

WAS A BROKEN-DOWN WOMAN

Then I Began Taking Lydia E. Pinkham's Medicines

Donaldsonville, La.—"I write with pleasure to praise your medicine—Lydia E. Pinkham's Vegetable Compound—which has done so much to restore my health. I was a broken-down woman until my husband brought me a bottle of your Vegetable Compound and one of Lydia E. Pinkham's Blood Medicine. I had been having pains every month and at intervals between, was weak and seemed to be smothering at times, but in a week I felt like another woman. I also used Lydia E. Pinkham's Sanative Wash. It did me a lot of good too. I cannot praise your medicines too much and will be more than glad to recommend them to any woman who is suffering from female troubles. You may print my testimonial, as it is true."—Mrs. T. A. LANDRY, 612 Miss. St., Donaldsonville, La.

Note Mrs. Landry's words—"as it is true." Every letter recommending Lydia E. Pinkham's Vegetable Compound is genuine. It is a statement telling the merits of these medicines just as the women in your own neighborhood tell each other about them. For fifty years Lydia E. Pinkham's Vegetable Compound has sold on merit.

SLOW DEATH

Aches, pains, nervousness, difficulty in urinating, often mean serious disorders. The world's standard remedy for kidney, liver, bladder and uric acid troubles—

GOLD MEDAL HARLEM OIL CAPSULES

bring quick relief and often ward off deadly diseases. Known as the national remedy of Holland for more than 200 years. All druggists, in three sizes. Look for the name Gold Medal on every box and accept no imitation

Skin Tortured Babies Sleep Mothers Rest After Cuticura

Soap 25c, Ointment 25 and 50c, Talcum 25c.

Nurses Needed Everywhere
American Hospital School of Nursing gives a complete course in nursing. Accredited School. Full maintenance and ample allowance to cover expenses. The hospital is ideally located on the North side of the city, close to Lake Michigan within a few minutes' walk of Lincoln Park. For information, address Superintendent of Nurses, American Hospital, Chicago, Ill., Irving Park Boulevard near Sheridan Road.

Your Hair

need not be thin or streaked with gray. Use **HAIR COLOR RESTORER** will quickly revive it and bring back all its original color and luxuriance. At all chemists, druggists, or direct from HESSIG-ELLIS, Chicago, MEMPHIS, TENN.

FREEDOM FROM LAXATIVES

Discovery by Scientists Has Replaced Them.

An inestimable amount of injury, according to an eminent medical authority, is done by the use of pills and salts, as most of these provide only temporary relief at the expense of permanent injury.

Science has found a never, better way; a means as simple as Nature itself.

In perfect health, a natural lubricant keeps the food waste soft. Thus it is easily eliminated, but when constipation exists, this natural lubricant is not sufficient.

To find something to take the place of this natural lubricant, medical authorities have conducted exhaustive research. They have discovered that the gentle, lubricating action of Nujol most closely resembles that of Nature's own lubricant. As Nujol is not a laxative, it cannot gripe. It is not a medicine in any sense of the word, and, like pure water, it is harmless. Get a bottle from your druggist.—Advertisement.

BIG STORMS IN ALL PARTS OF COUNTRY

Wire Communication Crippled—Rain Saves Mid-West Corn—Rivers Out of Banks—Lightning Causes Fires.

Chicago, July 11.—Telegraph and telephone communication throughout the country was crippled Monday by the high winds and electrical storms.

Heavy rains fell saving the corn and potato crops. Rain was general throughout Illinois, Wisconsin, Missouri, Iowa, Nebraska, northern Kansas, Indiana and southern Michigan.

In Maryville, Mo., 10.82 inches of rain fell and flood warnings were sent out from Kansas City to all points along the Grand river.

One Hundred and Two. The Nodaway, the One Hundred and Two and the Platte rivers also are reported out of their banks. Train service into Maryville was suspended.

In Janesville, Wis., three tobacco barns reported destroyed by lightning and heavy damage was done to the standing crops and fruit trees.

The storm came on the hottest day of the summer, the temperature in many points reaching 96 degrees.

WIFE DIES, MAN ENDS OWN LIFE

Smithland, Ia., Farmer Hangs Self After Hearing That His Estranged Mate Had Passed On.

Smithland, Ia., July 1 (Special).—Eight hours after his divorced wife, Mrs. Ida Button, 72 years old, was found dead in the garden in the rear of her home here shortly after 9 o'clock Monday morning, Oscar Button, 73 years old, committed suicide at the home of his daughter, Mrs. Aine Cox, four miles southwest of here, by hanging himself to a rafter in the barn loft.

Dormant love for the sweetheart of by-gone days which surged through his breast upon hearing of her sudden death is believed by relatives and friends to have prompted the aged farmer to end his life. Occasionally Button would come to Smithland with his daughter and pay a visit to his daughters who reside here.

Nearly 10 years ago the couple separated, Mrs. Button remaining in the home here, and Mr. Button moving to the Cox farm, making his home with his daughter. Vain attempts to effect a reconciliation between Mrs. Button and her husband were repeatedly made by members of the family. Mrs. Button remained steadfast in her decision to live alone.

