**PLEASANT VIEW NEWS.**

Page ball team went to Venus last Saturday, but no one from Page seemed to know how the game came out. The Venus boys reports victory score 14 to 3.  
Miss Helen Townsend was agreeably surprised last Wednesday when the Seniors of St. Mary's Academy arrived at her school house at the noon hour, bringing well-filled baskets and invited Miss Helen to partake of their delicious lunch. The girls autoed back to town in the evening having spent a delightful holiday.  
Many of the Pleasant View people are hauling corn to O'Neill this week. Man ball boys came over to Page Sunday and played their first game against the Page nine this season. On account of the "serious" condition of the Page pitcher Page was defeated, having to substitute a pitcher in his place. The score being 7 to 2. They will play Inman on the Inman diamond a week from Sunday with the

hopes of winning a game.  
**NO REST—NO PEACE**  
There's no peace and little rest for the one who suffers from a bad back, and distressing urinary disorders. O'Neill people recommend Doan's Kidney Pills. Ask your neighbor, he'll be guided by their experience.  
Mrs. E. Conklin, O'Neill, says: "I had been bothered with disordered kidneys for a long time up until two years ago. My kidneys caused me a great deal of annoyance by their disordered condition and I had water sacks under my eyes. I could get no rest at night and was tired out most of the time. I used Doan's Kidney Pills and could see a change for the better from the very beginning. About six boxes of Doan's cured my trouble and I have not had any return of it since. I am glad to recommend this remedy from my own experience. I received them from the Price Co., all dealers. Don't simply ask for a kidney remedy, get Doan's Kidney Pills—the same that Mrs. Conklin had. Foster-Milburn Co., Mfrs., Buffalo, N.Y. (48)

**SCOUT DEPARTMENT.**  
Troop No. 1.  
Scouts today suggest of news, are requested to toss 'em to Scout John Phalin so he can have 'em essayed.  
Patience is greater than wisdom. Scouts who have been patiently awaiting the landing of the new catalogues are reminded of the patience of Robert Louis Stevenson; he re-wrote "Treasure Island" seven times before a ten year old admitted it was worth reading.  
Troop 1 is considering a proposition to propose a city clean-up day. If the scouts and several other organizations of large membership spent one

day on the alleys, street and vacant lots raking cans, baling wire, dead weeds, rot dogs, brick bats and such trash—a bat and some system be planned to produce a banquet in the evening with the new band cracking off— "a dream?" Perhaps! Sometimes dreams come true, Hortense.  
Randall Downey, a charter member of Troop 1, died in town last week. Randall is now nineteen, looks healthy and prosperous and says he would like to be a tenderfoot again so he could go on a two-weeker.  
Partick Carr has been voted an acceptable candidate for Troop 1.  
How much of a snake is tail and how much is body? Two scouts debated this an hour. Go ask a rattle snake, you poor Tenderfeet!  
What are the Boy Scouts? Organized Boyhood. Organized for what? Better Americas. The rich and poor, the bright and dull, the Catholic, Jew and Protestant united and brought to one level that they may enjoy swimming, camping, hiking and the study of most things dear to boys. It is death to cigarette sucking, crap shooting and Kid Walker's Death Rattle Alley gang of Skirm-alive. A boy is awake about 5,000 hours a year. School claims him about 1,000. What would you like to see him the other 4,000? At home to be sure, but—and that's where scouting points the way for safe and sane spending of the red-blooded energies of the young buck Yankee. The organization is nearly self running. The adult officers act more as guides and advisors than drivers or generals. They stand for better American men, that's all.  
A price list of clothing and equipment has been received. Catalogues not out for some time.  
Just think of the poor starving mosquitoes, Scouts. All in favor of an over night hike hold up your right fly swatter.

On Monday, May 2, 1921, nine of the scouts went out in a truck for the purpose of getting some trees to plant at the library; they scouted twenty-two trees and were back here at 1:30 p. m., and the rest of the scouts were waiting to plant the trees. They finished their work at 3:00 o'clock.

At the meeting held last Monday there were twenty-eight scouts present. They were drilled outside for a while and then were taken inside the building where the meetings were called to order. The contest reports were handed in and it was found that the Mongoose patrol was ahead while the Flying Eagles were a close second, the Owls were third and the Beavers were a long ways behind. Lee Weekes then instructed us in Samphore, in which we are getting some real first scouts, and it won't be long before we will all be proficient in this subject. Lists were handed out on which were the items required for each scout to take to camp, if a scout wants to have any comfort while in camp he will have to have nearly all the things which are listed. The Mongoose patrol had a patrol meeting after the regular meeting was dismissed. What they were doing is not known.

On Friday, May 6, 1921, Troop 2, B. S. of A. will give an Illustrated Lecture at the First M. E. Church, starting at 7:30. Their subject is "Recreation in the National Parks." It is a very interesting subject. Refreshments will be served afterwards.

annex a majority of it in the shape of excess profits tax. And all we would object to undergoing the ordeal a time or two, just for the sake of the experience.  
The city authorities of St. Louis are a charitable bunch. They have just handed Henry Ford's newspaper a valuable lot of advertising free of charge. Newsboys are forbidden to cry their sales of the paper on the public streets.  
Baseball grafters who disgraced the national game a few months ago are to escape prosecution because of the "corruption of witnesses." It is announced—Quite to be expected.

**If you want True Music you must choose**  
**The NEW EDISON**  
*"The Phonograph with a Soul"*

CONSIDER your object in buying a phonograph. It is to bring true music to your home—the living performances of great singers and instrumentalists, of great bands and orchestras.

Over five thousand times, before more than five million people, the New Edison has stood side by side with the living artist in a direct comparison test, and no one has been able to distinguish between the living performance and the RE-CREATED performance.

The New Edison is the only phonograph or talking machine that sustains this test. It is the only phonograph that has actually proved beyond question that it gives you true music.
