Warren G. Harding, Republican candidate for President, made a real hit with farmers of the country when he said that when he is President he will send home to produtive pursuits thousands of federal employes, who are unnecessarily cluttering up the streets and offices buildings in Washington. The Ohio Farmer, commenting on this, said, "What a fine thing it would be if a hundred thousand of these clerks could be released from government jobs where their services are not needed, so that they might return to useful work."

Jerusalem.-Ten thousand volunteers, chosen from veterans of the world war, the Jewish Legion, and skilled workmen, to enlist at once for wealth, who is now in Palestine in the interests of "Balfouria," the colony of the American Zion commonwealth.

Mr. Rosenblatt recommends a regular army organization with a general staff of three which, as a Jewish industrial commission, will supervise the work of the Jewish labor army in rebuilding the Holy Land.

"Our biggest task, once the call is ssued for volunteers, will be in sifting out the applicants and determining upon the 10,000 to go," he said. "They, could all be occupied in the one task of building houses for future immigrants. The army should work only on land belonging to the Jewish nation, lands secured from the Palestine government, from the Jewish national fund, the American Zion commonwealth or other agencies of the Zionist organization."

In addition to the construction of houses, he points out that such an army would be busied in preparing land for immediate settlement, irrigation, afforestration, sanitation and engineering works necessary for the development of industry and commerce.

"The nucleus for such an industrial army is already in Palestine in the co-operative groups, working on the lands of the Jewish national fund and in the group that is developing 'Balfouria,' the first colony of the American Zion commonwealth," he con-cluded. "I am convinced after two visits to Palestine that only through such a huge disciplined Jewish labor army, will we be able to reconquer the land of our forefathers."

Wealthy Sea Captain Rewards Woman Who Nursed Him Through Pneumonia.

New York .- As a reward for the care and attention she showed him when he was dangerously ill with pneumonia, Arthur H. Clark, a former sea captain and hale and hearty despite his eighty years, adopted Mrs. Mabelle E. Fowle, fifty-two, and whose home is Newburyport, Mass. Mr. Clark is manager emeritus of Lloyd's and reputed wealthy.

Mrs. Fowle is a widow and quite comely and through the adoption proceedings now becomes Mabelle Fowle Clark. While in Massachusetts last spring Captain Clark was taken with pneumonia. Mrs. Fowle was called in to attend him, and mainly through her efforts the old man was brought back to health, after his life had been despaired of. It is believed that in gratitude he decided to adopt her and thus make her the chief heir to his fortune.
