MINEOLA ITEMS.

The ladies of the Mineola Aid held their Bazaar February 11. The roads

being so bad, there was not as large a crowd as was expected, however, we are well pleased with the results, having been organized so short a time. Cleared over \$40.00. Everybody had a pleasant time and the fish pond caused many a smile.

Mrs. Sivesind's sale is Feb. 23. The neighborhood is in mourning for she has been such a help in the community.

NOTICE TO THE PEOPLE OF THE CITY OF O'NEILL, NEBR.

We have been trying to give the City of O'Neill, a continuous LIGHT, HEAT and POWER service, in other words for the past several years we have operated this plant 24 hours per day, 7 days per week and 365 days per year.

We have been doing this each year, at a real money loss to ourselves, that is our total earnings will not pay for the coal, oil, and labor necessary to keep the plant in continuous operation.

Some time ago the City Council ordered all Street lights in the residence district shut off at midnight, and later a new order from the City Council to shut off the remaining lights in the business section after 4 a. m.

At the present time we operate the entire street lighting circuit, from dark until midnight, and after midnight and until 4 a. m., we operate the plant to furnish light for (9) nine Street lights in the business district, and after 4 a. m. all street lights are shut off, not a Street light burning in the whole City, and our earnings are therefore reduced to nothing during this period, although we are still burning coal, and have a man on the job to furnish light that is not being used.

Now this Company is unwilling to put in any more money to furnish this 24 hour service, and after April 1st, 1921, the hours of service will be reduced in order to reduce the operating

expenses, in line with the receipts, or earnings of the plant.

On and after April 1st, or until further notice, we will operate the Plant from dark until 1 a. m.

On Mondays and Tuesday of each week, we will furnish service so that people having Electric washers and irons can use them.

38-1f HANFORD PRODUCE CO.

MORE LOCAL MATTERS.

Miss Kathryn Grady returned last evening from Chicago where she has been purchasing her spring stock of millinery.

The Keith Red Cross Unit will hold a business meeting at the home of Mrs. Walter Schutz, on Wednesday afternoon, March 2, 1921. All auxiliaries are requested to have at least one representative at this meeting as important business is to be transacted.

ESTHER T. ROBERTSON, Secy.

Miss Mary Zubka, residing near Sybrant on the west line of Holt county, was before the county insanity board this morning and was ordered sent to the insane hospital at Norfolk.

Miss Zubka, according to the testimony, has been demented for about five years. She was taken to Norfolk Thursday afternoon.

A shower was given for Mrs. R. L. Jordan at the residence of the bride's parents, Mr. and Mrs. John Carr, Saturday evening, Mrs. Jordan being presented with an electric iron. Sunday evening Mr. and Mrs. Carr entertained at dinner, followed by cards, for Mr. and Mrs. Jordan, the honors at cards being won by Mrs. Jordan.

MARRIAGE LICENSES.

The following marriage licenses have been issued since last publication: Herman Edward Cook, 21 and Edith I. Wintermote, 21, both of Chambers; Edward M. Reeh, 21 of O'Neill and

Gladys Taylor, 19, Rock Island, Ill., who were married by the Rev. George Longstaff February 17.

Michael Fay, 36, and Hazel Agnes Allbee, 18, both of Bassett, married by County Judge Malone February 22.

David Johnson, 26, and Thelma M. Vonasek, 19, both of Walnut, married by County Judge Malone February 23.

August C. Primus, 20, and Vanetta Edwards, 18, both of Ewing.

