Chas. H. Otte, Owner

Col. E. Wallen, Auctioneer. W. P. DAILY, Clerk.

A BUSE and neglect will give any battery the "K. O." in short order, but it takes care and attention to keep it O. K. Charge must be kept up as near as possible to 1.285 mark—water must be put in to make up for loss by evaporation—connections must be kept tight and clean. If you want to keep your battery in the O. K. class all the time be sure to drive in every two weeks for inspection and test.

A "Pure-Bred" Tractor With a Worthy Pedigree

AULTMAN TAYLOR

15-30

WHEN you buy an Aultman-Taylor tractor, you buy pedigree plus assured performance. Fifty-five years' experience in making power farming machinery—that's Aultman-Taylor pedigree; and fifty-five years' unflinching service to the farmer—that's Aultman-Taylor performance. It's a pure-bred proposition.

Why We Handle the Aultman-Taylor 15-30
 Because it is a sturdy, dependable tractor with a guarantee of service behind it; because it is a tractor whose design has been worked out by the farmer himself through Aultman-Taylor engineers; **because it is the tractor we would buy if we were a farmer on an average size farm**—those are the reasons why we handle the Aultman-Taylor 15-30.

The 15-30 will handle any belt job from a 27-inch cylinder thresher down. It will wade through any reasonable 4-bottom plowing job; and it replaces three men and four teams while doing it.

Come In and See Us
 If you are interested in tractors, drop in and see us some time this week. A consultation may clear up a lot of problems you have been pondering. We will be glad to talk over with you the question of whether the 15-30 or one of the two larger size Aultman-Taylor tractors, the 22-45 or the 30-60, is the tractor for your particular farm.

T. J. Murphy, Agent
 O'Neill, Nebraska

SAFETY FIRST!

Many farmers will make settlement for their farms March 1st. These settlements represent the reward of years of hard work and are the earnings of nearly a life time.

The question that naturally arises is what to do with the money to insure its safety and still realize a fair return.

The Legislature of Nebraska answered this question by passing the Guaranty Law wherein depositors of state banks are protected by the Guaranty Fund of the State of Nebraska. The Nebraska State Bank of O'Neill is the only bank in O'Neill operating under this law.

SAFETY FIRST was a good motto during the war—why not now?

We pay five per cent on time deposits. Come and see us.
