## NO HYSTERICIS HERE

Omaha News: "An Omaha bank closed its doors the other day.

"Most Omahans will recall when such an event would have produced more or less hysteria, and brought a mob of depositors to storm the doors of this and other banks.

"Today we see state and bank officials going quietly about the adjustment of affairs, and another bank calmly preparing to take over the defunct institution's deposits.

"The guarantee fund is the answer."

This is the only bank in O'Neill offering this protection.
