

Difference Between Friendship and Credit

Friendship counts, but you cannot draw on it like you can a bank account.

Why not cultivate the kind of friends that are not embarrassed when you call on them for help?

You can call on a bank account day or night. It is always ready.

IOWA JUDGE HOLDS HOLT COUNTY LAND VALUABLE

Holt county probably is the only county in Nebraska to have the value of its land judicially determined by the courts of another state. Judge Newby of Sioux City, is the foreign judge to render the decision. The judge recently held in an action between Weber Brothers of Sioux City and Webb Kellogg of this city that land north of Atkinson was worth at least \$45 an acre on the average, and probably more. The case was one in which Webb brothers sought to be released for the purchase of the McKathnie ranch of 1760 acres from Mr. Kellogg at a price of \$45 per acre. The Webers contend, and sought to prove by witnesses, that the land was worth not more than \$18 or \$20. The court held that the land was worth at least \$45 and some of it more.

FWING YOUNG LADY IS WED TO KANSAN AT PIERCE

Ewing Advocate: Married at Pierce, Nebr., Saturday, July 23, Miss Hazel L. Bethea of Ewing, to Mr. Harry E. Winziriend of Atchison, Kansas.

The bride is the daughter of Mr. and Mrs. W. W. Bethea, and has lived in Ewing all her life, graduating from the Ewing High School, and was a teacher in Holt and adjoining counties for several years. She completed a four year course and graduated from the M. E. hospital in Omaha and for the past year has been in the employ of the Verges Sanitarium at Norfolk. The bride is a very capable young lady, possessed of a most pleasant disposition that wins her friends wherever she may be.

Mr. Winziriend is a man of pleasing personality. He served overseas about a year and a half and at present is a traveling salesman for the Morris Packing Company.

The happy couple have many friends who join in wishing them a happy and successful married life. They will for the present make their home at Norfolk.

PICNIC AT FESSLER'S GROVE.

Having been requested to write an account of the Eden Valley Sunday School Picnic held in Joe Fessler's grove on Sunday, July 31st, I hasten to comply.

By way of an introduction, I want to say right here that our Sunday school was organized under the most discouraging conditions, but in spite of that we have a membership of

thirty-five, and an average attendance of twenty-five. Our financial condition is equal to the best of any school of its size in the country, and the interest in the work is on the increase.

Much of the benefits derived by the school is due to the active interest taken in the same by Mr. and Mrs. George Hansen. Although outsiders, they have been with us several times to help and encourage us.

The picnic began in the morning with Sunday school at 11 a. m., which was followed with the most bountiful repast the writer has ever been lucky enough to participate in. Plenty of iced tea and ice cold lemonade was served to all.

After dinner a most excellent program was rendered by the primary and junior classes in a most excellent manner, and was well received by all.

Much credit is due to Mr. and Mrs. Joe Fessler for the royal way in which they treated everyone who came there, and the work which they did in a most efficient manner to make the picnic an assured success, and in addition to that Mr. Fessler cleaned a portion of his grove which enabled the picnicers to move around in comfort, for which we tender him our thanks.

There was over a hundred persons there and they all enjoyed themselves very much.

The expenses for the feed was \$7.55. Collection \$6.55. Ice cream was served after the program in the afternoon.

Mrs. King, our efficient superintendent, is filling her position with credit to herself and the school. To sum it all up, our school has been particularly built up out of nothing, and will soon be able to show that it has accomplished a definite object which is our goal.

SENATE APPROVES FARM LOAN BONDS

The approval Wednesday by the United States senate of the proposed issue of two hundred millions of federal farm loan bonds was the big news story of Wednesday evening and Thursday morning papers. The insurance of these bonds is expected to result in practically immediate relief from present stringent conditions in the farming and stockraising districts of the central west. A number of applications for federal farm loans already are pending, according to James F. O'Donnell, secretary of the local farm loan association, and the placing of these bonds upon the market will result in more prompt and satisfactory action upon these applications.

barn and it is presumed they innocently were the cause of the fire. Loss about \$150.00, no insurance.

Peter Claussou, one of the pioneer residents of Emmet township, was an O'Neill visitor the first of the week and made this office a pleasant call. Mr. Claussou says that six inches of water fell at his place two weeks ago Sunday and did considerable damage to grain that was still uncut.

This county and section of the state was visited last Sunday and Monday with another splendid rain, which insures Holt county the largest corn crop in the history of the county. The precipitation here was one and one-half inches, and it was much heavier in other parts of the county.

Charles Harding has the thanks of the editorial family for a pound of fine honey, in the comb, that he presented us last Saturday. It was delicious. Charley has several swarms of bees on his place in the western part of the city and says that he will have about 700 pounds of honey this year.

Friends of J. H. Meredith are advised that Mr. Meredith has a large patch of canteloupes almost ready for the picking in the garden near his residence. Mr. Meredith planted the seeds believing them to be cucumber seeds and will have a much larger supply of melons than he needs for personal and family use.

About twenty members of the local golf club will go down to Norfolk next Sunday where they will participate in the golf tournament, which will be held there next week. The local club has never been as prosperous as at the present time, having gained several members since acquiring the new course west of the city.

The big daily newspapers are making much of a new cure for rheumatism said to have been discovered by George Burke of Fort Morgan, Colo., said to originally hail from O'Neill. Mr. Burke lets rattlesnakes bite him when he feels a rheumatic twinge coming on. A well placed rattlesnake bite is known to afford relief from many ailments.

Frank D. Harnish of Lake Preston, S. D., arrived in the city last Thursday evening for a couple of days visit with home folks, returning to his

evening while Mr. and Mrs. Sieverding and family drove over to Lemars, Iowa, for a short visit with relatives there before returning home.

Mr. McDermott says that it was very dry near Sioux Falls and that the corn crop had been seriously damaged by the continued hot, dry weather. Crops in this state, in the territory through which they drove, except in the northern part of Cedar county, are far better than they are in South Dakota, according to Mr. McDermott.

TWO WOMEN KILLED AS TRAIN STRIKES AUTO

Lynch, Neb., Aug. 1.—Mrs. C. S. Cooper of Lynch, and two daughters were struck at a public crossing five miles east of here by east bound train Sunday afternoon. Ms. Cooper was killed and her daughter, Louise died an hour later at a hospital. The other daughter will survive.

CARD OF THANKS.

We desire to express our heartfelt thanks to the many kind friends and neighbors who assisted us during our late bereavement, the death of our beloved husband and father. Your kindness to us in our hour of sorrow will ever be held in grateful remembrance.

Mrs. Fred Richter and family.
