March 29.—Candidates for the presidential nomination were watching Michigan closely today.

Maj. Gen. Leonard Wood and Senator Miles Poindexter continued their speaking tours. Other candidates, through their Michigan managers, were hard at work organizing their forces for the drive on the polls April 5 when Michigan will signify her choices for the party nominations.

General Wood paused long enough in Saginaw yesterday to characterize Senator William Borah's charges in the Senate regarding campaign expenditures of Lowden and Wood as "mere gibbering."

"The whole thing is too ridiculous to be noticed," Wood said. "My campaign has been conducted along proper lines and will continue to be so conducted. No money will be expended except within the strictest limits of state and national laws."

Senator Poindexter at Battle Creek, attacked the Wilson Mexican policy violently. He said that if there was any "protectorate" to be done by the United States it should be done in Mexico and not in Turkey and Armenia.

MAY BREAK RECORDS.

New York, March 29.—Cable dispatches describing crowds seeking visas on passports at the American consulate in Madrid intensified the belief of immigration authorities here today that the number of emigrants from Spain to the United States might break all records.

"They are of a cultured class and will undoubtedly make good citizens," said Rev. Isaac Siegel of the House immigration committee.

INDIGESTION Caused by Acid-Stomach

Millions of people—in fact about 9 out of 10—suffer more or less from indigestion, acute or chronic. Nearly every case is caused by Acid-Stomach.

There are other stomach disorders which also are signs of Acid-Stomach—belching, heartburn, flat after eating, food repeating, sour, gassy stomach. There are many ailments which, while they do not cause much distress in the stomach itself, are, nevertheless, traceable to an acid stomach. Among these are nervousness, biliousness, crotchitis of the liver, rheumatism, impoverished blood, weakness, insomnia, melancholia and a long train of physical and mental miseries that keep the victims in miserable health year after year.

The right thing to do is to attack these ailments at their source—get rid of the acid-stomach. A wonderful modern remedy called EATONIC now makes it easy to do this.

One of hundreds of thousands of grateful users of EATONIC writes: "I have been troubled with intestinal indigestion for about nine years and have spent quite a sum for medicine, but without relief. After using EATONIC for a few days the gas and pain in my bowels disappeared. EATONIC is just the remedy I needed."

Your druggist has EATONIC. Get a big size box from him today! His will refund your money if you are not satisfied.
