

WORKING GIRLS LOOK HERE

Read What Mrs. Lucas Writes Concerning Her Troubles, Which May be Just Like Yours

St. Louis, Mo.—"I had troubles that all women are apt to have, with pains in my back, weak, tired, nervous feelings and a weak stomach. I had been this way about a year and was unable to work or stand on my feet for any length of time. My husband's aunt told me how much good Lydia E. Pinkham's Vegetable Compound had done her and begged me to try it, so I did. All my pains and weakness are gone, my stomach is all right and I do my work at home and also work for Swift's Packing Company. I recommend your Vegetable Compound to my friends and you may publish my letter as a testimonial."—Mrs. LULU LUCAS, 719A Vandeventer St., St. Louis, Mo.

Again and again one woman tells another of the merit of Lydia E. Pinkham's Vegetable Compound.

You who work must keep yourself strong and well. You can't work if you are suffering from such troubles. Mrs. Lucas couldn't. She tried our Vegetable Compound and her letter tells you what it did for her. Give Lydia E. Pinkham's Vegetable Compound a fair trial now.

MONEY BACK IF IT FAILS

To Honor Canadian Heroes.

Six thousand soldiers' graves, located in 1,200 cemeteries, scattered throughout Canada, are to be marked with suitable headstones by the Imperial war graves commission and will receive perpetual care. These are the graves of members of the Canadian expeditionary force and the royal air force who died in Canada on the way to or from the front. Included among the number to be cared for are the graves of a few alien enemies who died while under internment during the war, and which, under the terms of the peace treaty, must be looked after.

FREEDOM FROM LAXATIVES

Discovery by Scientists Has Replaced Them.

An inestimable amount of injury, according to an eminent medical authority, is done by the use of pills and salts, as most of these provide only temporary relief at the expense of permanent injury.

Science has found a newer, better way; a means as simple as Nature itself.

In perfect health, a natural lubricant keeps the food waste soft. Thus it is easily eliminated, but when constipation exists, this natural lubricant is not sufficient.

To find something to take the place of this natural lubricant, medical authorities have conducted exhaustive research. They have discovered that the gentle, lubricating action of Nujol most closely resembles that of Nature's own lubricant. As Nujol is not a laxative, it cannot gripe. It is not a medicine in any sense of the word, and, like pure water, it is harmless. Get a bottle from your druggist.—Advertisement.

No Wonder.
"Pa, why do they say in the market reports that wheat is nervous?"
"I guess, son, it is because it expects to be thrashed."—Boys' Life.

Some people learn by experience and others are too lazy to acquire the experience.

Help That Aching Back!

Is your back giving out? Are you tortured with backache and stabbing pains? Does any exertion leave you "all played out"? Feel you just can't "keep going"? Likely your kidneys are to blame. Overwork, strains, hurry and worry tend to weaken the kidneys. Backache is often the first warning. Headaches and dizziness may come, too, and annoying bladder irregularities. Help the kidneys with Doan's Kidney Pills—the remedy recommended by thousands. Ask your neighbor!

A South Dakota Case

C. W. Carlson, carpenter, Well-Run Press, after, S. D., says: "My kidneys were in a disordered condition and my back ached and pained me so I could hardly straighten up when I stooped. My kidneys were acting irregularly and the secretions were scanty. I used Doan's Kidney Pills and the backaches left and my kidneys were regulated."

EX-BALL PLAYER CUTS HIS WRISTS

A. L. Millsap, Former First Sacker for Waterloo, Tries To Kill Himself.

Waterloo, Ia., June 13 (Special).—After telephoning his wife, Mrs. Bertha Millsap, from whom he was separated, that he was preparing to end his life, A. L. Millsap, a former baseball player, went to the bath room in his home and cut the arteries in both his wrists with a razor. He is in a critical condition. Mrs. Millsap telephoned members of the family where her husband lived, but he had attempted to end his life before they reached his room.

Millsap played first base with Waterloo in the Central association and also played several seasons with Three Eye league clubs.

DID WARD PLAN TO KILL PETERS?

Grand Jury to Get Evidence He Deliberately Lured Victim to Lonely Road to Commit Murder.

Universal Service.
White Plains, N. Y., June 13.—A mass of evidence designed to prove that Walter S. Ward actually planned the slaying of Clarence Peters on the lonely Kenisco road and deliberately lured his victim there with homicidal intent will be introduced before the grand jury Tuesday.

That an indictment charging Ward with murder in the first degree will be returned at the completion of the inquiry now in progress seems certain.

The fact that Ward and his attorneys lodged a black mail complaint against two individuals and then declined to aid the authorities in running them down will also be brought to the attention of the grand jury.

