Don't Spoil or Streak Material in a Poor Dye

Each package of "Diamond Dyes" contains directions so simple that any woman can diamond-dye a new, rich, fadeless color into worn, shabby garments, draperies, coverings, whether

wool, silk, linen, cotton or mixed goods.

**Brazil May Remove Capital.**  
A remarkable plan for the wholesale removal of the capital of a country is being considered in Brazil. It has been suggested that Rio de Janeiro be abandoned as the capital and an entirely new capital with all the accompaniments of an entirely new site established in the state of Guvaz. It is proposed to make the change in the course of five or six years.

Buy "Diamond Dyes"—no other kind—then perfect results are guaranteed even if you have never dyed before. Druggist has color card.

**Outdoor Life.**  
He is a big game-hunter, and was talking of his happy experience in the out of doors. Then the talk drifted to old friends back in the old home town.

"Whatever became of So-and-So?" one friend asked the hunter.  
"Oh, hadn't you heard? He's in jail."  
"You don't tell me?"

As a rule a man's sugar-coated sweetness wears off with the waning of the honeymoon.

One never knows how foolish some men can act until they break into the father class.

### Stock Raising in WESTERN CANADA

is as profitable as grain growing. Successes as wonderful as those from growing wheat, oats, barley, and flax have been made in raising horses, cattle, sheep and hogs. Bright, sunny climate, nutritious grasses, good water, enormous fodder crops—these spell success to the farmer and stock raiser. And remember, you can buy an easy term

#### Farm Land at \$15 to \$30 An Acre

—land equal to that which through many years has yielded from 20 to 45 bushels of wheat to the acre—grazing land convenient to good grain farms at proportionately low prices. These lands have every rural convenience; good schools, churches, roads, telephones, etc., close to live towns and good markets.

If you want to get back to the farm, or to farm on a larger scale than is possible under your present conditions, investigate what Western Canada has to offer you.

## GERMAN TROOPS DEFY GOVERNMENT

### 10,000 Soldiers, Infected with Spirit of Kaiserism, Train and Pray for New Revolt.

Munster, Germany, May 3.—Here on this former training ground of the kaiser's troops there are encamped today nearly 10,000 soldiers and officers, still true to the old regime.

With utter scorn for the new government, these forces are ready for any advance looking to the overthrow of the republic.

Though the Ebert government claims it is not paying these troops there is every reason to believe, as a result of an investigation here, that they still are getting subsistence and pay from the government coffers.

It apparently is a case of the government not wishing to finance the troops, but fearing that if they were not paid they would start on looting expeditions with dire results.

**Von Trotha Controls Troops.**  
The troops encamped here are the famous Ehrhardt marine brigades, now practically under the control of Admiral von Trotha, a participant in the ill fated Von Kapp revolt.

Consolidated with the outfit is a whole regiment of the Baltic troops, some Russian officers and scattering detachments of other German units that served in the Baltic campaign.

The Baltic outfits from the Iron division encamped here are being discharged in name only. They are being dismissed on the books and then either enrolled in the marine brigade or sent out to work on the Pomeranian farms temporarily until occasion arises for their use in a later revolt.

In the marine brigade ranks one finds a generous proportion of former officers who declare they will die rather than quit. They openly flaunt their defiance in the government's face. They declare that President Ebert dares not disarm them.

There is every indication that unless the government takes desperate measures to disarm and disband the Ehrhardt forces they will be among the first to participate in a movement to overthrow the government.

Both in the Munster camp and throughout Pomerania generally the men simply scoff at the government and pray for the day when they can once more break loose.

The soldiers are kept fit with constant drilling and their equipment includes vast amounts of ammunition, guns of various calibres, armored cars and trains, and rifles in abundance.

### HARVEY TO BE TAKEN TO FIND ONE GRAVE

#### "Bluebeard's" Directions Fail to Locate Spot Where He Buried His Victim.

Los Angeles, Cal., May 3.—If "Bluebeard" Charles N. Harvey's physical condition permits his removal from the county hospital where he is recovering from two attempts at suicide, he will be taken to Berego valley to point out the lonely spot in the desert where he buried the body of Nina Lee Deloney, one of the four women he confessed to murdering.

Utterly exhausted after toiling all day yesterday in the torrid sun of the desert following an all night automobile ride, the searching party, headed by District Attorney Thomas L. Woolwine, today suspended operations until they can get a more definite location from Harvey of the spot where the woman's body is buried.

Whether Harvey will be able to make the trip is considered doubtful by his physicians. He is in a highly nervous condition as a result of the confession he made Thursday night in which he admitted killing four of the more than 25 women he is alleged to have married.

### CANNIBALS ATTACK PARTY ON AMAZON

Newport, R. I., May 3.—An attack by ferocious cannibals of large stature and scantily clad on the party of Dr. A. Hamilton Rice, which is exploring the Amazon region, is described in a letter received here today from Chester Ober, geographer with the expedition. Dr. Rice and Ober killed two cannibals and the rest fled.

Mrs. Rice, formerly Mrs. George D. Widener, of Philadelphia, is with the party.

## The Sure Way to Test Roofing is on the Roof

Some men think that they can tell good roofing by smelling it. Figure it out yourself. How is any man's nose going to tell him how long roofing will last and how much protection from storms, snows and rains it will give.

And protection and lasting qualities are what you pay money for.

The only sure way to test roofing is on the roof.

That is where Certain-teed Roofing has been tested by time—tested for wear—tested for shelter—all over the world.

Certain-teed Roofing has never been known to wear out on the roof. It is guaranteed for 5, 10 or 15 years, according to weight.

### Private Brands and Big Profits

Some dealers will try to sell you private brands of roofing, not because they are as good or better than Certain-teed, but because there is more dealer profit in them. Those profits come out of you.

Dealers make a fair profit on Certain-teed, but they are limited to a fair profit because so many dealers handle it and everybody knows the price.

Don't take a gambler's chance on an unknown brand. Buy for known value at a price which is fair to everyone.

Any reliable dealer can get Certain-teed for you quickly from a nearby Certain-teed warehouse or jobber. He gets it when he wants it and he gets what he wants. He can afford to sell you at a fair price.

## Certain-teed

Beware of the dealer who tells you he has Certain-teed, but tries to sell you a private brand. He probably wants a bigger profit.
