NON-PARTY LEADERS MEET AT NORFOLK

Third Nebraska Leaguers Plan Naming Candidate for Congress.

Norfolk, Neb., June 8.—Non-partisan league leaders from the third Nebraska districts are gathering in Norfolk for a mass meeting on Tuesday when they expect to name a candidate for congress whom they will run by petition. League leaders declare publicly that neither Webb Rice the democratic standard bearer in the third district nor Judge Evans, the republican candidate, is satisfactory to them. Evans defeated Ferdinand Crowley, the league's candidate, at the primaries.

A county mass convention will also be held here Tuesday for the purpose of naming three county candidates who will also run by petition.

During Tuesday evening Walter Thomas Mills, national organizer for the league and who was egged in Kansas recently, is to deliver a lecture.

MISS HAY, 'BOSS' AT CONVENTION

Suffragists Demand Equal Representation and Call for Plank Against High Cost of Living.

Chicago, June 8.—On the eve of the republican national convention Chairman Will H. Hays of the national committee told the newspaper men that "this is a bossless convention, a convention of the delegates."

Hays was simply figuring in the men delegates when he said it.

There is a boss in this convention. It is Harry Garrett Hay, of New York, high chief of the women's division of the republican party, and a more absolute boss never sat in an inner sanctum and pulled the well known wires.

While the men have been milling around in a herd like a bunch of sheep looking for a wolf to grab them off, Miss Hay has been sawing wood, holding conferences day and night, and, as the gavel is about to fall, it can be said that she has gone a long way in setting what she wants.

Republican women will not get all they want, but they will get more than women ever have at the hands of any political party, and, judging from the comment around women's headquarters today, the democrats are in for another "shakedown" when they convene in San Francisco.

Women Get Hearing.

First, the women have succeeded in getting a hearing before the resolution committee of the convention. A committee composed of Mrs. Maude Wood Park, Washington; Mrs. Gifford Pinchot, Philadelphia; Mrs. F. Louis Slade, New York; Mrs. George Gellhorn, St. Louis, and Mrs. Richard Edwards, Peru, Ind., will present the demands of the national league of women voters, representing some 2,000,000 women.

They will ask a number of things, among which is the hottest proposed plank on the high cost of living and proposed methods of reducing it that will be handed in, unless the delegation coming from the Montreal convention of the American Federation of Labor presents a more drastic one.

"During the year 1916-1918, the consumer has been paying the food corporations, whose reports are available, over two and one-half times as large profits as were acceptable before the war," declared Mrs. Richard Edwards, quoting the platform. "Committees of congress have held investigations continuously for the last three years, but almost no remedial legislation has resulted."

"Therefore the women homemakers are asking what they can do to relieve the economic stress that confronts them."

"Therefore we are asking such federal regulation and supervision of foods as will tend to equalize and lower prices, and the enactment and enforcement of such other measures as will freely open the channels of trade, prevent excess profits, and eliminate unfair competition, and the control of the necessities of life."

KILL MAN AS BANDIT IN HIS OFFICE

Police in Chicago Shoot Down Dietrich, Thinking He Is Robbing Safe.

Chicago, June 8.—A coroner's jury today was to untangle the curious snarl of mistakes that led yesterday to the shooting of Charles C. Dietrich in his own office as a bandit. Officers summoned by a watchman who saw Dietrich at his safe late Sunday evening, tapped on the window to attract attention. Dietrich, fearing a bandit attack, reached for the light and fled as the officers fired. Detective Sergeant Lorenz dropped the man with another shot. Then detectives learned their mistake and rushed their victim to a hospital, too late to save his life.

CURRENCY STOLEN FROM THE DEPOT

Package Sent By Bank Mysteriously Disappears After the Agent Placed It In Safe.

Miller, S. D., June 8.—No clues have been discovered in a robbery of \$1,000 from the depot here. The First National bank left a package of \$1,000 in currency at the depot to be sent to Rea Heights. The agent put it in the safe and when he went to send it out later found it gone. The express company made the loss good to the bank.

ECONOMIST TELLS OF PROFITEERING

W. Jett Lauck.

The jobbers the country over shared a profiteering melon of \$18,000,000, or a tax of nearly one dollar on every family, is the charge of W. Jett Lauck, consulting economist of the railroad brotherhoods and unions, in a statement to the railroad labor board. He declared that the middleman exacted 50 per cent on his investment, "their wartime practices being actually criminal." Millers of flour, he contended, received profits 375 per cent greater in 1917 than in 1913.