Ward Resents Officials' Tactics.
District Attorney Weeks and Sheriff Werner has made repeated efforts to secure an elaboration of the black-mail story Ward told to justify the killing of Peters.

Ward and his attorneys seemed to resent these tactics and have flatly refused to give Weeks the details of the blackmail or to furnish leads that might lead to the apprehension of the alleged accomplices of Peters.

The most important witnesses to appear before the grand jury Tuesday will be Ralph Ward, brother of the confessed slayer and Elwood Heffner, whose testimony is expected to be of a startling nature.

When Heffner was arrested by the New Rochelle police he had in his possession a letter written by Ward on the day of the murder in which Ward stated he was no longer interested in a certain calibre of information he had been receiving.

Indicate Ward Plunger.
Opening up a vista of turf intrigue which may uncover the real motive for the slaying of Peters, was the claim made Monday night by Heffner that he had given Ward a hot tip on "Ashum" running on a southern track March 27—that the horse won at odds of 8 to 5 and that Ward was hounded by touts for pay in return for the "information."

The men alleged to have visited Ward in his office are Heffner, Harold B. Byrnes, said to have been barred from eastern tracks, and Alfred E. Blute, an ex-trainer. Ward made his bargain with Byrnes and Heffner. Ward, if he bet \$1,000 as claimed on "Ashum," won \$1,600.

Blute said he never received any funds from Ward nor had he ever received a cent from this transaction.

These statements if true, indicate that Ward, self-confessed slayer of Peters, was a plunger.

ANOTHER STORM IN YORK STATE

Gale Does Big Damage Up State After New York City Tornado In Which Over 60 Deaths Reported.

New York, June 13.—Following the terrific storm in New York city Sunday night, the death toll of which now exceeds 60, reports were received here Monday afternoon of a new storm sweeping upper New York state.

Telegraph lines were out by the gale between Syracuse and Troy.

The area of the new gale extended eastward from the vicinity of Schenectady to the New England states.

Wire connection between New York and Montreal was interrupted by the storm.

A violent wind storm swept through Lansingburg Monday afternoon paralyzing telegraph and telephone lines, according to a dispatch from Albany.

Trees were uprooted by the hurricane across a 50-mile swath cut by the storm.

AD MEN OF WORLD MEET IN MILWAUKEE

Milwaukee, June 13 (U. P.).—The Associated Advertising Clubs of the World met here Monday. Six thousand advertising experts from all parts of the United States and Canada attended.

Charles H. Mackintosh of Chicago, president, traced the growth of the association and of the influence its members have on the business life of the world.

MARE ISLAND WRECK, PLOT OF NEWBERRY

—KING.

Slashes In Appropriation Bill, If Effected, Would Wreck Ship Building Plant In California, Is Charge.

BY JAMES R. NOURSE
Universal Service Correspondent.

Washington, June 13.—It is a far cry from politics in Michigan to maintenance of the navy's ship building plant at Mare Island, Cal., but that is the very thing which has caused the Senate naval affairs committee to report to the Senate slashes in the appropriation bill, which, if effected, would wreck the Mare Island establishment.

The appropriation bill as passed by the House carried total authorizations for Mare Island of \$2,800,000, of which amount \$750,000 was to be available July 1 this year. The Senate committee cut this to \$250,000, which will not be sufficient to keep the Mare Island plant from becoming useless.

Senator King of Utah, in a statement issued Monday, characterized the committee's action as a "conspiracy to wreck Mare Island," and accused Senator Newberry, of Michigan, of being the chief conspirator.

Here Is Story.

Here is the story as outlined by Senator King and others:

Newberry has won his seat in the Senate after a bitter contest in which he confessed expenditures in his primary election exceeding \$190,000. He is a close friend of Senator Townsend, his colleague, who defended him in this contest and who comes up for re-election this fall. Townsend is opposed by Rep. Pat Kelley, of Michigan, acting chairman of the House naval affairs committee and who put the naval bill through the House carrying the \$2,800,000 authorization for Mare Island.

Now, Senator King asserts, and Kelley's friends claim, Newberry has forced the Senate committee to slash the Mare Island appropriation for the purpose of taking a black-handed smash at Kelley and destroying whatever credit Kelley might gain from putting the bill through the House.

Kelley went into conference with Representative Curry, of California, and chairman Madden, of the House appropriations committee. He obtained from Madden an absolute promise that the House will not support the cut in the Mare Island appropriation. Madden declared that the Senate will have to accept the bill as the House passed it or there will be no appropriation measure for support of the navy passed at this session.

