LOCAL MATTERS.

S. J. Weekes returned from a business trip to Omaha, Monday evening.

J. F. O'Donnell, J. B. Mellor and J. A. Donohoe returned from the Omaha auto show last Sunday evening.

The regular ladies who were on the lyceum guarantee enjoyed a crowded house at the benefit at the Royal last Monday evening.

County Judge Malone issued a marriage license Tuesday to Vernon Boyd White, of Newboro, and Miss Gretchel Beck, of Stuart.

The regular annual business meeting of the congregation was held at the Presbyterian church last Tuesday evening. The men of the congregation served the supper, which was thoroughly enjoyed by the ladies.

Mr. and Mrs. R. R. Dickson returned from Omaha, last Sunday, where they were attending the auto show for a couple of days. Mrs. Dickson was returning from Rochester, Minnesota, where she had been consulting the Mayos.

GOLF BAWLS.

The secret of the remarkable form in putting being shown by Ed O'Donnell this spring is out at last. It has been divulged that Ed has been engaged in secret indoor practise all winter, using the living room rug for a green and an ash tray for the can. Mr. O'Donnell is confident that the winter's practise has greatly improved his game, although Judge Dickson, who pursued a like course of study contends that he derived no real benefit from indoor practise until after he had sprinkled a few handfuls of gravel on the rug to make the conditions more nearly resemble those on the greens of the club course.

Speaking of indoor practise during the winter, putting is not the only style of play that may be pursued without expensive apparatus. John Melvin has been practising driving all winter up at the store, using marshmallows for balls. "The marshmallow is the ideal ball for indoor golf," says Mr. Melvin. "Before discovering the adaptability of the marshmallow I experimented to some extent with a yarn ball, which I found rather unsatisfactory. The marshmallow has the advantage in that it stays where it lights, thus enabling one to determine whether or not he is slicing and to what degree. The play does not spoil the marshmallow as a confection unless one happens to drive into a lace curtain, and this difficulty may be overcome by taking the curtains down before beginning the game." Mr. Melvin estimates that it requires about the same amount of energy to drive a marshmallow fifty feet as it does to drive a regulation ball two hundred yards. Those who noticed Mr. Melvin's play at the course last Sunday declare that he has improved his drive wonderfully.

One of the interesting events to be pulled off at the course in the near future is the contest between Straw

Gallagher and Mike Horiskey on one side and Patsy Harty and Will Biglin on the other. The match was to have been played last fall but was called off on account of the snow. An attempt was made to play it Wednesday, but it again had to be postponed at the last minute, and now will probably be played Sunday afternoon.

77 Wade caught a fish down in the old river channel Tuesday afternoon. Mention of the occurrence is not made in this column for the purpose of detracting attention from golf, but merely because it is too early to start the fish column.

THE LITERARY DEPARTMENT

The Literary Department met on Wednesday afternoon, March 22. Mrs. Lorene Brown was the leader for the day, and the Drama studied was "The Cherry Orchard," by the Russian Dramatist, Tchegov. Mrs. C. B. Scott reviewed the play, after which Mrs. Longstaff led the discussion in a most able manner. Everyone took part in the discussion and decided that this is one of the most interesting plays we have studied this year. Miss Mary Wood, of St. Mary's played a beautiful piano solo.

Miss Rutter, advance agent for the Ridpath-Horner Chatauqua met with the ladies of the club, and gave a most interesting talk in the interest of a Chatauqua for O'Neill the coming summer, the result of which O'Neill may have a Chatauqua this year. It has been the regret of many that O'Neill has not been able to have a Chatauqua, but the possibilities for a Chatauqua the coming summer look favorable at present.

The program of the Music Department has been postponed until Friday, April 7th, when the regular March program will be given, also the numbers of the February program which were omitted at the last meeting.

RILEY-HAYNE.

Promptly at high noon, Saturday, March 18th, occurred the wedding of Charles Hubert Riley, of Pierce, Nebraska, and Miss Venice Margaret Hayne, of Page.

