#### ADVERTISING RATES:

Display advertising on Pages 4, 5 and 8 are charged for on a basis of 25 cents an inch (one column width) per week; on Page 1 the charge is 40 cents an inch per week. Local advertisements, 10 cents per line first insertion, subsequent insertions 5 cents per line.

Every subscription is regarded as an open account. The names of subscribers will be instantly removed from our mailing list at expiration of time paid for, if publisher shall be notified; otherwise the subscription remains in force at the designated subscription price. Every subscriber must understand that these conditions are made a part of the contract between publisher and subscriber.

MARCH 1921

#### EDUCATIONAL NOTES

The dates of the eighth grade examinations are April 7 and 8 and May 5 and 6. Blanks on which to list their eighth grade pupils have been mailed to each teacher in the county. An average of 75 and a minimum grade of 60 is required before a diploma can be issued.

District No. 91, Miss Ferne Davis teacher, had a box social recently. The proceeds of same amounted to \$95.35 which is to be used for school equipment.

District No. 248, Miss Alice Risinger teacher, had a box social which netted them a sum sufficient to purchase a bookcase for their school room.

All pupils desiring Free High School Privileges for the coming year must make application to the county superintendent before the second Monday in June. Application cards for this purpose will be sent from this office upon request.

Miss Anna Markey, teacher in District No. 9, reports a successful program and box social February 4, the money raised to be used in something useful for her school room.

The next Teachers' Examination will be given March 26; one day only. Questions in county and life certificate subjects will be given.

A. L. Burnham, Normal Training School Inspector and I. N. Clark, Consolidated and Rural School Inspector were here during February visiting the various schools. Plans were discussed with Mr. Clark whereby a number of our rural schools may become standardized next year.

The North Nebraska Teachers' Association will meet at Wayne, April 1, 2, and 3.

March 4th, a Teachers' Meeting for all teachers and twelfth grade students in the eastern part of the county was held at Ewing. In the forenoon the visitors were given an opportunity to visit the various rooms, school being in session until 12 o'clock. The program which began at 1:30 p. m. consisted of an Art Exhibit, lecture on art by Dean Grummann of the University of Nebraska, some excellent musical numbers by the Ewing Teachers' Ladies Quartette, the eighth grade boys and girls and Miss Dorothy Grover of O'Neill who gave several very interesting readings and a splendid exhibition of a classical folk dance. These were followed by a lecture on "The Essentials" by Prof. A. V. Teed of Wayne Normal. Some very interesting discussions were reported from the round table talk for high school and grade

teachers conducted by Supt. C. C. Golden of O'Neill. In the round table work conducted by Prof. A. V. Teed and Supt. Anna Donohoe, two very interesting and instructive papers were read, the first one "The Rural School—How We May Increase Its Efficiency" by Mrs. Pearl Borden of Ewing and discussed by C. O. Evans of Stafford and Herbert Stephens of Ewing, the second paper, "The Teachers' Influence Upon the Community," was given by Lottie Sausser of O'Neill and discussed by the Misses Winnie and Esther Shagnessy of O'Neill. In the evening a splendid program, which showed careful training on the part of the teachers, was rendered by the pupils of the Ewing School.

March 5th, the teachers in the western part of the county had their meeting. The program began at 1:30 p. m., the first number on the program was a splendid vocal solo by Miss Nora Connelly of Stuart accompanied by Miss Mildred Malzacker of Stuart. Immediately following this number Supt. A. H. Waterhouse of the Fremont City Schools gave a lecture on "The Ultimate Aim of the School." A short intermission was given followed by Prof. A. V. Teed's lecture on "The Essentials." The round table work for high school and grade teachers was then taken up. Supt. Waterhouse and Supt. Jederman who conducted same, report an interesting session in which plans to increase the efficiency of the high school were discussed. In the rural round table work conducted by Prof. A. V. Teed and Supt. Anna Donohoe many interesting and lively discussions took place. Two splendid papers were given, the first, "The Rural School—How We May Increase Its Efficiency" written by Mrs. Pearl Borden of Ewing and discussed by Miss Rose Coufal of Atkinson, the second paper "The Influence of the Teacher Upon the Community" prepared by Miss Florence Meyers of Emmet and discussed by Miss Ruth Morse and Miss Lucy Chenoweth of Stuart. A good professional spirit was shown by the teachers in the number who were in attendance at both meetings and the active part taken in the discussions. I believe every teacher who attended these meetings feels well repaid in the inspiration received by being present. Why would not a get-together meeting of School Board Members and Patrons throughout the county be both instructive and inspirational? No efforts should be spared to make our schools better and bring them up to standard.

About four hundred twenty eight grade students have made application to this office for registration numbers on which to take their examination.

ANNA DONOHOE,  
County Superintendent.