Only Sided Issue.
The fact that the \$500,000 cut from the Mare Island appropriation was transferred to the Bremerton, Wash., yard and that Senator Poindexter, acting chairman of the committee, is from that state, is only a side issue in the controversy. Poindexter does not attempt to claim responsibility for having the appropriation transferred from the California yard to the one in Washington.

Why Newberry in his eagerness to put a crimp in Pat Kelley, as charged, should have gone out of his way to offend the California senators, Johnson and Shortridge, is hard to understand. Shortridge voted for Newberry and Johnson did not vote against him because he was not here.

DR. KAPP IS DEAD, SAYS BERLIN REPORT

Chancellor of Revolutionary German Government and "Putsch" Organizer.

Universal Service.
London, June 13.—A Berlin dispatch to the Central News announces the death of Dr. Wolfgang Kapp, who for a short time in 1920 was chancellor of the revolutionary German government and who was the organizer of the famous "Putsch" which resulted disastrously.

It was recently understood that Dr. Kapp was on his way to Germany, having offered to return and stand trial for his part in the revolutionary movement.

Dr. Wolfgang Von Kapp, who was president of the Fatherland party in 1920, and for a short time chancellor, was an ardent advocate of "ruthless warfare" and during the war was constantly urging the construction of more U-boats, to the existence of which craft he accredited the failure of Japan to send a great army to Europe to help the allies.

During the war he became involved in a dispute with Chancellor Von Bethman Hollweg over the conduct of the war and the feud raged until there was talk of a duel.

Dr. Von Kapp was born in New York on June 24, 1858.

SHE DIDN'T DO IT.

Chicago, June 13.—Harriet Jones, who disappeared from her home Sunday, leaving a note that she would commit suicide, returned home Monday night. She was removed to a hospital. In a letter sent by the girl before she disappeared she said life was unbearable without "her" Howell Barnes, a married man and insurance broker.

AN OBSTINATE MAN DOES NOT HOLD OPINIONS, BUT THEY HOLD HIM.—POPE.

CONGRESS, CUT POWER OF COURTS

—A. F. OF L.

Fight to Reduce Authority of Supreme Tribunal to Be Started at Once By Federation Now In Convention.

BY EARL L. SHAUB,
Universal Service Correspondent.

Cincinnati, June 13.—A fight to cut the authority of the supreme court will be started at once by the American Federation of Labor which opened its annual convention here Monday.

Delegates are embittered against the judiciary because of the recent decision of the supreme court in the Coronado case which holds unions responsible for damage to property during strikes.

Their drive against the high tribunal will be attempted through congress.

This convention will ask congress to exercise its authority and draw a line over which the judiciary cannot step.

Draft Plans In Secret.
The executive council of the federation is in secret session Monday night drafting recommendations along these lines. They will be submitted to the convention in a day or so, in the form of a supplementary report of the council.

This course will be in line with labor's program to elect enough congressmen next fall to pass laws favorable to workers.

The convention will also lay plans for dealing with minor courts.

In all probability unions will be instructed not to obey injunctions which imperil their cause in times of controversies with employers. Union leaders hold that an injunction is not a law but one man's opinion and does not necessarily have to be obeyed.

Organized labor feels it is in a death struggle with capital with its back to the wall and therefore has decided on this action to take away court authority which workers say employers are using as a club.

Would Have Judges Elected.
Some delegates are advocating a constitutional amendment under which judges will be elected instead of appointed. Others want laws providing for the recall of judges.

The most rousing scenes that will occur in this convention will come when the guns are turned on the courts.

The opening of the convention was purely formal. The usual welcoming addresses were made. When Mayor George Carrel said "the city is yours," Samuel Gompers, president of the federation, remarked:

"They know not what they do." He added, however, that Cincinnati would be glad to invite them back.

Gompers, in his opening address, broadcast an invitation to employers all over the country "to meet us around the table so we can settle our disputes."

Usual Defy to Capital.
His speech was the usual defy to capital.

"We do not fool ourselves into any fancied security as to the obstacles which have been and are being thrown across our pathway of progress," he said. "On the contrary, we understand the designs and purposes of those who would weaken our spirit and crush the hopes of American labor just as keenly as they do and we are just as ready as the antagonists of the rightful course and cause of the labor movement."

"We shall go forward more determined than ever that there shall not be imposed upon our brow, upon our backs, the type of the man with the hoe, but that as free men and women we are created with certain inalienable rights, the right of life and liberty and the pursuit of happiness."

La Follette on Child Labor.
Senator La Follette, of Wisconsin, will speak on child labor before the convention on Wednesday.

