REMODELING EMMET CATHOLIC CHURCH CELEBRATED.
Rededication services and first communion in the remodeled Catholic church of Emmet were held last Sunday, Rev. Father Byrne officiating. The service also in a way was a celebration of the completion of the third year of Father Byrne's charge of the parish, he having come to Emmet the first of August, 1917.
The remodeled church practically is a new structure, having been re-roofed and painted on the outside and the ceiling and interior siding all having been replaced with metal panning. The interior finishing is a harmony in buff and tans vastly improving the previous lighting effect, the altar railing and pews all have been refinished and varnished and the magnificent altar re-enameled. Six of the finest statues in the state outside of Omaha also have been installed. The edifice as rededicated is one of the finest church structures of moderate size in Holt county and northern Nebraska and speaks volumes for the untiring work and energy of Father Byrne during the three years of his work in the parish, just completed.
The new church, however, is not the only monument to his energy and popularity among not only the members of the parish, but the citizens of all creeds of Emmet and community. A handsome parish house, just to the east of the church, also has been completed and occupied for almost a year, the church yard has been parked and improved until it is one of the beauty spots of the village and broad cement sidewalks have been laid in the residence portions of the town, streets graded and trees planted. A tall steel flag pole is being erected just in front and to the left of the main entrance to the church, purchased by Father Byrne at the request and on the authority of the village, and the handsome flag secured by him from Washington will be visible for miles around, when flying, as the church is located on one of the highest eminences of the city.
The parish congregation has increased during the three years from twenty-seven to more than forty families at present and two masses now are necessary each Sunday morning. This month the regular October devotional services are being held each Sunday evening.

JANZING-MELCHER.
Miss Lillian Melcher of Cornlea, Nebraska, and Mr. Richard Janzing of Emmet, were united in marriage at the Cornlea Catholic church Wednesday morning. Mrs. Janzing is one of the popular and charming young ladies of the Cornlea community. The groom is the son of Mr. and Mrs. Garrett Janzing of Emmet and is one of the rising and prosperous young farmers of Holt county. The young couple will make their home on the Janzing ranch, northwest of O'Neill, of which Mr. Janzing is one of the lessees. The Frontier joins the many friends of the young couple in extending congratulations and best wishes for a long and happy wedded life.

CASH AND CREDIT.
It was not intended in our financial scheme that every one should pay cash.
If currency were used in all transactions business would stop because of the shortage of money, therefore credit is a desirable thing to have.
A checking account helps to establish your credit.
The O'Neill National Bank will be glad to have your checking account.

GOLF CLUB TO HOLD ANOTHER TOURNAMENT
The O'Neill golf club will hold another tournament in the near future, the team captains and the dates of the contest to be announced later. This was decided upon at the banquet tendered the winning team of the last tournament, captained by Arthur Ryan, by the Horksey team, the losers, at the McMillan & Markey cafe Monday night.
The banquet, the second of the fall, was, if possible, more elaborate than the one several weeks ago, this perhaps being due to the fact that the delicious and extensive menu con-

Certainty of Safety

Every state bank in Nebraska that is a member of the Depositors Guaranty Fund forms a link in the chain of protection wound about the funds of depositors in all other member banks as well as its own.

This institution is proud and glad to be a link in this chain—proud because membership signifies unusual responsibility; glad because of the exceptional safety we are thus enabled to guarantee depositors.