ENGLAND LAUNCHES  
NEW PEACE OFFENSIVE

Harry J. Boland, representative of the Irish Republic, has issued the following reply to England's latest pretended plea for peace in Ireland:

"A new peace offensive is being launched against the Irish Republic. England would have the world believe she is anxious for peace at the time she is carrying on her campaign of assassination, burning, looting and reprisals behind the smoke screen of peace thus created by her news service. Side by side with the morning's peace terms (3-12-21) we read that General Macready's courts martial have sentenced to be hanged Bernard Ryan, Patrick Doyle, Thomas Ryan and Frank Flood. This is the peace England offers Ireland. This peace propaganda is in line with England's traditional policy to get the world to believe she is anxious for peace and at the same time her troops are guilty of every possible abomination in Ireland. The representatives of the Irish people have time after time expressed their desire for peace. England can have peace to-morrow by withdrawing her army of occupation and her uniformed assassins from Ireland. Dail Eiream has issued a manifesto to the world pledging the people of Ireland and their representatives to be faithful to the cause of an independent Irish Republic until death. Our friends in America need no assurance of Ireland's determination to pay the full price for liberty on this day. They can best aid in answering this peace propaganda of England by a determined effort to secure the recognition of the Irish Republic from their Government."

HARRY J. BOLAND.

WOMEN VOTERS  
HOLD MASS MEETING

"Resolved that we promote the welfare of the City of O'Neill. That we feature the character of said City by the establishment of our own reputations.

"Therefore, Be it further resolved that we uphold the federal, state and our city's government in its creations pertaining to our common good."

Above are the resolutions introduced by Mrs. T. D. Hanley and unanimously adopted at a mass meeting of the women voters of the city at the Royal Theatre Friday afternoon. The meeting was called to discuss the coming city campaign and that the women

might become conversant with the issues of the campaign, if any, and to consider candidates who may present their names for mayor, members of the city council and board of education. Other meetings probably will be held during the campaign.

An unanimous rising vote of thanks and commendation was tendered Mrs. David Stannard, O'Neill's only councilwoman, by the meeting for her excellent work as a member of the council the past year.

#### O'NEILL QUINT MAKES

#### GOOD SHOWING

The O'Neill High School Basketball team returned Sunday from their trip to Lincoln, where they participated in the eleventh annual basketball tournament, the greatest thing of its kind anywhere. Over 2000 athletes took part in the festivities, the teams being divided into thirteen classes—the division being made according to the record made, the size of the floors played on, and the tournament experience.

The O'Neill team, due, no doubt, to her good record was placed in class G, about half way down. None of the boys had had tournament experience and were thus handicapped. The first game was played with Alma, a team much larger than the O'Neill quint, and one which has attended several tournaments. The game was played on the Y. M. C. A. floor, with a good attendance most of the crowd pulling for O'Neill.

Alma got away to a fast start, having caged two baskets before the game was three minutes old, and before the O'Neill boys got over their stage fright and knew they were in a basket ball game. They, then settled down to business, and the half ended 10 to 4 in favor of the southerners. In the second half O'Neill came back strong and all but overcame the lead, caging two baskets in the final few minutes of play, and ready to cage another, when the whistle sounded. The game ended 14 to 12. Mellor and Beha showed up well for O'Neill, and with the experience the whole team got from the play, they should form an excellent combination for the coming season. They have a very good record for the season just ended, and, as they lose no men by graduation, they should put up a bold front next season.

Being put out in the first round, the O'Neill boys were free to see other games, and were particularly interested in the Class A games, the cream of the tournament. Commerce High of Omaha, were declared the winners after sailing through with flying colors, and anyone who witnessed the play of this team, would declare that it was the best team. Mahoney, the Commerce star forward, was placed on every all-state team picked by the several sport writers.

The boys making the trip with Prof. Golden, were Harold Hammond, Joe Beha, Ralph Mellor, George Stannard, McKinley Simonson, and Eddie Donlin.

#### PLENTY OF CHEAP MONEY.

Now that the Federal Farm Loan is going again.

It's the patriotic duty of every prospective or actual farm owner to at once apply for a Federal Loan now for any of the following purposes:

Buying more land or paying for what he now owns; or to pay other debts; for improvements and repairs; for buying live stock and farm equipment; to drain land or to purchase fertilizers.

Bringing this cheap long time

money into this section at this particular time is a great public service, helping as it will, every farmer and stockman to get better prices, relieving and assisting the country banks and merchants.

While many applications are being received there should be many more at once.

A million dollars can be used right now to great advantage by the farmers and cattlemen in the Stuart Federal Farm Loan Association territory com-

prising eastern Rock, Keya Paha and Western Holt Counties.

This Association, the first to be organized in Northern Nebraska, has loaned its 48 members \$300,000.00, has never had a default in prompt interest payments and has led all others in that it has declared five dividends in the four and one-half years of loaning.

## The Height of Musical Joy

YOU get the height of musical joy when you hear a great living artist. But you get equal joy when you hear the same artist on the New Edison.

The proof of this is convincing, conclusive and concrete.

## The NEW EDISON

"The Phonograph with a Soul"

Convincing—for Mr. Edison himself said in a recent interview: "The emotional effects and consequent benefits of music are well known. Through the agency of my new phonograph, I can produce the same effects as would result from the original music."

Conclusive—for you can score, on a Mood Change Chart, the effects of the New Edison's realism on you. Come in and listen to this test of realism.

Concrete—for we will show a big book of proof, that there is no difference between RE-CREATED music and the original music. This proof would be good in any court of law.