The entire day has been set aside for a discussion of that question.

A recent decision of the supreme court holding the child labor law unconstitutional is another of the cases that aroused the ire of labor.

The convention probably will decide Wednesday what steps they will take to stop the employment of labor in the face of the decision. Delegates probably will lay a campaign for an amendment to the constitution or for separate laws in each state.

A bitter conventional fight is expected if a resolution is introduced favoring the recognition of soviet Russia.

Battle if Foster Makes Move.
Another battle will develop if William Z. Foster, head of the "outlaw" switchmen, attempts to force through his plan for one big union in each industry. Foster contends that if there was only one union in the building trades, for example, it would be easier to meet employers who would rather confer with one committee than a dozen.

It is probable that an attempt will be made to link the American federation with international trades unions, to which European unions belong. It will be bitterly opposed.

"LENIN IS NOT DEAD."
Berlin, June 13.—"Lenin is not dead. That much can be said with certainty. Our information is that he is resting quietly in the Kremlin and that the prospects are not unfavorable for his complete recovery within two months."

This statement was made to Universal Service Monday in German official quarters which are certainly in a position to know.

German sailing ships interned at Pacific coast and South American ports during the war are now being used as lumber carriers.

U. S. TO BE DRUG DRY WITHIN MONTH, REPORT

Universal Service.
Washington, June 13.—The United States will be "drug dry" within 30 days, treasury officials announced Monday.

This will result from a nationwide survey to be completed by July 1 to determine the absolute minimum legitimate needs of this country for habit-forming narcotics and the adoption of regulations to restrict the quantity to this figure in pounds and ounces.

Instead of tons of crude opium and coca leaves pouring into the United States to find their way into the hands of drug peddlers, there will be just enough for physicians to use in the legitimate practice of medicine. This is made possible under the broad terms of the Jones-Miller anti-narcotic law.

Blank forms were sent Monday to every dealer in drugs and to medical associations. These are to be returned to the treasury by July 1 with complete statistical matter covering quantities and usages of narcotics. From them experts will be able to determine the absolute drug requirements and draft regulations making it impossible to go beyond this limit.

By July 15, it is said, permanent regulations will be ordered in force.

LODGE TO CALL BONUS MEETING

Call to Him to Hurry Back to Capital to Try to Bring Struggling Factions Together Tomorrow.

Universal Service.
Washington, June 13.—Conflicting views among Senate republicans as to the best method of proceeding with the soldier bonus will result Monday in the sending out of a hurry call to Senator Lodge, majority leader, to come back to Washington to bring the struggling elements together. It was announced that Senator Lodge will be here on Wednesday and will at once issue a call for a conference of all the republican members to discuss the bonus legislation.

The chief point of difference among the republicans is whether the tariff bill should be set aside in favor of the bonus bill, or whether it is more advisable to go ahead with the tariff and dispose of it before giving any attention to the bonus measure.

Will Block Bonus?
One faction insists that if the tariff bill is once set aside opponents of the bonus bill will block the latter measure with five or six weeks of debate with the result that neither the tariff nor the bonus can be passed until after the primary elections are all over. The other faction believes that the bonus bill can be passed with brief debate and plenty of time will be left in which to return to the tariff and pass it too.

Chairman McCumber, of the finance committee, who by virtue of that position is nominally in charge of the bonus bill, is one of those who want the tariff laid aside for the bonus measure. He is optimistic as to the length of time which will be required to bring the bonus bill to a vote.

Lodge Urges Tariff Action.
But there are other leaders who just as strongly oppose displacing the tariff, and Senator Lodge is one of them. Senators Curtis and Smoot are in the same group, and so is Senator McCormick, who bears the responsibility of being chairman of the republican senatorial committee and is therefore interested in developing the right kind of issues for the campaign.

It was hinted Monday that management of the bonus bill may be taken entirely out of Senator McCumber's hands unless the conference should decide that the tariff should give way to the bonus bill. If the conference decides otherwise, it is likely that the bonus measure will be turned over to Senator Curtis or to Senator Watson, of Indiana, thereby permitting McCumber to go on with the tariff until he finds out what he can do with it. McCumber has had a hard job on his hands with the tariff alone, and many of the other republicans think he ought to be relieved of the bonus bill until the Senate decides whether it intends to pass the tariff or not.

CHICAGO WON'T BAR ARBUCKLE'S FILMS

Universal Service.
Chicago, June 13.—Roscoe Arbuckle's films will not be barred from Chicago screens by the city council.