Wife Found in Garden.
Year by year Button became more reticent about his former wife. He sought seclusion and practically remained on the Cox farm. Frequently he would remark about the situation, according to members of the family, and intimated that death would end it all.

Mrs. Button, according to Miss Floy Button, a daughter with whom the aged woman was living, arose early Monday morning. Apparently she had gone to the garden, as a hoe was found lying close to the body which was found by the daughter lying face downward. A sudden stroke of apoplexy is believed to have caused Mrs. Button's death.

Relatives and friends were summoned. Mr. and Mrs. Cox, without informing Button, drove to Smithland to make arrangements for the burial of Mrs. Button. Returning home shortly after 5 o'clock Monday night, Mr. and Mrs. Cox missed Button, who usually was sitting on the porch of the home.

Husband Hangs Self.
A search was instituted. Dangling from the end of a rope, securely fastened to a rafter and tied tightly about the throat, was the body of Button. Death was due to strangulation. Button's body was taken to Mrs. Button's home.

Side by side, in the cottage, where 10 years before they had made their home, lay the bodies of the aged couple. A double funeral probably will be held. The aged couple will be buried side by side.

The aged man was not aware of Mrs. Button's death until a half hour before he ended his life. Apparently in good health the aged farmer went across the road to the home of Newton Moose for a short visit. There he was informed of Mrs. Button's death. According to Moose, the aged man fattered in his steps as he turned and walked away toward the Cox farm home. It is believed he immediately committed suicide.

Five daughters survive the aged couple. They are: Mrs. D. Goodrich, of Holstein, Ia.; Mrs. Cox; Mrs. S. C. Morgan; Mrs. Charles Cox and Miss Floy Button, all of Smithland.

ELSIE WESTERN MURDERED, FEAR
New York, July.—Elsie Western, a vaudeville actress, has been missing for a month, it was revealed Monday by her husband, Richmond F. Hutches, an actor.

NEW COMMISSIONER OF LONDON POLICE

Brig. Gen. H. T. F. Horwood has been appointed commissioner of police of London. He has an enviable reputation as a soldier.

Chicago, July 11.—The railroad strike Monday night had apparently resolved into a test of endurance between the roads and the men. Law and order was maintained by the local authorities throughout the country, reinforced by squads of United States marshals and a few companies of militia.

The ultimatum of the roads that shopmen who failed to report for work Monday would lose their seniority rights brought a rush of employees back to the plants, reports indicated. But the shops in most localities were able to make a show of operation.

Holcomb Parks, secretary of the railroad executives' association, said no reports on the number of men who returned to work had been received in his office.

"We have heard unofficially that a considerable number of men came back and hope to have definite figures Tuesday," he said.

C. & N. W. Takes off Trains.
That rail traffic was being slowed up was not denied. The Missouri Pacific, annulled 60 passenger and freight trains, the Wabash and Northwestern discontinued a score and other roads were preparing to drop trains to conserve rolling stock and motive power.

Danger that the "Big Four"—the engineers, conductors, firemen and trainmen, may be drawn into the shopmen's strike was not minimized. The chief complaint was that members of the Big Four brotherhoods were being required to perform work that belongs to shopmen.

The United States railroad labor board after receiving these complaints passed a resolution Monday reiterating its previous declarations that no railroad employe was required to perform work outside of his usual duties unless he was willing to volunteer his service.

"It is the judgment of the board that a carrier has no right to require an employe of any class to perform work outside the scope of the existing agreement or decision of the board covering the rules and working of the class to which such employe belongs, unless the employe performs such work voluntarily," the statement said.

More Trouble in Clinton, Ill.
Trainmen in Clinton, Ill., where three companies of militia have been on duty since a boy was killed in rioting Saturday, demanded that the troops be withdrawn. The men threatened to refuse to move trains and would make formal protest to their executive council. There was no indication that the demand would be met.

Injunctions restraining strikers were extended Monday to several federal districts in Illinois, Missouri, Nebraska and Kansas. The Burlington, Wabash and Northwestern were the chief beneficiaries.

Five companies of state militia were sent to Bloomington, Ill., after E. E. Jones, mayor, formally advised Acting Governor Sterling that he was unable to control the situation.

Tragedies Are Feared.
"Destruction of life and property is imminent and will occur unless protection is afforded at once by state troops," the mayor told the governor. Several hundred strikers who had been clamoring about the Chicago & Alton shops dispersed with the arrival of troops. The shops were opened with a limited force.

A thousand United States deputy marshals were being recruited in Chicago. Others were being appointed in Kansas City, St. Louis and in practically every city in the country.

Three companies of militia guarded the Missouri, Kansas & Texas Pacific shops in Persimmon, Kan., when they were opened Monday.

Governor Taylor, of Tennessee, was asked to send troops to Memphis. The St. Louis & San Francisco railroad officials claimed local authorities had arrested four of their special agents and had failed to provide protection at the shops.

JOHN D'S GRANDSON SHOOT'S SELF IN KNEE

New York, July 11.—Nelson Rockefeller, 14, grandson of John D. Rockefeller, was in the Presbyterian hospital Monday night suffering from an accidental wound in his knee caused when he shot himself with an air rifle. His father is John D. Rockefeller, jr.

