No matter how long nor how much you have suffered, do not give up hope. Do not decide there is no help for you. There is. Make up your mind to get well. You can. There is a remedy in which you may place full reliance as did Mrs. Rozalia Kanis of 39 Silver Street, New Britain, Conn. This is what she says: "I had cramps for three years and thought I would never be any better. I could not eat without distress. Slept with my mouth open and could hardly breathe. No medicine helped me. I had catarrh of the stomach. Now I have no cramps and am feeling well and healthy. I wish every suffering person would take PE-RU-NA."

• Catarrh effects the mucous membranes in any organ or part. PE-RU-NA, by regulating the digestion and aiding elimination, sends a rich, pure supply of blood and nourishment to the sick and inflamed membranes and health returns.

For coughs, colds, catarrh and catarrhal conditions generally, PE-RU-NA is recommended. If you are sick, do not wait and suffer. The sooner you begin using Dr. Hartman's well-known PE-RU-NA the sooner you may expect to be well and strong and in full possession of your health. A bottle of PE-RU-NA is the finest emergency, ready-to-take remedy to have in the house. It is fourteen ounces of prevention and protection.

### Before the Time of the Automobile..

What is probably the oldest producing oil well in the world is located at McClintockville, near here, and is owned by Joseph E. Robinson, this city. The well was completed in 1861, and had an initial production of 175 barrels a day. It is still producing at the rate of one-quarter of a barrel a day, which at the present price of Pennsylvania crude, \$8.10, makes it still a paying proposition. The year the well was drilled the average price of oil was 52 cents a barrel.—Oil City Correspondence Public Ledger.

## COX DECLARES BOOZE NOT ISSUE

### Cotterill Praises Governor's Record on Liquor Question, Says Harding Stood With Wets.

Seattle, Sept. 13.—Prohibition, the great silent topic of the campaign, came openly into the presidential campaign here Saturday night at the meeting of Governor Cox, of Ohio, democratic presidential candidate.

The governor, after an introduction to a large audience here at the arena, in which his sponsor, George C. Cotterill, democratic candidate for United States senator, denounced assertions that the candidate was a "wet," made the following declaration:

"As a progressive in government, I know when an event has passed by and become a part of yesterday. The reactionary rarely does. The friends of world peace and the friends of progress will win this election and any attempt to divide them on any question not an issue will be unavailing."

In introducing Governor Cox, Mr. Cotterill charged that Senator Harding, the republican nominee, had for thirty years "been a brewer, owning stock in the local brewery in Marion, O.," and also had voted 30 times on the wet side.

Mr. Cotterill also declared that Governor Cox's record in Ohio included a Sunday closing law and general moral leadership. The charges against the governor, he said, were partisan politics.

### Joliet Health Authorities Are Aroused Over Finding of Crippled Girl in Gloomy Basement Vault.

Joliet, Ill., Sept. 13.—The Joliet health authorities are aroused over the finding here, in a gloomy basement vault, of a crippled girl, 19, who had been kept prisoner by her family for 17 years.

An explanation was demanded of the mother, Mrs. Mary Kolwizki. She said the girl was normal until she was two years old, then became afflicted with a spinal disease. Hating the sight of the deformed body, the mother kept her in the basement for years. Dry crusts of bread were the girl's main diet, it was alleged.

## GERMANS AFTER CONGRESS, TOO

### Viereck Says German-Americans Will Punish Public Officials Who "Persecuted" Them.

Special, from the New York Bureau of the Milwaukee Journal.

New York, Sept. 13.—Further details of the nation wide movement to organize voters of the United States who are of German extraction or sympathy for Senator Warren G. Harding, was obtained from George Sylvester Viereck, executive secretary of committee of 96, which has undertaken to form a combination of all German organizations in this country and vote their members solidly for the republican national ticket.

The scheme of Mr. Viereck and his associates is to the League of Nations issue to defeat Gov. James M. Cox, but it is certain, although not directly admitted by the leaders, that the master of a separate peace with Germany, which Senator Harding favors and Governor Cox opposes, is also involved.

### Hold the Power.

Mr. Viereck estimated that between 5,000,000 and 6,000,000 voters, including women, would be influenced by the German movement to vote for Senator Harding. He made no secret of his belief that even a small part of this number would be sufficient to hold the balance of power in the presidential election and throw the election to Senator Harding.

As outlined by Mr. Viereck the committee of 96 furnished the motive power for the whole movement. "The names of the members of this committee have not been made public," Mr. Viereck said in reply to a question, "and I do not intend to make them public. The committee, which was intended originally to consist of two members from each of the 48 states, is a loosely knit organization, the function of which is to correlate the work of the various German organizations in the states."

Mr. Viereck denied that the German movement had any connection, financially or otherwise, with the republican national organization.

"The Germans are not so much for Senator Harding as they are against Governor Cox, or rather, as much as they are against Woodrow Wilson. Governor Cox may be an estimable gentleman. We do not know either of us care. As long as he is the supporter of the Wilson policies the Germans are determined to defeat him. We have decided that there must not be another democratic president for a generation," he said.

### To Support "Friends."

It also was learned that the Citizens' alliance or German-American Citizens' league, for the organization will be known by different names in different localities and states intends to participate in the election of members to the House of Representatives and the United States Senate, on a basis of "defeating its enemies and supporting its friends."

The agents of the committee of 96 are undertaking a thorough and systematic campaign in parts of the country where the German population is sufficiently large to make organization advisable.

Local organizations are asked to adopt resolutions similar to those adopted at Chicago, which, besides endorsing Senator Harding, declared for the defeat of public officials who had "persecuted" Americans of German descent, for the self determination of Ireland and for the release of Eugene V. Debs, socialist nominee for president, and other "political prisoners," and protested against the American government giving any further aid to Poland.

Special efforts are being made to prevent any belief that Governor Cox is less "dry" than Senator Harding to influence Germans to vote for the former.

## CHICAGO BROKER ACCOMPLISHES IN ARNSTEIN RING?

### J. H. Wilson, Held in Connection with \$5,000,000 Theft Plot, to Face Charge of Receiving Stolen Property.

Chicago, Sept. 13.—Lloyd H. Wilson, Chicago broker, arrested in Billings, Montana, in connection with the notorious plot to steal \$5,000,000 from Wall street financial houses, is expected to tell how he came into possession of some of the stolen bonds on his arrival here Monday.

### He Sold Stolen Bonds?

Wilson was arrested after an exhaustive search for the men who disposed of the millions in bonds stolen in New York by the ring which corrupted messenger boys to secure the bonds.

It is alleged he sold Chicago banking and brokerage institutions \$49,000 worth of the Liberty bonds which were a part of the package stolen by Benjamin Binkowitz, New York messenger, whose mutilated body was subsequently found in Hartford, Connecticut.

Chicago police, investigating Wilson's transactions, declared Sunday that they hope to establish that he was an accomplice in the "Nicky Arnstein ring." He will be charged with receiving stolen property.

### Bonds Show Up in Nebraska.

The arrest of Wilson revealed the existence of a nation-wide net spread to capture the bond thieves. On August 25, two of the bonds stolen by Binkowitz showed up in Friend, Nebraska. They were traced through the federal reserve bank in Kansas City to Omaha, and thence to Chicago. A few days later two more were discovered in Lincoln, Nebraska, and they were traced through many transfers to the Wilson offices.

The broker and his family were on an automobile trip to the Pacific coast when he was arrested.

## HARDING IS WILLING TO TOUR ENTIRE WEST

"I will not go out there and slight anybody," he said. Twenty-one days will be required for the trip he said and could begin the last of September, if undertaken.
