Every subscription is regarded as an open account. The names of subscribers will be instantly removed from our mailing list at expiration of time paid for, if publisher shall be notified; otherwise the subscription remains in force at the designated subscription price. Every subscriber must understand that these conditions are made a part of the contract between publisher and subscriber.

ADVERTISING RATES:

Display advertising on Pages 4, 5 and 8 are charged for on a basis of 25 cents an inch (one column wide) per week; on Page 1 the charge is 40 cents an inch per week. Local advertisements, 10 cents per line first insertion, subsequent insertions 5 cents per line.

MRS. KUBITSCHKEK AND MRS. BRENNAN ENTERTAIN

Mrs. F. J. Kubitschek and Mrs. Neil P. Brennan entertained forty-six lady friends at a seven o'clock dinner at the Golden last Thursday evening. Mrs. W. P. Hombach, of Council Bluffs and Mrs. Wm. Armsbruster were the honor guests.

The decorations were five varieties of cut flowers, yellow and pink tulips, Hyacinths, sweet peas, and lilies of the valley. Each table contained a different flower and the color of the flowers was carried out in the table decorations. Miniature corsage bouquets, hand painted invitations, hand-painted place cards and hand-painted but baskets were features of the occasion and were in keeping with the spring time idea.

The evening was spent at bridge. Mrs. C. F. McKenna won the major and Mrs. J. F. O'Donnell the low prize. Mrs. H. J. Hammond and Mrs. E. Gallagher won the all cuts.

HOMER SHERIDAN WINS FROM ROY RECTOR

Those who attended the boxing match at the opera house last Friday evening between Homer Sheridan, of Sioux City, and Roy Rector, of Columbus, were treated to four rounds of real scientific boxing. Both men were about the same weight, and height, and both real boxers.

The match was to have been a ten round bout, but lasted only four, Sheridan put Rector down in the third and finished the contest in the fourth.

Chet Calkins, of O'Neill, was given the decision in the six-round semi-final over Pete Dietrich, of Atkinson. Dietrich had the best of the first three rounds, but was groggy in the last two.

EMMETT LOSES BUILDINGS IN SATURDAY NIGHT FIRE

Fire destroyed the Methodist church, and parsonage that stood close by also the large hay barn of the Emmett Hay Co., which was immediately across the road north of the parsonage, and the J. J. Shorthill barn located in the northwest part of Emmett, last Saturday night about two o'clock.

The wind was blowing a gale from the southeast and the buildings were soon consumed after the fire was discovered.

A call for help was sent to Atkinson and O'Neill and each town sent large delegations to assist in controlling the fire that for a time threatened to wipe out the entire village. The town has no water supply and must depend solely upon the bucket brigade which is entirely inadequate to cope with the fire under such conditions.

The fire was discovered, seemingly, under the Methodist church and spread so rapidly that the minister and family barely escaped from the parsonage with their lives; nothing was saved from the residence.

The Emmett Hay Co. hay barn contained about 600 tons of hay; but we understand that the Shorthill barn was empty.

The buildings and property destroyed were partially covered by insurance.

The fire is thought to have been of incendiary origin.

A NEW SWINDLE GAME.

The brains of the swindler is ever fertile, says an exchange. We are told of a slick game they are working down in Iowa. A prosperous looking gentleman calls at a farm house on pretext or other and claims to have lost the diamond setting out of his ring somewhere around the yard. He states that the stone is worth \$500 to him and offers that reward for its return. After leaving his address he takes his departure.

A few days later along comes a tramp and getting confidential he tells the man of the place that he has found a diamond down near the gate. In proof of his story he exhibits his stone.

To make a long story short he finally sells it to the owner of the premises for \$300 and the man congratulates himself on having made \$200 on the deal. He writes to the loser of the stone, but of course gets no reply. In return for his \$300 he has a worthless imitation on his hands. Can you beat it?—White Rock Journal.

RESEARCH CLUB.

The Research Club of the O'Neill Council of Catholic Women presented its second program to an appreciative audience, Sunday afternoon.

St. Patrick's choir sang the Regina Coeli after which Miss Julia Fitzsimons read a continuation of last month's theme on Church Music. Mrs. W. J. Biglin took up the study of Church History dwelling on Sacramentals. Mrs. P. J. O'Donnell and Mrs. R. E. Gallagher led the discussion on the election, power and duties of a bishop and continued from last month the discussion on the different kinds of Masses. Miss Anna Donohoe conducted the lesson in the Civics Catechism, and on the duty of the Government to its citizens and in turn the duty of the citizen to the Government. The program was concluded by community singing of America.

The date for the May program will be announced later.

TAX-PAYERS MEETING.

A number of the tax-payers of the county met at the court house in O'Neill last Tuesday afternoon. After several talks by different tax-payers the business meeting was opened. The articles of the constitution and by-laws were read and adopted.

LOCAL MATTERS.

A fire in a pile of rubbish on a manure spreader at the rear of the Jack Taggart residence in the west part of town caused the fire department to make a run about one o'clock last Sunday morning. No damage was done.

The McMillan & Markey bakery have finished their basement and have installed an inside stairway. The lower room will be used as a grill room.

Gerald Miles and family arrived here from Fremont last Saturday evening and will make their home here in the future. Gerald will be interested with his father in the publication of the Independent.

A young fellow by the name of Milligan figured in an auto accident east of Clearwater last Sunday night. Evidently the car was going at a high rate of speed when it left the grade and turned over in the ditch. One of our informants pictures a party of four who occupied the car while another speaks only in the singular. It seems that after the car turned over and it was discovered that no one was hurt, the occupants walked to Clearwater. In the meantime someone seeing the car in the ditch lighted a match to ascertain if anyone was under the car when the gasoline ignited and the car was burned. The car contained a Holt county number.