Hospital authorities said the injury was slight and that the lad would be able to return home Tuesday.

As soon as the oil king learned his grandson had been shot he hurriedly left his home in Tarrytown and rushed to New York. After spending half an hour with the lad he emerged from the hospital smiling broadly.

This was the first confirmation of the report that the boy had been taken there. The smile was also the first indication that the wound was not serious.

Hurt Her Feelings.
From the Chicago Tribune.
A woman who does not play cards was invited to a card party. She moved from bridge table to bridge table, chatting pleasantly with the players.

At last she came to one group where two partners had just completed a game and series.

"Hutches" cried one of the partners, triumphantly.
And the visitor left them in a huff.

FEAR BIG 4 TO WALK OUT IS GROWING

Militia at Illinois and Kansas Shops Where Trouble Looms—Call for Soldiers On Tennessee—More Service Cut.

Tablets or Liquid

Dye's Peculiar Property.
It seems probable that the discovery of a new dye by a British concern will have an important influence on the dyeing industry, for this dye has the peculiar property of coloring artificial-silk fabric without affecting cotton. Should a mixed fabric of cotton and silk be dipped in this dye, the silk will take the color. The cotton in the fabric may then be colored by washing in a dye that affects only cotton. This combined dyeing makes it possible to produce a parti-colored effect in mixed fabrics after they are woven.—Popular Mechanics Magazine.

Important to Mothers
Examine carefully every bottle of CASTORIA, that famous old remedy for infants and children, and see that it bears the Signature of *Dr. J. C. Fletcher* In Use for Over 30 Years.

Really Not Her Fault.
A ducky and his sweetheart, followed by three pickaninies, applied to the clerk of a southern courthouse for a license to wed.

The clerk eyed the assemblage doubtfully. "Whose children are these?" he asked.

"Dey our'n," was the ready response from the man.

The clerk was scandalized, being new at his post. "You ought to be ashamed of yourself waiting to get married till you have a family half grown."

"Jedge, you'll have to excuse dat," interrupted the "bride," sweetly. "De roads out our way is so bad!"

Cuticura Comforts Baby's Skin
When red, rough and itching, by hot baths of Cuticura Soap and touches of Cuticura Ointment. Also make use now and then of that exquisitely scented dusting powder, Cuticura Talcum, one of the indispensable Cuticura Toilet Trio.—Advertisement.

Story of the World War.
We are a united nation now. Here is a story told Memorial day: "Are the Yanks coming?" asked a little girl in France.

"Yes, child," replied the colonel, "the Yanks are coming."

It was a Tennessee regiment.—Louisville Courier-Journal.

Back to the Fold.
For ye were as sheep going astray; but are now returned unto the Shepherd and Bishop of your souls.—I Peter, 2:25.

USE TRACTOR ON TRIP TO CANADA

Party of Settlers From United States on Way to the Land of Big Crops.

Settlers on their way to and through Canada do not always rely on the railroads for transportation. Here, for instance, is a photograph of a

party from one of the northern states on the way to their new home near Lake Winnipegosis, Manitoba. They were a sturdy, self-reliant lot and carried with them a full complement of farm machinery. With the tractor outfit they intended to commence rather extensive operations this spring on the land which their scouts had already inspected and reported on favorably as to its productiveness.

At almost every point on the Canadian border where there are located means for admitting settlers, the reports are that it is almost a daily occurrence to admit settlers from states as far off as Texas who have adopted the automobile as a means to

Quite Proper.
"I often hear the small farmers talking about their truck patches," said the city greenhorn. "Wonder why they call them patches."
"It's because they're sowed on, of course," returned the smart country rube.—Boston Transcript.

Part of a Collection.
"Just a moment," interrupted the defendant's lawyer. "You say you despise this man you are suing for \$50,000, yet you bring his alleged love letters into court carefully tied up with a pink ribbon."
"There is no sentiment in that," replied the fair plaintiff, haughtily. "I merely used a pink ribbon to distinguish his from the others."

carry themselves and their families to the country of their choice. Such settlers are bound to succeed. Some of them go two or three hundred miles inland, and select their homes in the park districts of Manitoba, Saskatchewan and Alberta. Others purchase improved and unimproved farms in the more thickly settled districts in the southerly and central parts of these provinces. Wherever they may go, they are certain to secure land of certain possibilities. They will see grain crops of high value, wheat that will produce from 20 to 40 bushels per acre, oats giving high yields, barley a certain producer, and grass and fodder in quantity and quality that

will satisfy them that the cattle and stock raising possibilities are fully as good as they have been told.

The reports from all parts of Western Canada at the present time fully bear out the most optimistic expectations and hopes of the early days of seeding. Evidence of the splendid growth of this year is the fact that alfalfa was cut on the 15th of June and yielded nearly two tons to the acre.

Corn planted on the 23rd of May, on the 5th of June was showing several inches about the ground, and making glad the heart of the farmer who had built his silo, which he hoped to fill in the latter days of August.—Advertisement.
