**ALBERT E. WILSON.**

Word received Wednesday morning  
from Salem, Oregon, announced the  
death at that place Tuesday of Albert  
E. Wilson, formerly of this county,  
following a stroke of paralysis suffered  
early last week. Mr. and Mrs. Wilson  
leased their farm south of O'Neill last  
year and removed to the Pacific coast  
in the interest of Mr. Wilson's health.  
Bert Wilson, as he was affectionately  
known by his host of friends in  
O'Neill and Holt county, was one of  
the most popular and esteemed resi-  
dents of southern Holt county and the  
news of his demise comes as a shock  
to the community in which he had re-  
sided for many years. No word as to  
the funeral arrangements yet has been  
received, but burial probably will be  
in the Chambers cemetery.

**CHARLES H. BIGLER.**

Charles H. Bigler, son of Charles  
Bigler of Rock Falls township, him-  
self one of the early settlers of Holt  
county, died at the residence of Mr.  
and Mrs. John Moler of Rock Falls  
township Saturday afternoon after a  
prolonged illness. Mr. Bigler was  
born at Greenville, Michigan, June 21,  
1876. He removed with his parents,  
Mr. and Mrs. Charles Bigler, to Rock  
Falls township, this county, from Iowa,  
thirty-eight years ago and continued  
to reside in Holt county until about  
ten years ago, when he moved to Car-  
ter, S. D., returning from that place to  
Rock Falls township about a year ago,  
having been compelled to abandon  
farming on account of poor health. He  
was married to Miss Electa Moler,  
daughter of Mr. and Mrs. John Moler,  
at Butte, Neb., September 12, 1901.  
Mr. Bigler leaves to survive him  
the widow, his father, Charles Bigler  
of Rock Falls; three sisters, Mrs. Lee  
Morrison of Ravina, S. D., Mrs. Harry  
Madison and Mrs. William Claussen  
of O'Neill, and five children: Mary,  
Clarence, Mildred, Bernadine and  
Eliza Bigler.

Funeral services were held Tuesday,  
the Reverend Steiner officiating, burial  
being in Pleasant Valley cemetery.

**WATER BONDS.**

There will be held in the City of  
O'Neill a special election on Tuesday,  
April 5th, contemporaneous with the  
City election for the purpose of vot-  
ing on the proposition of issuing \$19,-  
000.00 additional water bonds. At the  
special election in August the voters  
affirmed the proposition for the issu-  
ing of \$31,000.00 for Water Bonds  
for the purpose of erecting a 150,000  
gallon elevated water tower; for the  
purchase of eight inch mains and the  
laying of same from the old standpipe  
terminal to the new site; for the pur-  
chase of a water tower site; for the  
purpose of laying four inch mains and  
for the purchase and installation of  
water hydrants.

The City Council from the informa-  
tion they had at hand at the time the  
\$31,000.00 bond was submitted, consid-  
ered that this amount would be  
ample to cover these improvements but  
after making the estimates and sub-  
mitting the proposition and before the  
contracts for the work was let, the  
price had so advanced by the increase  
in the price of material and increase  
in freight rates became so out of pro-  
portion with the estimates made that  
the amount of bonds voted would not  
nearly cover the improvements or  
finish the work undertaken. For in-  
stance, the Council had established the  
cost and installation of a forty horse  
power engine at \$2800.00 and the  
engine which was purchased and in-  
stalled cost the City close to \$4500.00  
and all other material advanced in a  
similar proportion except the water  
tank and tower itself and the ground  
on which it will be located came with-  
in the original estimate and the City  
Council have found it necessary to  
submit to the voters the proposition  
for \$19,000.00 additional water bonds  
to fully complete the work undertaken  
and pay for considerable work that has  
been done on the water-plant which  
work was contracted for without any

provision being made for the payment  
of same. There will also be the ex-  
pense of removing the old standpipe.  
The previous Council wisely con-  
tracted for work in the digging of two  
new wells; the purchase of a new  
pump and the digging of a pit for  
same but made no provision for the  
complete payment of this work. There  
has been handed to the present Council  
a deficit for this work and there has  
been additional expenses devolved on  
the City for work in connection with  
this uncompleted work at the City  
plant and the only solution that the  
City Council can find to meet these ex-  
penses and improvements at the water  
station and to make the city water  
system complete and to finish up the  
work undertaken and to get away from  
an unavoidable deficit was to submit  
the proposition for these additional  
water bonds. With the erection of the  
Standpipe in connection with the new  
pumping facilities and the addition of  
a new water supply in the way of more  
wells or a larger retaining well which  
would be necessary to furnish the new  
pump with full capacity and with the  
elimination of the waste of water that  
now exists and with the purchase and  
installation of a large oil tank for the  
storage of distillate or cheap grade fuel  
for the water pumping engine and with  
the improvements already made at the  
pump station and the general improve-  
ments proposed to be made, O'Neill  
will have one of the best water sys-  
tems of any town in the State. By  
covering all of these expenses con-  
nected with the water system by  
bonds, the payment of same will be  
spread out over a long period of years  
and will not be felt or noticed in taxa-  
tion nearly as much as if these nec-  
essary improvements would be done  
from year to year, requiring a higher  
levy and necessarily higher taxes. On  
the completion of this water project  
the City has the promise of a re-rating  
of insurance and a reduction in insur-  
ance rates based on adequate fire pro-  
tection.

The City Council are the chosen  
representatives of the voters and tax  
payers and are interested in the wel-  
fare and development of the City and  
are responsible to the public for their  
official action and the City Council in-  
vites the closest study and investiga-  
tion by the public of this water im-  
provement and the bond issue submit-  
ted.

Respectfully submitted,  
C. M. DALY,  
Mayor.