The contracting parties took their places at the altar while Miss Ida Frey, of Pierce, played Mendelssohn's wedding march. Rev. Klop, of Stanton, Nebraska, an old friend of the bridegroom's family, performed the beautiful double ring ceremony.

Miss Ida Hayne, sister of the bride, was bride's maid and was daintily gowned in pink. T. R. Cutler, of Shenandoah, Iowa, a roommate of the bridegroom when they attended college, was best man. Miss Helen Zumbum, of Pierce, and Miss Venice Anderson, of Page, were ring bearers; Arlene Frey, of Pierce, was flower girl, all of whom were dressed in white.

The bride wore a dress of white satin with trimmings of silver lace, and carried a shower bouquet of roses, carnations and sweet peas, while the bridegroom wore a suit of dark gray. The bridegroom's gift to the bride was a double rope of pearls.

The decoration throughout the rooms were pink and white interspersed with smylax. The color scheme of pink and white predominated throughout the four course dinner which was served immediately following the ceremony.

The guests were the immediate relatives of the contracting parties. They were: Mr. and Mrs. W. W. Riley father and mother of the bridegroom; Mrs. E. Bowen, sister of the bridegroom, all of Pierce; Mrs. M. Frey and daughter, Miss Ida, of Pierce; Mrs. M. J. Hayne, of Page.

Mr. and Mrs. Riley left by auto, amid a shower of rice, for a two week's honeymoon, after which they will reside on a farm near Pierce.

ANIMA.

The students of Mary's Academy gave the beautiful allegory, Anima, at the Knights of Columbus opera house last Friday evening to a crowded house. The young folks did exceptionally well and the playlet was enjoyed by a large audience. The St. Mary's orchestra furnished the music and deserves special mention.

ODD FELLOWS WILL BUILD THIS SPRING

The addition will be of the same dimensions as the present building, 25 by 80 feet, and the cost will approximate \$5,000. The new floor will be newly equipped for lodge and club purposes. Arrangements for beginning the work in the near future now are being made.

SCHOOL OFFICERS NOMINATED.

The citizens of Page held a caucus at the opera house last Friday night for the purpose of selecting candidates for the school board to be voted for at the village election on April 4. The bride is the daughter of Mr. and Mrs. R. S. Taylor and the bridegroom is the son of Mr. and Mrs. Charles P. Siders, two well respected and prosperous farmers of the Opportunity country.

The Frontier extends congratulations.

HOEHNE-DAMS.

A very pretty wedding took place at the home of Mr. and Mrs. Otto Hoehne on March 15th, when their daughter Miss Anna Hoehne became the bride of Mr. George Dahms, son of Mrs. John Dahms. Rev. Vahle, pastor of the Lutheran church of Atkinson, officiating.

Miss Frieda Hoehne, sister of the bride, was bride's maid, and Gustav Dahms, brother of the bridegroom, was best man.

After the ceremony a wedding dinner was served. The young couple will make their home on the bridegroom's place, three miles north of Emmet.

WALTER RAY CHASE.

Walter Ray Chase died about one o'clock Wednesday afternoon at his home, formerly the Fred Richter farm, at Scottville. The cause of his death was Bright's disease.

The deceased was born in Correctionville, Iowa, January 2, 1893, and came to Holt county in 1911. On June 15, 1912, he was united in marriage to Miss Minnie Richter, to which union four children were born, all of whom are living.

The funeral services will be held at the home Friday afternoon at two o'clock, and will be conducted by Rev. George Bressler.

OBITUARY.

(Harrison Sun)

Ella Fleming, whose maiden name was Ella Florence Pine, was born April 4, 1895, at Dorsey, Nebraska, and passed away March 12, 1922, aged 26 years, 11 months and 22 days. Deceased was married to Quince Fleming, May 27, 1915. She was the loving mother of four boys, John Quince, Clarence Wilk, Charley Frederick and baby Jesse Pine.

She leaves to mourn her loss, her husband, the four boys, her mother, one brother and three sisters.

She has gone to her home beyond where her father, one brother and one sister have preceded her there.

All is calm, no more trials await her for she is at rest. She is gone but not forgotten and her cheerful and loving disposition will live forever.

ELI BITNEY.

