STATEMENT OF OWNERSHIP
Management, Circulation, Etc., Required by the Act of Congress of August 24, 1912, of The Frontier, published weekly at O'Neill, Nebraska, for April 1, 1921.

First car Florida Watermelons in New York wholesale market recently brought 75c-\$1.25 each for \$15-20 pound Tom Watsons, a few selling as high as \$1.50.

Live Stock and Meats—The trend of Chicago live stock was generally upward the past week. Hogs gained 10-25c, beef steers 15-50c, butcher cows and heifers 25c, veal calves 50-\$1, fat and feeding lambs, yearlings and fat ewes generally steady. May 2 Chicago prices: Hogs, bulk of sales \$8-\$8.40; medium and good beef steers \$7.40-\$8.75; butcher cows and heifers \$5-\$9; feeder steers \$6.50-\$8; light and medium weight veal calves \$8-\$10; fat lambs \$9-\$11; feeding lambs \$7-\$8.50; yearlings \$8-\$9.50; fat ewes \$5.50-\$7.25.
Stocker and feeder shipments from 11 important markets during the week ended April 22 were: Cattle and calves 37,716; hogs 6,479; sheep 3,360.
With the exception of mutton, eastern wholesale fresh meat prices declined. Pork loins down \$1-\$2; veal steady to \$3 lower; lamb steady to \$1 lower; mutton generally \$1 higher per 100 pounds. May 2 prices good grade meats: Beef \$16-\$17.50, veal \$18-\$20; lamb \$20-\$24; mutton \$16-\$17; light pork loins \$24-\$27; heavy loins \$17-\$22.

Dairy Products—Butter prices have declined steadily the past week; markets weak. Closing prices 92 score: New York 36; Chicago 30 1/2; Philadelphia 37 1/2; Boston 37. Declines due to usual spring slump which occurs when season of flush production approaches; dealers making every effort to avoid being caught with any surplus. Under normal conditions market receipts would not have caused present weakness.
Cheese markets slow although actual trading was somewhat better during week. Under-tone of markets still somewhat unsettled as there are many dealers who have looked for further slight drops. Plymouth Wisconsin cheese exchange prices today represent declines since last Monday averaging over 1c with Daisies down 2-3-8. Prices: Twins 15c; Daisies 12 5-8; Double Daisies and Longhorns 12 3-4; Young Americans 13.
Cotton—Spot cotton prices advanced 40 points the past week, closing at 11.42c per pound. New York futures up 68 points at 12.65c per pound.

FREE MOVING PICTURES.
This notice is to tell you about a home demonstration "movie" which will be shown at The Royal Theatre on May 7th, at 3:00 o'clock. This "movie" is free to all men, women and children who are interested in knowing more about home demonstration work. Miss Stella Mather, Home Demonstration Leader in the Extension Service, will be present to talk to all women who would like to secure in their community some of the help which the "movie" tells them about.
This film is made up of seven reels and the first two of them are entitled "The Farm Bureau Comes to Pleasant View." This part of the "movie" shows how a community can be organized for Extension work and some of the good results obtained especially for the farm women. "Grandpa Little" gets in touch with the County Extension Agent and a program of work is planned for Pleasant View. The women are shown what a labor-saving device a dress form is and are taught how to make them. Mrs. Little's new clothes which she has been able to make through the use of the dress form, receive a great deal of praise at the community style show.
New ideas in regard to poultry raising are responsible for the new rug in Mrs. Little's home. The women of Pleasant View get together on labor-saving devices for household use. A farm water system gives Mrs. Little time for real enjoyment of country life and other conveniences make farm life more attractive.

WEEKLY MARKETGRAM.
(U. S. Bureau of Markets), Washington, D. C., For week ended May 2, 1921:
Grain—Market uncertain and easily influenced either way during the week. Good export demand, light offerings, weather damage reports, and small wheat stocks Chicago available delivery on future contracts were the principal bullish factors while pit conditions, European political situation and weakness in corn on the 28th were mainly responsible for declines. Premiums cash wheat Minneapolis up 2-3c with offerings light and Buffalo mills reported bidding for wheat Kansas City. Heavy frosts predicted some sections tonight. In Chicago cash market No. 2 Red winter wheat \$1.44; No. 2 Hard \$1.49; No. 3 Mixed corn 58c; No. 2 Yellow 59c; No. 3 white oats 37c. For the week Chicago May wheat up 8 1/2c at \$1.34 3-8. May corn down one cent at 58 3-4. Chicago July wheat up 4 1/2c at \$1.09 1-8. July corn half cent at 62 cents. Minneapolis July wheat up six cents at \$1.16; Kansas City July 4 1/2c at \$1.02; Winnipeg July 3 1/2c at \$1.43 1/2.
Hay—Market very inactive. Receipts continue light but equal limited demand. Spring farm work curtailing movement. Price changes only local. Best grade of all hay in fair demand. Quoted—No. 1 Timothy New York \$30, Philadelphia \$24, Chicago \$22, Minneapolis \$20, Cincinnati \$21, Atlanta \$29; No. 1 Alfalfa Kansas City \$22.50, Omaha \$20, Memphis \$28, Atlanta \$30; No. 1 Prairie Kansas City \$13, Omaha \$13, Minneapolis \$16.50.
Feed—Market shows slight price changes. Wheat feed prices strengthened in west due to light production rather than increased demand. Cottonseed, linseed, and Alfalfa meal weak. Purchases continue only for immediate needs. The trade seems to consider present prices low enough but look for no advances in near future. Quoted—Spring bran New York \$25-50, Philadelphia \$24.50, Chicago \$19.50 Minneapolis \$16; spring middlings New York \$25.25, Chicago \$18.50, Minneapolis \$15; linseed meal Minneapolis \$30.50, Chicago \$33, Kansas City \$31; Cottonseed meal Memphis \$26, Atlanta \$26; Alfalfa meal Kansas City \$18.50, Omaha \$18, Memphis \$22.50; Hominy feed Chicago \$25, New York \$29.50.
Fruits and Vegetables—Sacked Round White potatoes down 10-15c per 100 pounds at northern shipping points closing 60-75c. Chicago car-lot market at seasons low point of 80-85c.

Hot lunches are provided for the children in the school at Pleasant View and the conclusion is drawn that "children are the best crop the farm produces."
Arrange your work so that you can spend an enjoyable hour seeing how folks do things in other communities and Miss Mather will tell you how the same thing can be done in your community. Notify and bring as many friends as possible.
STELLA MATHER,
Home Demonstration Leader, Lincoln, Nebraska.

CROW HUNT DAY.
Louisville Courier: From the O'Neill Frontier, in Holt county, we note that they designated a recent Sunday as crow hunt day and all owners of fowling pieces were requested to shoulder their muskets and join in the hunt for the crow which is a bird destroyer and a carrier of disease. This is the nesting season for crows and they are easily approached and killed on the nest. The Frontier said that a concerted action on the named day and for several Sundays following, would mean the banishment of the pestilential bird from Holt county. This might be a good move for the farmers around here to make.

Any man can make his wife do anything—that she wants to do.

Some people think dry cleaning helps wear out clothes.

They are mistaken—for the right kind of cleaning takes out all grit and dirt—prolongs the life of the garment and restores its original brilliancy and lusture.