FORMER INMAN GIRL MARRIED IN CALIFORNIA

(Inman Leader)
Relatives in this vicinity have received news of the marriage of Miss Edna Gannon, eldest daughter of Mr. and Mrs. W. A. Gannon, living two and a half miles northwest of Inman, to Mr. C. E. Sparks, a salesman of Los Angeles, California, which took place April 8. Miss Gannon left Inman several years ago for Los Angeles where she has been employed as a teacher in the schools of that city for a number of years and where the happy couple expect to make their future home. The Los Angeles paper has the following account of the marriage:

"Miss Edna Gannon, a well known teacher in the public schools, chose her own pretty home, which she purchased and furnished several years ago, for her wedding ceremony when she became the bride Saturday evening of C. E. Sparks. A hundred or more friends were invited to the wedding feast, the ceremony being followed by a collation.

"The service was read by the Rev. G. G. Lehmer and the bride, who was attired in white, was attended by Mrs. Beryl Bronson, a schoolmate, who was also attired in white. The bride is the daughter of Mr. and Mrs. W. A. Gannon, of Inman, Nebraska, and immediately upon completing her college career in her native state, the young woman came to Los Angeles to teach. Her last post was at the California Street public school. She is one of the most popular teachers ever employed in the schools of the city, and has friends by the score who will unite in wishing her many long, happy years of married life.

"The young couple will make a motor tour of San Diego, Imperial and other points southward and will be at home at 1325 Lila Terrace upon their return."

FORMER STUART GIRL WEDS.

(Stuart Advocate)
The following item was in the World Herald under date of April 18th:

Miss Elizabeth McDermott, daughter of Mrs. Mary McDermott, was married this morning at 8:30 o'clock to Robert Crozier at St. John's Catholic church by Father Fitz-Dineen. A wedding breakfast followed at the home of the bride's mother.

The bride wore a brown Poiret twill three piece suit with hat to match trimmed with fur-get-me-nots and a corsage bouquet of Ward roses. Miss Clara McDermott, sister of the bride and William Byers were attendants.

Mr. Crozier and bride leave this evening for New York. They sail April 26th on the Cythie for a honeymoon overseas. They will land at Liverpool and go to Glasgow, Scotland to visit

Mr. Crozier's parents, Mr. and Mrs. James Crozier. Before returning home in July, they will visit Ireland and England, and go to France and Belgium.

ANNOUNCEMENT PARTY.

(Atkinson Graphic)
Twenty-two guests were invited to a Bluebird luncheon and kensington at the home of Miss Clarice Arganbright Sturday, April 15th. Miss Emma Prince, a school friend and week end visitor, was one of the number.

The most interesting feature of this very pleasant event was the announcement of the coming marriage of the hostess to Mr. Glen Ingram of Kearney, Nebraska, sometime in June.

The announcement was made in a parody of the rhyme "Four and twenty blackbirds baked in a pie" but these were blue birds arranged with heads sticking out of a big "pie" that formed the third course of the luncheon. The bluebird scheme was carried out in the decorations and place cards and on the tables daffodils and nests of Easter eggs were used as center pieces.

Both principals in the wedding announcement are well known in this community where Miss Arganbright has lived most of her life. Mr. Ingram's home was here for a number of years, the family moving to Hastings to secure educational advantages. The congratulations and best wishes of the company were manifested and sincere and will be re-echoed by a host of other friends.

SPRING VALLEY.

DeWit Page passed through this vicinity on his way to Creighton to join his wife. They are on their way to their western home after a vacation spent with his wife's folks in Pennsylvania.

Mrs. F. G. Summers was recently called to South Dakota, to attend the funeral of her sister, Eva, who died in the hospital at Chamberlain, where she had undergone a very serious operation.

Pay your taxes is all the cry now. It seems to me that there has been considerable money spent foolishly on the grade east of O'Neill, as well as on other roads in the county. Better do a little work well than do a lot of it and leave the roads practically impassible.

Mrs. Oscar Leisy, of Valentine, is visiting with Mrs. Stauffer. They used to live on the Blaine place near Middlebranch. She was on her way to the funeral of her sister, but on account of the train connections at Long Pine she was unable to reach her destination in time for the funeral, so remained here for a visit.

\$950,000 of Telephone Property Lost in a Night

The chilly afternoon of April 10th a light rain began to fall over a strip nearly a hundred miles wide, from southwestern Minnesota to southwestern Nebraska.

As evening came on the rain began to freeze as it fell on the telephone wires. Before midnight the wires in many places were coated with ice nearly an inch thick. Under the weight of the ice, and whipped by a rising wind, mile after mile of telephone poles and wires swayed back and forth, and then crashed to the ground.

A survey of this company's damage from the storm shows the following result:

- 26,944 miles of wire out of service
- 21,200 poles broken down or destroyed
- 71 exchanges in the storm area
- \$950,000 property loss

Nearly all of the long distance lines damaged by the storm have been restored by more than 1,200 telephone repairmen who have been on the job constantly since the storm. And in those cases where the local lines were damaged, the repair work is going forward as rapidly as it is possible to do so.

It is a man's size job to reset more than 20,000 poles, to re-attach the crossarms and wires to them, and to re-establish communication over telephone wires that if extended in a single line would reach more than around the world.

We take this opportunity to thank our customers for the splendid spirit of co-operation with which you have accepted the unavoidable interruption of telephone service, and we want to assure you that we have been doing everything possible to hurry the reopening of communication.