Eli Bitney died at the home of his daughter, Mrs. Lilly Sullivan, last Saturday evening, at the age of about ninety years.

He was born in Canada, but came to the United States when quite young. He came to Holt county about nine years ago from Neligh, Nebraska, to which place his remains were taken after funeral services last Tuesday, and placed beside his wife, who died about five years ago. The funeral services were conducted by Rev. Hutchins of the Methodist church.

The deceased was an old soldier. He leaves five children: Charles, of Downers Grove, Illinois; Wm., of Effert, Wash.; Fred, of Omaha; Lemuel and Mrs. Lilly Sullivan, of O'Neill.

CATHOLIC WOMEN'S RESEARCH CLUB

The first meeting of the Research Club of the O'Neill Council of Catho-

Women was held Sunday at 8:30 p. m., in the K. C. hall. About one hundred women were present at this initial session, and by their earnest attention evidenced the willing spirit and active interest with which they are taking up the work of this study.

Two excellent musical numbers, one a selection of church music and the other a selection of patriotic music, in four part chorus by St. Patrick's Choir, were rendered at the opening and closing of the program. A splendid explanation of the National Catholic Welfare Council and the local Women's Council was given by Miss M. Cullen, President of the local Women's Council. Then followed the paper on church music by Miss M. Fitzsimmons. This was an explanation of what is proper in church music and at each successive meeting there will be a continuation of this paper.

A very able paper on church vestments was read by Mrs. J. A. Brown. In the active discussion which followed led by Mrs. J. J. Harrington a keen interest was shown and much information conveyed.

The Civics class ably conducted by Miss Anna Donohoe and Mrs. P. C. Donohoe aroused active participation in the discussion of civics and proved that womanhood recognized the need of forming a civics department within a study club. "The franchise cannot be conceived as a privilege only, but has become an obligation. To vote is not only an obligation, but even in a larger way, it is necessary to prepare to vote. The time has passed when mothers, sisters, and wives can keep the home life clean, sane and happy, by working only in the home. Civilization has become so complex that dangers beset the path of the family on every hand. Catholic women must enter into the larger life of the community and prepare by study clubs to participate in its affairs intelligently and effectively."

The next meeting will be held on Sunday, April 23rd.

The Sewing Circle of the Altar Society will meet Thursday afternoon March 30, as follows:

Northeast and Southwest Circles—Mrs. Tom Enright.

Northwest and Southwest Circles—Mrs. T. J. Coyne.

INVENTOR OF ESKIMO PIE IS MAKING \$8,000 A DAY

Christian K. Nelson, 28 years old, a graduate of Nebraska University and former principal at Theford, now has a daily income of over \$8,000 in royalties on "Eskimo Pie," of which he is the inventor, according to Omaha newspapers.

Nelson is a native of Denmark. It was while in the ice cream business with his father at Onawa, Iowa, that he conceived the idea of "Eskimo Pie." He wanted to put his idea over in a national way and went to Omaha where he interested Russell Stover, former manager of the Graham Ice Cream Company, in his proposition. Stover engineered obtaining a patent and went to Chicago, where he organized the Russell Stover Company to make "Eskimo Pie" famous through advertising.

"In three months we had spent \$250,000 in newspaper advertising and we found that it has brought wonderful results," said Mr. Nelson. He is now planning a double-page advertisement in a national weekly magazine for which he will pay \$14,000 for one issue.

The company gets 5 cents royalty on each dozen bars of "Eskimo Pie" manufactured. That is \$16,666.56 day, or half that amount each for Nelson and Stover. The company does nothing but sell the license to manufacture the product.

THE GREATEST FARMER IN THE WORLD

One-fourth of the wheat we grow is the result of the researches of the Government. After years of untiring experiment and investigation, the Government, through the Department of Agriculture, was enabled to introduce into this country the remarkable Durum wheat through which our production has been increased fully twenty-five per cent. This has been only one of many surprising but little-known accomplishments of the Government, which are covered in the interesting series of stories for which we have the exclusive right of distribution in this community.

We'll send this literature to you each month without obligation on your part if you will ask for it.