The council judiciary committee Monday tabled an ordinance introduced several weeks ago, while the fat comedian was on trial in San Francisco for the death of Virginia Rapp, which forbade his pictures being shown here. Arbuckle was acquitted.

Alderman Madderon, who moved to table the ordinance, said: "I am for personal liberty and freedom. I believe Arbuckle was a victim of circumstances and unlucky, that's all."

OVERCOAT WITH \$38,000 AND \$200 GEM STOLEN

Long Beach, Cal., June 13 (U. P.).—Theft of an overcoat containing \$38,000 negotiable securities and a \$200 diamond pin, reported by George L. Fish inventor, was Monday under investigation by police.

In a wrestling scene of "As You Like It" a Kansas City high school boy fell and bumped his head, causing temporary loss of memory.

FORMER S. C. BALL PLAYER FOUND SLAIN

Killing of Ex-Cincinnati and Western League Pitcher In Des Moines Still Unsolved—Body Is Bullet Riddled.

Des Moines, Ia., June 13.—The murder of George "Chief" Johnson, former Cincinnati National Western League pitcher, who was shot and killed at 3 o'clock Sunday morning in a house at 807 Southeast Tenth street, was still unsolved Monday night, but police said that a solution would be reached within a few hours.

Five witnesses, taken into custody near the scene of the killing, were killed Monday afternoon by detectives, who announced that arrests would follow shortly.

Among the witnesses were Edward Gillespie, owner of the residence, in the rear of which Johnson's body was found, and "Oklahoma" Lewis, once held as a suspect in the Barbara Thornsdale murder case near Valley Junction.

Mary Gillespie, wife of Edward Gillespie, was released Monday night after making a statement of her knowledge of the affairs surrounding the shooting.

Witnesses said they heard two shots fired near their homes early Monday morning. And Haradon, a neighbor of Gillespie, told detectives that it was he who called the police.

Johnson was formerly a major league baseball player, later was a pitcher on the Sioux City, St. Joseph and Lincoln teams of the Western league. He also pitched for Kansas City in the Federal league.

He was conducting a medicine show at a Des Moines drug store. He was 40 years old and had retired from baseball some time since.

MERCHANT FOILS 3 BANK BANDITS

Desperados Return Fire After Blowing Rodney Safe, Get No Money, Escape—Posse In Pursuit.

Rodney, Ia., June 13 (Tuesday).—A posse of citizens, heavily armed, is scouring the surrounding highways, near here in hopes of overtaking the trio of unmasked yeggs, who shortly after 1 o'clock this morning blew the safe in the State Bank of Rodney, failed to obtain booty, engaged in a gun battle with a proprietor of a general store, and escaped in a high powered touring car.

The blasts of the two charges of dynamite used by the yeggs awakened Charles Henkin, proprietor of a store across the street from the bank, who seized a shotgun and opened fire on the trio as they were engaged in attempting to force the safety deposit boxes.

Shot from the weapon shattered the glass in front of the bank and caused the yeggs to scurry to a place of safety. For several seconds the gun battle raged, Henkin firing wildly and the yeggs returning fire every few seconds. It is believed that one of the bandits was injured, however, their escape from town was so speedy that it could not be ascertained.

Entrance to the bank was gained by raising a rear window, according to W. M. McDonald, cashier of the bank.

Sioux City police were notified and asked to be on the lookout for a trio of men traveling in a large enclosed touring car. According to the message received from Rodney, the bandits fled southwest and are believed to be attempting to strike the K. T. trail at Whiting, Ia.

Capt. John Shannon and Driver William B. Rogers, armed with riot guns, sped away to the road leading from Whiting, but had not stopped any machines which bore a trio of men.

WALLACE SAYS PARTY SOLID FOR BROOKHART

Ames, Ia., June 13 (Special).—Secretary of Agriculture Wallace here Monday to speak at the Iowa State college commencement exercises, verified statements by C. A. Rawson, state republican committeeman, from Washington, to the effect that the administration and the state republican organization would be solidly behind Smith W. Brookhart in his campaign against Clyde Herring for the United States Senate seat left vacant by Federal Judge Kenyon.

Wallace, reputed to be the principal sponsor of the Thorne candidacy, said that there was no question as to the course the republicans would take, and that the national committee would doubtless send speakers to Iowa were it deemed necessary.

The anthracite operators propose that a commission be named to adjust the wages of miners, but refuse to open their books to the commission. No fair wage can be set without a knowledge of the operators' profits, which they apparently do not dare to bring out in the light.

Mosquitoes flying in such thick swarms that they were mistaken for smoke caused two fire alarms in Chicago. Both swarms were over churches.

For 25 years no bread has been baked in Norway on Sunday.
