MORE LOCAL MATTERS.

The Sisters of St. Francis of St. Mary's Academy desire to make grateful acknowledgement of the generous donations made by the parish of St. Patrick's and other citizens of O'Neill to the recent bazaar held at St. Mary's. This active interest, which helped to make the event a financial as well as a social success is appreciated, indeed, by the faculty and the students of St. Mary's.

The parrot seems to be peeved that correspondence in the outside newspapers gave the impression that there was a factional fight between the women of O'Neill, over the school board election Tuesday of last week. The correspondence perhaps gained his impression from reading an announcement on the front page of the parrot the week before election, instructing the voters to scratch the name of Mrs. Hubbard, a nominee for the school board, and to write in the name of another.

The democratic tirade in the Holt County Independent, branding as Ger-

mans, pro-Germans and slackers those who attended the Senator Norris meeting for Hiram Johnson Wednesday night, sounds good coming from one who shrieked for Wilson four years ago because "he kept us out of war", and then ran his legs off and worried himself nigh into nervous prostration trying to keep members of his own family out of the service. Any one who lost a son over there, or in the camps in America, should appreciate this.

The Holt County Independent, speaking for the democratic party, included women among those whom it condemns for going to hear the traitorous utterances of Senator Norris Wednesday night. Even the women who spent sleepless nights and anxious days, fearful that the names of their own loved ones would appear in the lists of those sent back as "killed in action", and the women whose loved ones finally did appear in those lists. But, then, the Independent claims to be the mouthpiece of that great democratic statesman, Arthur Mullen, and with him believes that "niggers and women don't amount to much anyhow."

INDEPENDANT BRANDS NORRIS HEARERS AS PRO-GERMANS.

The Holt County Independent, which claims to be the political organ of Senator Hitchcock, Arthur Mullen and J. J. Harrington in Holt county, says that you are either a German or a pro-German if you went to hear Senator George Norris speak for Hiram Johnson for president at the K. C. Hall Wednesday night and enjoyed or applauded the utterances of Senator Norris. In fact, if you enjoyed the address you were one whom the Council of Defense had to cite before them to make you buy bonds or because of your pro-German inclinations. The article was not written by the talented (?) editor of the Independent. It contains words of several syllables.

The Independent in speaking of the meeting says: "It was particularly noticeable that among the men present were many of those who had to be cited before the County Council of Defense because of their refusal to buy liberty bonds or because of pro-German inclinations. * * * Only a few progressive republicans, including the chairman of the meeting, and a dozen or more Germans and pro-Germans really enjoyed his speech."

A ROLL CALL.

The following is a roll call of a

few of those who the democratic Holt County Independent says were Germans or pro-Germans because they attended and applauded at the Norris meeting:

Loran Simonson, John Nolan, William Fallon, Francis Martin, Neil P. Brennan, W. J. Hammond, Herbert Hammond, William J. Biglin, Frank O'Connell, Edward O'Connell, Arthur Ryan, John Sullivan Thomas Murphy, J. M. Hunter, Ed. F. Gallagher, William Joyce, Edward M. Gallagher, T. F. Birmingham, David Stannard, Frank Phalin, Ben Grady, Henry Grady, R. J. Marsh, S. L. Berry, Chas. Daly, John Carr, Peter Duffy, Thomas Joyce, Charles McKenna, Charles Stout, Mark Howard, N. G. Miller, S. O. Campbell, Fred Watson, Thomas J. Donohoe, W. T. Hayes, J. Victor Johnson, Albert Purnell, J. U. Yantzi, J. A. Naylor, J. B. Mellor, Dr. A. H. Corbett and four or five hundred more.

AMERICANISM IS ISSUE FOR CAMPAIGN OF 1920

Republican Congress Ready To Go To Country On Protection of Our Interests Alone.

Washington, April 2.—Now that the treaty has been defeated at the behest of President Wilson because the Senate insisted that "it protect American interests, it is becoming more apparent that the issue of the coming campaign is to be Americanism.

Already the Republican leaders are preparing to meet that issue. They recognize that the Republican House and Senate have taken action since their election in 1918 which will make the affirmative on that issue their only defense. The Democratic party leaders, on the other hand, have taken the negative on that issue and are ready to make a fight on it, though in this they are divided.

First comes the failure to ratify the league of nations covenant and the peace treaty. Every reservation written into the covenant was meant merely as a future protection to the United States. In no way did they nullify the instrument. Article X was simply a determination of the strong nations to keep the world in status quo, which would have accrued most to the benefit of England. The reservation to it merely declared the right of Congress to determine whether the United States should war to uphold boundaries. All the good which might have come out of the league of nations with the United States in it remained in it, and the slight reservations pro-

posed by the Republican Senate took no good away and yet protected America. For this the Republican Senators who desired to fake the slightest change were denounced by the President on his westward tour as "insects." For this they were more recently denounced as opposed to the best interests of America. And for this he gave the order to his followers in the Senate to kill the treaty, and so it was killed. In the coming campaign,

then, on this issue the Republican Senate believes it will be sustained for preserving America from subservency to empires and European designs in the name of world idealism.

Second, Congress has taken the view that Americanism means the maintenance of initiative and the free play of individuality. For this reason it has opposed the Plumb plan to communitize the railroads or to continue them

How would YOU like a raise like this?

—and for 34 Years Work

THAT is the kind of increase in salary the minister has received. His living expenses have risen just as fast and as far as yours.

But he is paid on the average just 52 cents more per church member than he was paid 34 years ago.

The Minister Never Fails You

Every officer of the Government with a war message to deliver: appealed to the ministers first of all.

But 80% of the ministers receive less income than government economists figure as a minimum for the support of an average family.

When hospitals need money they enlist the support of the ministers—and receive it.

But when sickness visits the minister or the members of his family they must be treated in a charity ward. His pay is less than a day laborer's.

8 out of every 10 ministers receive less than \$20 a week—about half the pay of a mechanic.

We Pay Him Half the Wages of a Mechanic

And of these pitifully inadequate salaries, how much do you contribute? Nothing if you are outside the church; an average of less than 3c a day if you are a church member.

All of us share in the benefits of Christian ministers to the community. They marry us; bury us; baptize our children; visit us when we are sick. In their hands is the spiritual training of the youth.

We Are All Profiteers at Their Expense

Part of the Interchurch World program is this—a living wage for every minister of Jesus Christ; an efficient plant, and a chance to do a big man's job.

If you want better preachers, help to pay the preachers better. It's the best investment for your community—and for your children—that you can ever make.