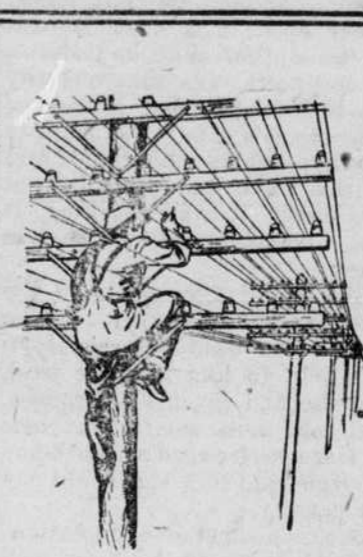

COOK-WINTERMOTE

Chambers Sun: Last evening, February 16, a very pretty home wedding took place when Mr. Herman Cook eldest son of Mr. and Mrs. Edwin W. Cook and Miss Edith I. Wintermote, charming daughter of Mr. and Mrs. John Wintermote were united in marriage at the hour of seven o'clock. The groom was attended by his brother and the bride by her sister, while the wedding march was played by Mrs. Herman Holcomb. The sacred service was read by Rev. C. E. Morrison, the bride's pastor. A bounteous repast of appetite tempting viands and sweet meats was then served by the hostess to the guests who in most part were relatives of the happy couple.

The groom has rented three quarters of land near Spaulding and will remove to his new home next week. The groom's father expects also to remove to Wheeler county in the near future.

The latest Swedish comedy "The Swede, The Tramp and The Girl" easily takes rank with the former successes, "Ole Olson" and "Yon Yonson". The popularity of the Scandinavian character seems to increase with each production. The unapproachable character comedian and dialectician, Mr. Carl M. Dalton, has been specially engaged for the title role this season and press and public declare him without a peer.

Many pleasing specialties are introduced and a rare evening of enjoyment is anticipated. At K. C. Theatre on Monday, February 23. 38-1

What the Telephone Company Does for You

People wire their own houses for electricity. And they furnish their own fixtures and lamps.

You pipe your house for gas and water at your own expense, and furnish the fixtures, too.

The gas, the electric and the water companies serve many residences and business houses from the same pipes or wires. But the telephone company must furnish individual wires for your use—all the way from its office.

When the water or gas pipes "spring a leak," or the electric wiring "goes bad" or a lamp burns out, you pay for the repairs.

But when your telephone is "in trouble" you send for the telephone man, and the telephone company pays the bill.

Harvester Company Brands Story False

DURING the past month, reports have come to us that at farmers' meetings charges have been made, sometimes directly and sometimes indirectly, that this Company has adopted a policy of refusing to supply repair parts for old machines in order to compel the purchase of new ones. This statement is absolutely false. Such a policy has never been considered by this Company nor suggested to it.

Ordinarily we ignore such reports, because we have learned that any large company, no matter how fair and high principled, is subject at all times to unjust criticism. The facts are this Company has always recognized the importance of repair service and has used every effort to make IHC service the best. We believe we can truthfully say that the repair service furnished wherever this Company's goods are sold is equal if not superior to that furnished on any manufactured line.

We call attention to the fact that machinery "Fix-up Weeks," instead of being something new and originated by the farmers in 1921, as some seem to think, were really an outgrowth of the movement started by manufacturers and dealers' associations in connection with the Council of National Defense as a war conservation measure. Perhaps no other agency has done so much to promote "National Repair Weeks" as this Company.

The farmer needs machines which will be efficient and economical. If his old machines can be repaired so as to render efficient and economical service, he would be foolish to purchase new ones. Whether the farmer utilizes and repairs his old machines or buys new ones is a question for him to determine. But in making his decision, we give to every farmer who owns any IHC machines the assurance that a full stock of repair parts will always be provided by this Company.

Today, our repair stocks on the territory available for the farmers are 21 per cent greater than ever before at this time of the year. An average of a quarter million pounds of repairs are shipped from IHC factories for every working day in the year. Thirty million dollars' worth of repair parts are now ready, as insurance for the farmer when he needs this service.

In every International Harvester Works manufacturing orders call for repair parts first and even when furnishing them has meant cutting down production of new machines for which we had orders, repairs have always had preference.

At every one of our 91 branch houses trained men are on duty to see that all orders are filled and shipped promptly. Thousands of dealers scattered everywhere with an assortment of repairs in stock are always ready and willing to render every assistance.

This service which this Company has rendered through the years to those who have purchased its machines has been a matter of great pride to the Company, and is the foundation of the cordial good-will existing between it and its customers.

We feel it is due the Company and those who have purchased its machines that we give the widest publicity to the fact that this service of repairs will be maintained and improved, and that any charges to the contrary are untrue.

INTERNATIONAL HARVESTER COMPANY
CHICAGO OF AMERICA USA
