Who said truth was stranger than fiction?

"YOU'RE FIRED," said the editor.
 "UNLESS YOU can dig up
 A LIVE story today."
 SO THE cub reporter
 DISAPPEARED FOR hours.
 BUT WHEN he recovered.
 FROM HIS trance, he had
 A STORY—here it is.
 OUR DEPUTY constable
 WAS WAKENED by the 'phone.
 AND A shrill voice cried.
 "FOR THE love of Mike,
 BEAT IT here quick.
 AND NAIL a nut
 WHO'S TALKING wild
 IN THE cigar store."
 THE LONG arm of the law
 PUT ON his pants.
 SPED TO the scene.

AND AFTER a brief
 BUT TERRIFIC struggle,
 MADE THE pinch.
 AND WHEN interviewed,
 BY OUR star reporter,
 GAVE OUT this statement:
 "HE'S A loony, all right.
 THE ASYLUM says, by Heck,
 THE WORST they ever had,
 WHY THE poor nut
 CLAIMS HE can copy
 THE SECRET blend,
 OF THE cigarettes,
 THAT SATISFY."
 NO—the blend can't be copied. It's
 one way of blending fine tobaccos
 —both Turkish and Domestic—that
 the other fellow can't get onto. That's
 why Chesterfields "satisfy," and
 that's why only Chesterfields can
 "satisfy."

Warner & Sons of O'Neill, say:

Ask your neighbor about the De Laval Separator

THERE are probably a number of the 2,500,000 and more users of De Laval Cream Separators right in your neighborhood. You can find them by the signs nailed on the fence or barn, reading "We use the De Laval Cream Separator."

If you skim milk by the gravity method or with any other separator, it will pay you to talk to some of these De Laval Users. Ask them if the De Laval gets more cream, turns easier and requires less attention. Ask them particularly about the De Laval wearing qualities.

For forty years the De Laval Company have led in cream separator improvements. There must be a reason for the universal satisfaction which the De Laval gives.

Ask your neighbor about the De Laval. Then stop in and see us.

Feed: Market generally easier. Linseed meal strong but price unchanged. Cornfeeds unchanged. Hominy feed quoted about 50c lower in many markets. Cottonseed meal weaker. Beet pulp and Alfalfa meal in poor request. April offerings bran offered 75c under March shipment. April middlings quoted 75c over March shipment. Season bran offered at around \$22. Minneapolis. Linseed meal may be obtained from jobbers for April. May shipment at below mill prices. Production most feeds while not heavy is ample; demand remains below normal. Transportation conditions good. Quoted bran \$23, middlings \$22 Minneapolis. Linseed meal \$41.50 Buffalo, \$40.50 Minneapolis, \$43.50 Chicago. 36 per cent cottonseed meal \$25 Memphis. White Hominy feed \$2.3 St. Louis. No. 1 Alfalfa meal \$18.50 Kansas City. Gluten feed \$37 Chicago. Beet pulp quoted \$4 lower in New England at \$34 Boston rate points.

Live Stock and Meats: The general trend of Chicago live stock prices the past week was upward. Hogs advanced 50c-85c; fat lambs 50c-75c; yearlings 25c to \$1 per 100 lbs. On the whole cattle prices were not materially changed. Feeder steers up 25c; heifers down 25c-50c. March 14 Chicago prices: Hogs, bulk of sales \$10.10-\$11.15; medium and good beef steers \$8.40-\$10.15; butcher cows and heifers \$5-\$9.50; feeder steers \$7.75-\$9.75; light and medium weight veal calves \$9.50-\$12.25; fat lambs \$8.50-\$10.75; feeding lambs \$7.25-\$9.60; yearlings \$7.50-\$9; fat ewes \$5-\$8.50. Eastern wholesale fresh meat prices advanced in most instances moderately. Pork loins led with an advance of \$5 per 100 lbs. Beef up \$1-\$1.50; veal and lamb irregular, some being \$1 lower, others \$1 higher. Mutton ranged steady to \$1 lower. March 14 prices good grade meats: Beef \$18-\$19; veal \$19-\$24; lamb \$18-\$23; mutton \$12-\$15; light pork loins \$25-\$28; heavy loins \$19-\$23.

Grain: There was a considerable drop in prices the past week caused by favorable crop reports, much needed rains in southwest, weakness in stock market, and general economic conditions. The only important bullish factor was export business in evidence at times. On the 14th there was an early advance up to 3c as result of removal hedges against between 2,000,000 and 3,000,000 bushels wheat sold over night to British Commission, Italy, France, Spain and Holland but on upturn there was heavy selling by commission houses and brokers and prices dropped 4c below the opening. In Chicago cash market No. 3 Mixed corn 6-7c under Chicago May; No. 3 Yellow 5 1/2-6 1/2c under. For the week Chicago May wheat down 12 1/2c at \$1.46 5-8, May corn 3c at 88c. Minneapolis May wheat down 14c at \$1.39 3-4, Winnipeg May 9c at \$1.78 5-8. Chicago March wheat \$1.55 1-8. Minneapolis flour sales continue fair.

Cotton: The average price of middling spot cotton in the 10 designated markets lost about 7 points during the week, closing around 11.01c per lb. New York March futures down 28 points, closing at 10.96c.
 Dairy Products: Butter markets weak and unsettled, until the 12th when better feeling developed in eastern markets. Buyers short and should recovery prove more than temporary heavy purchasing expected. Increased domestic production and heavy Danish imports are factors in future developments. Danish shipments totalling more than 1,230,000 pounds arrived during week; other large shipments to come. New Zealand butter stored in San Francisco also being shipped east. Closing prices: 92 score; New York 47 1/2c; Philadelphia 48c; Boston 47 1/2c; Chicago 46c.
 Cheese Markets steady to firm throughout week. Wholesale business mostly small orders, but good conspicuous demand has kept trading fairly active. The lenter demand has been lighter than expected, due partly to plentiful supply and lower prices fresh eggs. Eastern cheese has continued to reach western markets and still have some depressing effect there which in turn has helped to strengthen eastern markets. The new weeks business opens today with prices at Plymouth Wisconsin cheese exchange showing reductions of from 10-2c according to styles: Twins 24c Daisies 25c; Double Daisies 24 1/2c; Longhorns 25c; Young Americas 24c.