BAY STATE LEADER OF G. O. P. RETIRES

KELLOGG PRAISES SENATOR CUMMINS

Minnesota Solon Upholds Iowan's Stand on Rail Question.

Cedar Rapids, Ia., June 4.—Senator Kellogg of Minnesota, in an address here tonight lauded Senator Cummins as the most capable man congress had at the close of the war to handle the task of solving the transportation problems.

Senator Cummins believes the country should be run for all the people rather than for any particular class and his rail bill has been his guiding principle, Senator Kellogg declared.

Senator Kellogg upheld Senator Cummins' stand on anti-strike legislation, having declared the time would come when it would be regarded as a measure of great benefit to the general public as well as to the laborer.

Senator Kellogg spoke against government ownership of railroads and attacked the Plumb plan. He declared the government's credit would be ruined if it were bonded for \$15,000,000,000 to \$20,000,000,000 to pay for the railroads.

SCORE CONGRESS FOR ADJOURNMENT

Railroad Labor Leaders, Send Protest to Washington—Declare Action Will Invite Business Disaster.

Chicago, June 4.—Declaring it is "incredible responsible leaders of the government in Washington" should permit of adjournment of congress next week as planned, the various railroad labor organizations have protested by wire to spokesmen of both political parties in the capital.

The telegram, signed by the chief executives of the 17 standard recognized labor groups in railroad employ, was sent simultaneously to President Wilson, Speaker Gillette of the House and Senator Lodge.

The telegram as sent, was made public today following a meeting of the railroad labor executives before the railroad labor board which for some days has been hearing their contentions for increased wages.

The text of the message is as follows: "As the responsible heads of railroad labor organizations, representing more than 2,000,000 workers, we protest most earnestly and most emphatically against the proposed adjournment of congress next Saturday in accordance with the plan reported in the public press."

"We call attention to the fact that despite the revelations as to the profiteering scandal, congress has done nothing to check the evil or to punish the evil doers; that the cost of living continues to advance without a single remedial measure having been passed, and that there has not been even serious consideration of constructive legislation dealing with the serious problem of industrial unrest."

"In the circumstances it appears to us incredible that the responsible leaders of the government in Washington can assent to this seeming agreement to continuation of a do-nothing policy which means the grave economic problems of the people are to be made the plaything of politics and politicians for the next five months."

"It invites political chaos and business disaster. Congress should remain in session."

NAMES OF SIGNERS ARE ANNOUNCED

Signers of the telegrams were: Warren S. Stone, W. S. Carter, L. E. Sheppard, W. C. Lee, S. E. Heberling, W. H. Johnston, J. W. Kline, J. A. Franklin, J. J. Hynes, James P. Noonan, Marlin F. Ryan, E. J. Manion, E. F. Grable, E. H. Fitzgerald, Timothy Healy, D. W. Helt and B. M. Jewell.

You Don't Have to Gamble When You Buy Roofing

Trying to fill a four-flush may be good poker, but you can't afford to apply the same principle to buying roofing. And you don't have to.

Certain-teed Roofing offers you a fair and square buy. Its merits are on the table—all above board—everybody knows them.

Certain-teed Roofing is guaranteed for 5, 10 or 15 years, according to weight. That guarantee is backed by the largest manufacturers of prepared roofing in the world. In no case has Certain-teed ever been known to wear out on the roof.

Certain-teed Roofing is weather-proof, fire-retarding and spark-proof. It gives real roofing protection.

Certain-teed Means Known Value

There's no gamble in that proposition. What do you get when you buy private brands? What will they do? You know nothing about them.

If you are willing to buy cheap roofing, get it at a fair price. We make a third-grade roofing, called Guard Roofing, which is satisfactory where long life is not required. It looks as good as any roofing. It is priced and sold strictly on the basis of third-grade roofing.

Any responsible dealer can get either Certain-teed or Guard for you quickly from a nearby Certain-teed warehouse or jobber. He gets it when he wants it and he gets what he wants. He can afford to sell you at a fair price.

Beware of the dealer who tells you he has Certain-teed, but tries to sell you a private brand. He probably wants a bigger profit.
