	\$119,000.00

W. T. HAYES, Chairman.
 E. F. PORTER, Clerk.

A MILLION DOLLAR BABY

Naturally, those who see this heading expect to read about some "baby heir" of an American multi-millionaire, and they will be surprised to learn that such a description applies to a scientific pyorrhea preventative, tooth and mouth preparation, and they will doubtless wonder how such a product ever came to be spoken of as a "million dollar baby." So the story must be told. Over three years ago, the Research Department of the Rexall Company, in consultation with chemical specialists, began an exhaustive investigation into the disease Pyorrhea, and its proper treatment, and in their characteristically thorough way spent over two years before they perfected a compound which answered every test, according to their high standards. Such a remarkable demand has been created that they have named it "the Million Dollar Baby." Probably no preparation that is devised for use as a germ combatter was found so efficacious in preventing all contagious diseases that enter the system through the mouth and nose as Klezno Liquid Antiseptic. Especially was it proved that users of it completely escaped all attacks of the flu when so prevalent last year. This Rexall product can be purchased in 25c. and 50c. special toilet bottles at

FRANK BENASH.
 Subscribed and sworn to before me this 14th day of June, 1921.
 E. F. PORTER, County Clerk.
 OFFICE OF COUNTY CLERK.
 June 23, 1921.

The State of Nebraska, Holt County, ss:
 M. F. Norton, County Surveyor, Esq. You are hereby notified that on the 23rd day of June, 1921, you were appointed Special Commissioner to view and report upon the practicability of locating a certain line of road prayed for in a certain petition duly signed and filed in the office of the County Clerk on the 14th day of June, 1921, as follows, to-wit:
 To the Board of County Commissioners:
 The undersigned electors ask that a Public Road commencing at the Northwest corner of Section 11, Township 31, North of Range 12, West and running thence South about 240 rods on the line between Section 10 and 11, thence on an angle Southeast as now traveled across the SW 1/4 of SW 1/4 of Section 11 to a point on Section between Sections 11 and 14 about 80 rods east of Southwest corner of Section 11, thence East on the Section line between Sections 11 and 14 and terminating at the southeast corner of Section 11, Township 31, Range 12, West, being signed by Frank Benash and 19 others. You are required to file your report on the same on or before _____, 1921.

(Seal) E. F. PORTER, County Clerk.
 T. D. HANLEY, Deputy.

Report of M. F. Norton, County Surveyor Special Commissioner:
 In compliance with the foregoing commission and upon viewing the proposed line of road I find that the west line of Section 11, Township 31, Range 12, is open and traveled from the Northwest corner of the Section for 59.00 chains or to the line of road herein described and recommended to be allowed as a public road. The South 21.00 chains on west side; and the west 22.00 chains on the South side of the section is rolling land and unfit for a road bed. The rest of the line 58.00 chains running east between Sections 11 and 14 will make a fair road. I find no direct travel on this last named line and there is a fence on the south line of the ES 1/4 of SW 1/4. After taking into consideration both private and public convenience I would recommend that the road be established as follows, to-wit:
 Commencing at a point on the section line 21.00 chains north of the southwest corner of Section 11, Township 31, North of Range 12, West of the 6th P. M., in Holt County, Nebraska, and running thence South 81 degrees 40 minutes E. 6.88 chains, thence South 34 degrees 40 minutes E. 8.82 chains thence South 21 degrees 10 minutes E. 5.20 chains, thence South 48 degrees 30 minutes E. 11.50 chains, to the section line at a point 22.00 chains east of the southwest corner of said Section 11.

Thence East on the section line between Sections 11 and 14, 57.50 chains to the southeast corner of Section 11 of above township and range and here terminate.

M. F. NORTON, County Surveyor Special Commissioner.

Mr. Chairman: I would respectfully move that the prayer of the petition of Frank Benash and others, for consent road be granted, and County Surveyor be instructed to plot same on county road book.

J. V. JOHNSON, JOHN SULLIVAN.
 Same carried.
 Board spent the balance of the afternoon in discussing the maintenance budget with District Engineer Stuart. At 5 o'clock p. m., on motion board adjourned until January 12, 1922.
 W. T. HAYES, Chairman.
 E. F. PORTER, Clerk.
 O'Neill, Neb., Jan. 12, 1922, 9 a. m.
 Board met pursuant to adjournment. All members present. Called to order by chairman. Committee appointed to view road No. 184 went to view same. Balance of board proceeded with checking county officials.
 At 12 o'clock noon, committee arose and adjourned until 1 o'clock p. m.
 W. T. HAYES, Chairman.

Proper Up-keep is Essential to Satisfactory Telephone Service

Every foot of telephone wire and every piece of apparatus, both in town and along the country roads, must be constantly watched, tested and kept in proper condition.

Constant expenditure for the up-keep of the telephone plant is essential if satisfactory service is provided.

The public can be well served only by a prosperous telephone company, whose income is sufficient to provide for the upkeep and operation of its property and for the replacement of equipment when required.

NORTHWESTERN BELL TELEPHONE COMPANY
