The Nebraska Farm Bureau Federation headquarters is receiving many answers from its members through the state to its questionnaire relative to the disarmament conference. The answers show that the farmer is overwhelmingly in favor of world's disarmament as the final solution for world's peace and relief from exorbitant taxation. Many answers are also being received, showing that the farmers favor constitutional amendments looking to the creation of a rural credit system and the classification of tangible property for taxation.

The Nebraska Farm Bureau Federation has received communications from many farmers who have quantities of corn and hay, but are unable to obtain sufficient finance to secure sheep and cattle for feeding purposes. These farmers have signified a willingness to take feeders onto their farms to be paid for when finished for market at a price agreed upon, or are willing to feed the stock for a stated sum per pound gain.

A basket ball game between the Chambers and Valley Center grammar grades was played at the Valley Center school last Friday afternoon. The score was 18 to 20 in favor of the Chambers girls. The boys tied 10 to 10, after trying twice to play off the tie. A large crowd of students from Chamres were present, besides many of the patrons in the district.

**O'Neill Sanitary Laundry**

**Get Away This Winter!**

Get away from business and household responsibilities, care and worry. Get out into the glorious, semi-tropical atmosphere of California, where health, rest, comfort and delightful outdoor activities await you—amidst the flowers and orange blossoms beside the blue Pacific. "Twill do you a world of good! If your neighbor has been there, ask him—he knows.

Be sure you make the most of the trip, however, and see Denver, Colorado Springs, Pike's Peak, Pueblo, the Royal Gorge, Scenic Colorado, Salt Lake City and the Feather River Canyon through the Sierra Nevada Range—in daylight.

For the accommodation and convenience of Burlington patrons, main-line train 3 carries a through sleeper daily, direct to San Francisco—connecting service from Salt Lake City via the short trip to Los Angeles. A delightfully—easy, care-free trip—takes a little longer, but it costs no more and is "The Route Beyond Compare if You Have Time to Spare."

Reduced-rate round-trip tickets are now on sale daily to California—long limits, liberal stop-over privileges—go one way and return via an entirely different route.

Deducting the cost of remaining at home and considering the price of things generally, you'll be surprised how reasonably the trip can be made—especially when you contemplate what this will mean to you and remember that a life which isn't pleasantly spent isn't well spent. Think it over!

Better let me make your reservations well in advance.

C. W. Roberts,  
Ticket Agent.
