STOP THAT ACHE!

Don't worry and complain about a bad back. Get rid of that pain and lameness! Use Doan's Kidney Pills. Many O'Neill people have used them and know how effective they are. Ask your neighbor. Here's an O'Neill case:

H. R. Ritts, prop. Merchants Delivery Co., says: "At times I suffered with a weakness of my back. I was in such a bad way that every time I stooped over, pains would dart through my back. There was an ache through the small of my back that bothered me day and night. I saw Doan's Kidney Pills highly recommended in the paper so I began using them and it took two boxes to cure me and the

cure has lasted as I have not been troubled with my back again."

Mr. Ritts gave the above statement August 25, 1909, and on June 14, 1920, he said: "I am still of the opinion that Doan's Kidney Pills are a good kidney remedy as it has been several years since I have had need of them. My cure has been a lasting one."

OFFICERS ROUND UP SHINERS AND BOOTLEGGERS

Two hundred and fifty gallons of mash, which the officers surmised soon was to be converted into drinking licker by the light of the moon, was captured by state and federal booze hounds, assisted by Sheriff Peter Duffy, the first of the week south of Emmet and brought to O'Neill. Thursday it was taken to Omaha for analysis that a federal charge may be preferred against the supposed owner.

The seizure followed a several days campaign in the county by the enforcement officers during which a large number of places which the posse had on their visiting list were called at and searched, including several in O'Neill, one or two around Emmet and several at Atkinson.

Cornelius J. O'Connell was brought to O'Neill by the officers as the owner of the mash found and held in jail Wednesday, being released Thursday morning. A federal charge is to be filed against him.

George Jonaseak of Atkinson, was another to fall a victim to the officers of the law. A pint of liquor was found on his premises at Atkinson Wednesday and Thursday morning he pleaded guilty before County Judge Malone to its possession and was assessed \$100 and costs, which he paid. He, also probably will be called to answer to a federal charge after the session of the federal grand jury next month.

The federal and state raiding squad were under charge of Richard Fulton of State Sheriff Gus Hyers' office, who has been working in this section of the state for sometime, and the officers secured a large amount of evidence against others, they say, which will be submitted to the federal grand jury.

WIRELESS STATION AT BUTTE.

Boyd county is to have a wireless telegraph station to receive weather and time signals. The station is being erected by H. H. Story at Butte and will be capable of listening in on the big wireless stations of the two coasts. It will be the first station in either Boyd or Holt counties.

FEDERAL ROAD TO LAKE ANDES

Fishermen bound for Lake Andes next year will be able to ride on a boulevard clear from O'Neill to the lakeside. The government has issued a license for a permanent ferry at the Fort Randall crossing and word has been received that federal aid for the road in South Dakota also has been granted. The federal road will hook up with the one from O'Neill to Spencer and Butte, now under construction. Permanent bridges and culverts are to be installed along the entire route.

WHITING BRIDGE DISCUSSED AT CLUB MEETING

Members of the Community club of Spencer will keep pegging away until the state aid and federal bridge proposed for the Whiting bridge site between O'Neill and Spencer on the federal highway is completed. Soundings for the bridge already have been taken and the club at its meeting last week adopted resolutions to keep after the state and federal engineers until construction is begun.
