The City Council met at their room last Monday evening in regular session. One of the principal things that happened at the meeting was the vote to retire four \$1000 water bonds from the funds accumulated in the special water fund. The council also made arrangements for a place to dump ashes and tin cans, on some land owned by Scott Hough, in the northwest part of town.

While transacting business at the court house Wednesday afternoon we ran across an old proof of publication of the Holt County Record which was then being published by T. J. Smith. The Record later became what is now The Frontier. The notice attached to the proof was that of the county superintendent calling a meeting of the teachers to be held August 7, 1880, and signed, D. P. O'Sullivan, county superintendent. Acknowledgment of the proof was taken by Sanford Parker, County Clerk.

HARRY SHAUGHNESSY SHOT.

About twelve o'clock Saturday night Harry Shaughnessy went to the George Clyde home in the southwest part of O'Neill, suffering from a gun shot wound in his left breast above the heart; a physician was immediately called and after an examination, arrangements were made to take him to Norfolk on the early train Sunday morning, where a 38 calibre bullet was removed from his left arm. The bullet entered the breast in a diagonal direction and followed the breast bone inflicting a flesh wound until it reached his left arm where it splintered the upper bone. The wound is not of a serious nature and the patient is recovering nicely.
 Harry refuses to make a statement as to how he was shot.
 After the wound was temporarily dressed Saturday night Harry told Glen Parker where to find the gun and Glen got the gun and turned it over to Mayor C. M. Daly. The gun is one that Harry traded for a short time ago. Two empty shells were in the gun when found.
 Wm. Shaughnessy, the young man's father, accompanied him to Norfolk Sunday morning returning home Monday evening. Mrs. Shaughnessy and his sisters, Miss Esther and Miss Winnie also visited him at the hospital this week.

The meetings at the tabernacle tent are attracting large crowds each evening, and have won a number of converts. Evangelist Hunter and party of singers have made two visits to the public school and have won favor with a great many people in this community.

Clean up and beautify our city. Let the children help. Free pictures for the children Saturday afternoon. Each child must bring ten tin cans fastened together with a string. No one shall be admitted unless they have the required number of cans.

NOTES FROM THE NORTHEAST.

Floyd Wertz, of Page, has been doing some carpenter work at the Grant farm, in Steel Creek precinct this spring.

Quite a number of farm and stock sales were held in this part of the country this spring. If this is an indication of inflation of prices we may expect better times.

The cornstalk disease seemed to exact an unusual toll from the farmers

in this locality this year. One farmer lost three head of his best cattle, another lost eight head of steers that he had just purchased from Omaha. Blackleg was the source of a loss of 25 head at another farm.

THE GREATEST FARMER IN THE WORLD

One-fourth of the wheat we grow is the result of the researches of the Government. After years of untiring experiment and investigation, the Government, through the Department of Agriculture, was enabled to introduce into this country the remarkable Durum wheat through which our production has been increased fully twenty-five per cent. This has been only one of many surprising but little-known accomplishments of the Government, which are covered in the interesting series of stories for which we have the exclusive right of distribution in this community.

Without a Telephone!

Can you picture all the trouble, inconvenience, danger and loss of time that would result if all the telephone lines were silent for a single day?

The telephone is so reliable that we fume and fret if it falters or is silent for even a few hours.

Of all inventions, there is none that gives a person as much pleasure, profit and protection for the money he spends, as the telephone.
